WASATCH FRONT REGIONAL COUNCIL

WASATCH FRONT REGIONAL COUNCIL

August 25, 2022

AGENDA

A meeting of the WFRC Council will be held on **Thursday, August 25, 2022 at 2:00pm** at **WFRC, 41 N Rio Grande Street, Salt Lake City, UT** and via Zoom.

<https://us02web.zoom.us/j/81789449530?pwd=T1VCN2lyWjdjZEd2VTR0ejNvekRzUT09>

Meeting ID: 817 8944 9530 Passcode: 030187

One tap mobile [+16694449171](tel:+16694449171),,81789449530#

The agenda, with approximate times, will be as follows:

1. Consent Agenda (2:00)

- ACTION:** [Minutes](#) of the WFRC meeting held May 26, 2022 and [Financial Statements](#) for April, May & June 2022 and current Budget/Expenditure Report

2. Chair Report (2:05)

- [WFRC FY22 Activities and Accomplishments Report](#)

3. Public Comment (2:25)

4. Transportation Committee (Trans Com) (2:30)

- [Report](#) on Board modifications to the 2022-2027 Transportation Improvement Program (TIP)
- ACTION:** Board modifications to the 2022-2027 TIP
- ACTION:** Approve 2023-2028 TIP
- ACTION:** Self-Certification of Planning Process

5. Regional Growth Committee (RGC) (2:50)

- [Wasatch Choice Vision & 2023-2050 Regional Transportation Plan update](#)

6. Reports (3:10)

- [WFRC Funding Opportunities for Local Governments](#)
- Wasatch Front Economic Development District (WFEDD) update
- Active Transportation Committee (ATC) update
- Executive Director's report

7. Other Business & Adjournment (3:30)

Next meeting: October 27, 2022

Upcoming events:

- Joint Policy Advisory Committee Meeting, Sept 1, 11:30am
- DATE/TIME CHANGE:** Wasatch Front Economic Development District Meeting, Sept 15, 1:15pm
- ULCT Annual Conference - October 5-7
- WFRC Active Transportation Meeting, Oct 12, 9:45am
- UDOT Annual Conference - October 25-27
- AMPO Annual Conference - October 25-28
- UAC Annual Conference - November 14-18

Informational materials can be located on WFRC's website at www.wfrc.org.

Wasatch Front Regional Council is an Equal Opportunity program. Public participation is solicited without regard to age, sex, disability, race, color or national origin. Auxiliary aids or translation services are available upon request by contacting WFRC's Title VI Administrator. Call 801-363-4250 (hearing impaired individuals may use Relay Utah by dialing 711) or email apearson@wfrc.org at least 72 hours in advance.

Wasatch Front Regional Council is holding public meetings in-person in its office, with a virtual option. Interested attendees are encouraged to visit www.wfrc.org/committees for more information.

Wasatch Front Regional Council es una organización de Oportunidad Igual. Se solicita la participación del público, sin importar la edad, el sexo, la discapacidad, la raza, color o nacionalidad. Personas que requieren servicios de traducción deben contactar al Administrador de Título VI de WFRC por teléfono a 801-363-4250 (personas con discapacidad auditiva pueden llamar a Spanish Relay Utah - 1-888-346-3162) o por correo electrónico apearson@wfrc.org, por lo menos 72 horas antes de la reunión.

Wasatch Front Regional Council está teniendo las reuniones públicas en persona en la oficina, con la opción de atender virtualmente. Personas interesadas en atender, pueden visitar www.wfrc.org/committees para obtener más información.

MINUTES
Wasatch Front Regional Council
May 26, 2022

A meeting was held on Thursday, May 26, 2022, 2:00pm, at WFRC Offices, 41 N. Rio Grande St, Salt Lake City, UT and also via Zoom.

The following were present:

WFRC COUNCIL MEMBERS - 2022		
BOX ELDER COUNTY	Yes/No	Alternates / Others in attendance:
Member - Jeff Scott	yes	Steve Gale, Morgan City Mayor
Alternate - Dennis Bott	no	Karen Lang, West Valley City Mayor
DAVIS COUNTY MEMBERS		Ken Phippen, Farr West Mayor
John Pohlman	yes	Nando Meli, Stockton Town Mayor
Mark Shepherd	yes	Gage Froerer, Weber Co Commissioner
Joy Petro	yes	Dan Dugan, SLC Councilmember
Bob Stevenson	yes	Dan Johnson, West Valley City
MORGAN COUNTY		Dina Blaes, SLCounty
Member - Mike Newton	yes	Bret Millburn, Draper City
Alternate - Blaine Fackrell	yes	Ryan Beck, Envision Utah
SALT LAKE COUNTY MEMBERS		Evelyn Everton, Sandy City
Jenny Wilson	no	Tami Moody, Herriman
Erin Mendenhall	yes	Nathan Cherpeski, Herriman
Troy Walker	no	Jennifer Elsken, FHWA
Aimee Winder Newton	yes	Holly Sweeten
Jeff Silvestrini	yes	Rhonda Perkes
Robert Dahle	yes	Chris Coombs
Dirk Burton	yes	Jeff Acerson, UTA Board of Trustees
Kristie Overson	yes	Ryan Leavitt,
TOOELE COUNTY		Rob Jolley
Member - Scott Wardle	yes	Steve Van Maren
Alternate - Debbie Winn	no	WFRC: Andrew Gruber, Ted Knowlton,
WEBER COUNTY MEMBERS		Wayne Bennion, Hugh Van Wagenen,
Scott Jenkins	yes	Ned Hacker, Ben Wuthrich, Bill Hereth,
Jim Harvey	yes	Megan Townsend, Miranda Jones Cox,
Mark Allen	yes	Jory Johner, Bert Granberg, Nikki Navio,
Mike Caldwell	yes	Mike Sobczak, Josh Reynolds, Chris Day,
UDOT & UTA		Suzie Swim, Marcia White, Matthew Silski,
Member - Carlos Bracerias, UDOT	no	Christy Dahlberg, Tyler Torres,
Alternate - Teri Newell, UDOT	yes	Marian Florence, Amber Gonzales,
Member - Carlton Christensen, UTA Board of Trustees	yes	Mikala Jordan, Lauren Victor,
Alternate - Beth Holbrook, UTA Board of Trustees	yes	Rosie Hernandez, Andrea Pearson

NON-VOTING MEMBERS		
Lorene Kamalu - Utah Association of Counties	yes	
Dawn Ramsey - Utah League of Cities and Towns	yes	
Ari Bruening - Envision Utah	yes	
Wayne Harper - State Senate	yes	
Mike Schultz - State House of Representatives	yes	
Laura Hanson – State Planning Coordinator	no	

Welcome [00:00:04]

At 2:01pm, Council Chair Mayor Jeff Silvestrini welcomed the Wasatch Front Regional Council members and guests and introductions were made via roll call and roundtable for those in person.

1. Consent Agenda [00:05:44]

1a. ACTION: Minutes and Financial Statements

Mayor Silvestrini brought attention to the consent agenda. Commissioner Bob Stevenson made a motion to approve the minutes of the WFRC meeting held March 24, 2022, the Financial Statements for February & March 2022, and the current Budget/Expenditure Report to date. Mayor Mike Caldwell seconded the motion. The minutes and financial statements were accepted unanimously.

2. Chair Report [00:06:13]

2a. Utah transportation funding overview [00:05:16]

Mayor Silvestrini turned the time to Andrew Gruber and Julie Bjornstad, both with WFRC, who briefed the group on the general status of transportation needs and funding in Utah. Significant progress has been made at the federal and state level on infrastructure funding, and this funding is being incorporated into updated projections for Utah's Unified Transportation Plan, 2023-2050.

3. Public Comment [00:25:55]

Mayor Silvestrini opened the meeting for public comment. There were no comments.

4. ITEM 5: Regional Growth Committee (RGC) [00:26:35]

Mayor Silvestrini noted that Item 5 will move up on the agenda, and introduced Mayor Dawn Ramsey, RGC Chair, who briefly reviewed the outcomes of the Regional Growth Committee (RGC) meeting held on May 19, 2022.

5a. Wasatch Choice - Regional Transportation Plan (RTP) update [00:28:29]

Mayor Ramsey turned the time to Bert Granberg, WFRC, who provided an update on the development of the Regional Transportation Plan (RTP). Mr. Grandberg's update included an overview of the forecasts that are made in the RTP that help approximate the future. The RTP forecasts such things as:

- 1) Where homes and jobs are anticipated to be located
- 2) Where and how local transportation trips will occur
- 3) The impacts of that transportation behavior, e.g., traffic congestion and air quality
- 4) Anticipated transportation revenue
- 5) Anticipated expense related to transportation construction

These forecasts have a significant impact on the RTP. They affect which transportation projects are planned and within which phase they are prioritized, among other things.

5b. ACTION: Station Area Plan Certification Process and Technical Approach [00:35:55]
Mayor Ramsey discussed the purpose of [HB462](#) (Housing Affordability Amendments) and then introduced Andrew Gruber and Megan Townsend, both with WFRC, who reviewed the SAP Requirements and WFRC's anticipated role in implementation:

1. Certification. The proposed process for WFRC's certification of local Station Area Plans as required by HB462.
2. Technical Assistance. The approach to administering technical assistance utilizing GOEO funds authorized by the legislation.

[00:59:46] ACTION: Mayor Dawn Ramsey made the motion to adopt the Station Area Plan Certification Policy as outlined. The motion was seconded by Commissioner Lorene Kamalu, and the vote was unanimous in the affirmative.

5. ITEM 4: Transportation Coordinating Committee (Trans Com) [01:00:50]

4a. Report on Board Modifications to the 2022-2027 Transportation Improvement Program (TIP)

Mayor Mark Shepherd reported that since the last meeting of Wasatch Front Regional Council, WFRC received requests to modify the current 2022-2027 Transportation Improvement Program (TIP). This modification was approved by Trans Com at the April 14 meeting and by the Utah Transportation Commission. Mayor Shepherd reminded the group that if they have any questions or concerns, they can reach out to Ben Wuthrich or anyone on WFRC staff.

4b. ACTION: Board Modifications to the 2022-2027 TIP [01:03:28]

Mayor Shepherd turned the time to Ben Wuthrich, WFRC, who stated that there were new requests received to modify the 2022-2027 Transportation Improvement Program (TIP). This modification requires action from WFRC and the Transportation Commission but does not require a new air quality conformity analysis or a 30-day public comment period. Mr. Wuthrich briefly discussed each project. **[01:18:28]** Mayor Shepherd made a motion to approve the resolution to modify the 2022-2027 TIP as requested. Commissioner Bob Stevenson seconded the motion, and the affirmative vote was unanimous.

4c. ACTION: Approve Surface Transportation Program (STP), Congestion Mitigation/Air Quality Program (CMAQ), and Transportation Alternatives Program (TAP) projects for the 2023-2028 TIP [01:18:48]

Mr. Wuthrich continued his report by discussing the new STP, CMAQ, and TAP projects recommended in consultation with the Trans Com Technical Advisory Committees (TACs). He also reviewed the process for developing these recommendations.

The annual apportionments for **STP** funds are projected to be approximately \$22.4M through the year 2028 in the Salt Lake/ West Valley Area and \$12M in the Ogden/ Layton Area. Given the mix of project cost overruns and project cost savings, programming efficiencies, and an increase of the federal funding allocations from the new transportation bill "Infrastructure Investment and Jobs Act" (IIJA), there is an estimated \$31.4M available to program in the Salt Lake/ West Valley Area, and \$16.5M available in the Ogden/ Layton Area for the year 2028.

The **CMAQ** funds are intended to fund transportation projects that improve air quality, except they are not eligible for through-travel lanes. The annual apportionments for CMAQ funds are projected to be approximately \$5.6M through the year 2028 in the Salt Lake/ West Valley Urban Area with \$6.2M available to program in the year 2028, and about \$3M in annual apportionments anticipated in the Ogden/ Layton Area with \$3.7M available to program in the year 2028.

The **TAP** funds are for construction and planning of bicycle and pedestrian facilities. The annual apportionments for TAP funds for the year 2024 are projected to be approximately \$2M in the Salt Lake/ West Valley area and about \$1.1M in the Ogden/ Layton Area. Given the mix of project cost overruns and project cost savings, programming efficiencies, and an increase of the federal funding allocations from the new transportation bill “Infrastructure Investment and Jobs Act” (IIJA), there is an estimated \$3.8M available to program in the Salt Lake/ West Valley area and the Ogden/ Layton Area is expected to have an estimated \$1.5M available to program.

[01:31:09] Mayor Shepherd made a motion for the Regional Council to approve the projects that were discussed and reviewed for funding through the 2023-2028 STP, CMAQ, and TAP Programs. Mayor Joy Petro seconded the motion, and the affirmative vote was unanimous.

6. WFRC Budget Committee [01:31:43]

6a. PUBLIC HEARING and ACTION: Approve FY23 WFRC Goals, Budget, and Unified Planning Work Program (UPWP)

Mayor Mike Caldwell, Budget Committee Chair, informed the Council of the items that were discussed in the WFRC Budget meeting held on May 12, 2022.

[01:31:50] Mayor Caldwell made a motion to open a public hearing regarding approving the WFRC FY23 Goals, Budget, and Unified Planning Work Program (UPWP). Commissioner Jeff Scott seconded the motion. The affirmative vote was unanimous.

Andrew Gruber, WFRC, reviewed the materials for the Council for approval. Based on more staff discussion, comments received, and updated financial information, there were some slight revisions made to the goals and the budget. **[01:40:30]** Mayor Caldwell asked if there were any comments or questions related to the items discussed. There were none. **[01:40:42]** Mayor Caldwell then made a motion to close the public hearing. Councilmember Aimee Winder Newton seconded the motion and the vote was unanimous in the affirmative. **[01:41:50]** Mayor Caldwell made a motion that the Council approve the FY23 Goals, Budget, and UPWP as presented, which was seconded by Commissioner Bob Stevenson. The affirmative vote was unanimous.

6b. ACTION: Adopt amendments to the WFRC Personnel Policy [01:42:19]

Mayor Caldwell asked Andrew Gruber, WFRC, to continue. Mr. Gruber presented a summary of the proposed Personnel Policy modifications. In conjunction with the development of the WFRC FY23 budget and goals, the Personnel Policy was reviewed and a few areas were identified that needed an update or clarification. Further, over the past year, WFRC conducted an analysis of its performance and compensation approach, and a few adjustments to the Policy are warranted to reflect the results of that analysis. These modifications do not impact the current WFRC Budget. **ACTION [01:43:50]** Mayor Caldwell made a motion to recommend the Council adopt the amendments proposed to the WFRC Personnel Policy. Commissioner Jeff Scott seconded the motion and the affirmative vote was unanimous.

6c. Fraud Risk Assessment FY22 [01:44:10]

Mayor Caldwell discussed the internally scored Fraud Risk Assessment Questionnaire, required by the Utah State Auditor’s Office, for FY2022. Overall WFRC’s score has risen (improved), and is now in the “very low risk” category with a score of 365.

7. Reports [01:44:55]

7a. Wasatch Front Economic Development District (WFEDD) update

Mayor Silvestrini asked Commissioner Gage Froerer, WFEDD Chair, to provide his report about the WFEDD meeting that was held on May 24, 2022.

7b. Active Transportation Committee (ATC) update [01:48:32]

Mayor Silvestrini turned the time to Mayor Joy Petro, ATC Vice-Chair, for an update on the Active Transportation Committee, which met on April 13, with another meeting upcoming on June 8.

7c. Executive Director's Report [01:52:23]

Andrew Gruber, WFRC, discussed the Wasatch Choice Community Advisory Committee, which will enhance WFRC's community outreach and engagement. If you would like to be a member or have suggestions for members on this committee, please contact someone on WFRC staff.

8. Other Business and Adjournment [01:55:55]

Mayor Silvestrini asked if there were any other items to discuss. There were no other items brought forward. He reminded the group that the next Council meeting will be held on August 25. Mayor Mike Caldwell made a motion to adjourn the Council meeting; the meeting adjourned at 3:57pm.

A recording of this meeting, as well as meeting packet materials, may be found on the WFRC website at www.wfrc.org

Average daily ledger balance		\$700,722.13			

Effective June 1, 2022, we are making changes to the non-sufficient funds (NSF) and overdraft fees that affect your Commercial Banking account. Please review the below details:

Elimination of Returned Item (Non-sufficient Funds/NSF) Fee

We will no longer charge a NSF fee on certain items we return unpaid due to non-sufficient funds. The fee is displayed on your deposit or Client Analysis statement as NSF RETURN ITEM FEE or service code 24253 - OVERDRAFT CHARGE-RETURNED ITEM. Overdraft fees will continue to apply to items we pay into overdraft (up to a maximum of four fees per day for Commercial Banking accounts). These changes do not affect fees that third parties or other banks may charge.

For current versions of the Commercial Account Agreement, and applicable addenda, please visit wellsfargo.com/treasury. If you have additional questions, contact your relationship team.

Elimination of the overdraft protection transfer and advance fee

If you have linked your account to a savings account or credit card for overdraft protection, we will no longer charge the overdraft protection transfer or advance fee. Advances from a linked credit card will continue to accrue interest from the date of each advance. Overdraft fees continue to apply to any items we pay into overdraft where transfers and advances from your linked accounts cannot cover the cost.

DATE: August 25, 2022
AGENDA ITEM: 2a
SUBJECT: WFRC FY22 Activities and Accomplishments Report
PREPARED BY: Mike Sobczak, Communications Manager

BACKGROUND:

In May 2021, the Wasatch Front Regional Council adopted goals and priorities for FY22 that provided direction for the agency regarding areas of focus for the upcoming year. The FY22 Activities & Accomplishments Report provides an overview of how WFRC met those goals.

At the WFRC Council meeting, Executive Director Andrew Gruber will present on the work outlined in the Activities & Accomplishments Report.

RECOMMENDATION:

This item is for information only.

Mike Sobczak, msobczak@wfr.org; 312-217-3235

DATE: August 18, 2022
AGENDA ITEM: 4a
SUBJECT: Report on Board Modifications to the 2022-2027 TIP
PREPARED BY: Ben Wuthrich, Transportation Improvement Program (TIP) Coordinator

BACKGROUND:

Since the last meeting of the Wasatch Front Regional Council (WFRC) in May, WFRC received requests to modify the current 2022-2027 TIP. Both modifications required action from Trans Com (since WFRC was not meeting) and the Utah Transportation Commission, but neither required a new air quality conformity analysis nor a 30-day public comment period. The modifications are attached to the approved resolution.

RECOMMENDATION:

This item is for information only.

CONTACT PERSON:

Ben Wuthrich (801) 363-4230 ext. 1121

EXHIBIT:

Resolution adopting Amendment Eight to the 2022-2027 TIP

RESOLUTION OF THE WASATCH FRONT REGIONAL COUNCIL
AMENDING THE 2022 - 2027
TRANSPORTATION IMPROVEMENT PROGRAM

- WHEREAS, the Wasatch Front Regional Council is the officially designated Metropolitan Planning Organization for the Salt Lake/ West Valley and the Ogden/ Layton Urbanized Areas and, as such, has the responsibility for developing a Transportation Improvement Program, and
- WHEREAS, a Transportation Improvement Program is to include all federally funded highway, transit, and active transportation projects scheduled for the next six years, and
- WHEREAS, the Utah Department of Transportation, the State Transportation Commission, the Utah Transit Authority, and the Wasatch Front Regional Council and its local jurisdictions desire to amend the 2022-2027 Transportation Improvement Program (TIP) to include the projects on the attached project description list, and
- WHEREAS, the U.S. Department of Transportation Metropolitan Planning Regulations Paragraph 450.324(a) requires that "the TIP . . . be updated at least every four years, and be approved by the MPO and the Governor," and
- WHEREAS, the Statewide Air Quality Implementation Plan includes traffic control measures for reducing air pollutant emissions for the Salt Lake/ West Valley and the Ogden/ Layton Areas and budgets for mobile source emissions, and
- WHEREAS, the projects included in the proposed Transportation Improvement Program amendment are either included in Phase 1 of the Regional Transportation Plan, are not regionally significant, are included in the 2022-2027 TIP, or are exempt projects that do not need to be reviewed for conformity and consistency with the State Implementation Plan according to 40 CFR Part 93.126 Table 2 Exempt Projects, and
- WHEREAS, the proposed Transportation Improvement Program amendment had a public review and comment opportunity at the Trans Com meeting on June 16, 2022, and all comments were carefully considered,

NOW THEREFORE LET IT BE RESOLVED, that Trans Com as delegated by the Wasatch Front Regional Council

- (1) Approves Amendment Eight to the 2022-2027 Transportation Improvement Program as attached,
- (2) Finds that the TIP conforms to and is consistent with the State Implementation Plan for Salt Lake, Davis, western Weber, and southern Box Elder Counties, and
- (3) Finds that the development of the Transportation Improvement Program is based on a currently certified transportation planning process.

Mayor Mark Shepherd
Chair

2022-2027 Transportation Improvement Program (TIP) (Amendment Eight)

Board Modification

Additional Funding

Salt Lake\ West Valley

County	Sponsor	Facility	PIN	Project Location	Concept/ Type of Improvement	Funding Source	Project Estimated Cost	Currently Funded Amount	Action	Funding Amount	Year
Salt Lake	Draper	1300 East	16923	1300 East; Wayne's World to Nashi Lane	Reconstruct and Widen to include center turn lane, curb, gutter, sidewalk, and shoulders	STP_URB_SL (Surface Transportation Program - Urban Area Salt Lake (WFRC))	\$5,343,763	\$4,043,763			2022
						LOCAL_GOV (Local Government Funds)		\$300,000	Additional Funding	\$1,000,000	

The scope of the 1300 East; Waynes World to Nashi Lane - Draper project is to: - Widen the roadway from two lanes to three lanes, - Install curb and gutter with sidewalk, - Construct a 2-inch mill and overlay on the existing asphalt, - Construct a High-T (raised medians) at Highland Drive. Recently, bids were opened with the low bid coming in 34% over the Engineer's Estimate. The main items that came in high included Mobilization, Roadway Excavation, and various concrete items. Draper City would like to award the project so construction can begin this summer. The City has committed to adding the entire shortfall of \$ 1,000,000.

Salt Lake	UDOT	Bangerter Highway	16382	Bangerter Highway at 9800 South and 4700 South	Construct grade separated interchanges at the existng intersections on 9800 South and 4700 South	ST_TIF (Transportation Investment Funds)	\$307,105,000	\$159,505,000	Additional Funding	\$147,600,000	2022-2024
-----------	------	-------------------	-------	------------------------------------------------	--------------------------------------------------------------------------------------------------	---------------------------------------------	---------------	---------------	---------------------------	----------------------	-----------

The scope of the Bangerter Highway @ 9800 South and the 4700 South projects, is to grade-separate the intersections to full interchanges. The original design proposed Bangerter Highway going over the cross streets. However, in coordination with the cities it is proposed to take Bangerter Highway under the cross streets. This new project design will considerably increase the complexity and cost of both projects. The Environmental phase of the project was recently completed with the estimates being updated to account for inflation in material costs, right of way, and the new scope changes. The request for the additional funds is for the construction of the interchanges under the current economic environment and the changes in the project scope.

Salt Lake	UDOT	Bangerter Highway	16383	Bangerter Highway at 13400 South	Construct a grade separated interchange at the existng intersection on 13400 South	ST_TIF (Transportation Investment Funds)	\$121,000,000	\$75,000,000	Additional Funding	\$46,000,000	2022-2024
-----------	------	-------------------	-------	----------------------------------	------------------------------------------------------------------------------------	---------------------------------------------	---------------	--------------	---------------------------	---------------------	-----------

The scope of the Bangerter Highway @ 13400 South project is to grade-separate the intersection to a full interchange. In the original design Bangerter Highway was proposed to go over 13400 South. However, in coordination with the City, it is now proposed to take Bangerter Highway under 13400 South. This will considerably increase the complexity and cost of the project. Recently the Environmental phase of the project was completed with estimates being updated to account for inflation in material costs, right of way and the changes to the project scope. The request for the additional funds is for the construction of the interchange under the current economic environment and the changes in the project scope.

Scope and Funding Changes

Salt Lake\ West Valley

County	Sponsor	Facility	PIN	Project Location	Concept/ Type of Improvement	Funding Source	Project Estimated Cost	Currently Funded Amount	Action	Funding Amount	Year
Salt Lake	UDOT	Bangerter Highway	16382	Bangerter Highway at 9800 South and 4700 South	Construct grade separated interchanges at the existng intersections on 9800 South and 4700 South	ST_TIF (Transportation Investment Funds)	\$515,105,000	\$307,105,000	Combine Projects	\$515,105,000	2022-2024
			16383	Bangerter Highway at 13400 South	Construct a grade separated interchange at the existng intersection on 13400 South			\$121,000,000			
			18446	Bangerter Highway at 2700 West	Construct a grade separated interchange at the existng intersection on 2700 West			\$87,000,000			

With all three Bangerter Highway projects scheduled for construction at the same time and with similar scopes, UDOT requests combining the projects into PIN 16382. This will allow efficiencies in the procurement phase of the projects while providing flexibility in how contractors will be procured for each location. The project will also be renamed to Multiple Interchanges on Bangerter Hwy. The action is contingent on the approval of the funding additions for PINs 16382 and 16383 as previously presented.

2022-2027 Transportation Improvement Program (TIP) (Amendment Eight)

Board Modification

Additional Funding

Salt Lake\ West Valley

County	Sponsor	Facility	PIN	Project Location	Concept/ Type of Improvement	Funding Source	Project Estimated Cost	Currently Funded Amount	Action	Funding Amount	Year
Salt Lake	UDOT	9000 South	14412	SR-209 (9000 S); Redwood Rd to State St.	Reconstruct and Widen to include travel lanes, curb, gutter, sidewalk, and shoulders	ST_PVMT_LV2 (State Pavement Level Two Funds)	\$56,600,000	\$1,600,000			2022-2023
						ST_TIF (Transportation Investment Funds)		\$40,000,000	Additional Funding	\$15,000,000	

The scope of the SR-209 (9000 S); Redwood Rd to State St. project is to: - Add an additional lane on SR-209 (9000 S) from Redwood Road to 700 West in both directions of travel, - Reconstruct the existing roadway from Redwood Road to 700 West, - Perform a 1" mill replaced with 1" Open Graded Surface Course from 700 West to State Street, Replace the bridge over the Jordan River, and - Add bike lanes from Redwood Road to the Jordan River Trail.

The intersection at 700 West continues to experience significant delays from increased traffic demand as a result of development in the area. Region Two would like to add a dual left turn lane at 700 West in the southbound to eastbound direction to help address the intersection delays. At the conclusion of this project Sandy City is planning to widen 700 West to the north to also address the increased traffic demands.

The proposed funding increase would also address material and ROW inflation costs.

New Projects and Programs

Salt Lake\ West Valley

County	Sponsor	Facility	PIN	Project Location	Concept/ Type of Improvement	Funding Source	Project Estimated Cost	Currently Funded Amount	Action	Funding Amount	Year
Salt Lake	UDOT	I-80	20272	I-80 WB at 1000 W Structure Repair	Bridge Rehab and Repair	R2_TSP (Region Two Transportation Solutions Program)	\$170,000	\$0	New Funding	\$170,000	2022

The scope of the I-80 west bound at 1000 West project is to remove the asphalt over the concrete bridge deck and replace it with new asphalt. The existing asphalt is stripping away and causing severe potholes, creating an unsafe driving condition. The additional funds would come from the Region Two Transportation Solutions Program (R2 TSP).

2022-2027 Transportation Improvement Program (TIP) (Amendment Eight)

Board Modification

New Projects

Statewide Programs

County	Sponsor	Facility	PIN	Project Location	Concept/ Type of Improvement	Funding Source	Project Estimated Cost	Currently Funded Amount	Action	Funding Amount	Year
Various	UDOT	Various	Various	Various Locations	TIF Active funding is primarily used for improving or optimizing non-motorized capacity	ST_TIF_ACTIVE (Active Transportation - Transportation Investment Funds)	\$40,407,299	\$0	Fund Program Amount	\$24,308,419	2022-2027

During the May 2022 Transportation Commission meeting, the TIF Active - Transportation Investment Funds Program (TIF Active) Priority project list that was reviewed and discussed in both the March and April Commission Workshops was approved. Statewide there were 21 projects totalling \$40,407,299 with \$24,308,419 in Active TIF funds. In the WFRC area there were 12 projects totalling \$26,138,832 in total project cost with \$15,747,339 in Active TIF funds. (For specific projects please refer to the attached "TIF Active Prioritized Projects List" table)

The TIF-Active Prioritized Project List identifies the active transportation projects that were approved through the Active TIF project evaluation process for pedestrian or nonmotorized transportation projects, and each project is contingent on the political subdivision in which a project is located contributing equal to or greater than 40 percent of the costs for the project.

Various	UDOT	Various	Various	Various Locations	TTIF First / Last Mile projects are primarily used to eliminate barriers that discourages transit use.	TTIF First/ Last (First/ Last Mile Transit - Transportation Investment Funds)	\$30,652,341	\$0	Fund Program Amount	\$18,368,185	2022-2027
---------	------	---------	---------	-------------------	--------------------------------------------------------------------------------------------------------	----------------------------------------------------------------------------------	--------------	-----	----------------------------	---------------------	-----------

TTIF First / Last Mile is primarily used to eliminate barriers that discourage potential riders from using transit because a station cannot be easily accessed from home, work, or other destinations. During the May 2022 Transportation Commission meeting, the TTIF First/ Last Mile - Transit Transportation Investment Funds Program Priority project list that was reviewed and discussed in both the March and April Commission Workshops was approved. Statewide there were 14 projects totalling \$30,652,341 with \$18,368,185 in TTIF First/ Last Mile funds. In the WFRC area there were 11 projects totalling \$26,859,741 in total project cost with \$16,092,625 in TTIF First/ Last Mile funds. (For specific projects please refer to the attached "TTIF First/ Last Mile Prioritized Projects List" table)

The TTIF First/ Last Mile Prioritized Project List identifies the first/last mile projects that were approved through the TTIF First / Last Mile project evaluation process for pedestrian or nonmotorized transportation projects that improve transit use, and each project is contingent on the political subdivision in which a project is located contributing equal to or greater than 40 percent of the costs for the project.

DATE: August 19, 2022
AGENDA ITEM: 4b
SUBJECT: **ACTION:** Board Modifications to the 2022-2027 TIP
PREPARED BY: Ben Wuthrich, Transportation Improvement Program (TIP) Coordinator

BACKGROUND:

The Wasatch Front Regional Council (WFRC) has received requests to modify the current 2022-2027 Transportation Improvement Program (TIP) with the attached list of projects. At its meeting on August 18, 2022, Trans Com reviewed the requests and recommended that the Council approve them. This modification requires action from the Regional Council and the Utah Transportation Commission but does not require a new air quality conformity analysis or a 30-day public comment period. The requested modification is listed with the attached resolution.

RECOMMENDATIONS:

Trans Com and the WFRC staff recommend that the Regional Council make a motion “to approve the attached resolution to modify the 2022-2027 TIP as requested.”

Resolution adopting Amendment Nine to the 2022-2027 TIP

RESOLUTION OF THE WASATCH FRONT REGIONAL COUNCIL
AMENDING THE 2022 - 2027
TRANSPORTATION IMPROVEMENT PROGRAM

- WHEREAS, the Wasatch Front Regional Council is the officially designated Metropolitan Planning Organization for the Salt Lake/ West Valley and the Ogden/ Layton Urbanized Areas and, as such, has the responsibility for developing a Transportation Improvement Program, and
- WHEREAS, a Transportation Improvement Program is to include all federally funded highway and transit projects scheduled for the next six years, and
- WHEREAS, the Utah Department of Transportation, the State Transportation Commission, the Utah Transit Authority, and the Wasatch Front Regional Council and its local jurisdictions desire to amend the 2022-2027 Transportation Improvement Program (TIP) to include and / or modify the projects on the attached project description list, and
- WHEREAS, the U.S. Department of Transportation Metropolitan Planning Regulations Paragraph 450.326(a) requires that “the TIP . . . be updated at least every four years, and be approved by the MPO and the Governor,” and
- WHEREAS, the Statewide Air Quality Implementation Plan includes traffic control measures for reducing air pollutant emissions for the Salt Lake/ West Valley and the Ogden/ Layton Urbanized Areas and budgets for mobile source emissions, and
- WHEREAS, the projects included in the proposed Transportation Improvement Program amendment are either included in Phase 1 of the Regional Transportation Plan or are not regionally significant, or are included in the 2022-2027 TIP or are exempt projects that do not need to be reviewed for air quality conformity and consistency with the State Implementation Plan according to 40 CFR Part 93.126 Table 2 Exempt Projects, and
- WHEREAS, the proposed Transportation Improvement Program amendment had a public review and comment opportunity at the Regional Council meeting on August 25, 2022, and all comments were carefully considered,

NOW THEREFORE LET IT BE RESOLVED, that the Wasatch Front Regional Council

- (1) Approves Amendment Nine to the 2022-2027 Transportation Improvement Program as attached,
- (2) Finds that the TIP conforms to and is consistent with the State Implementation Plan for Salt Lake, Davis, western Weber, and southern Box Elder Counties, and
- (3) Finds that the development of the Transportation Improvement Program is based on a currently certified transportation planning process.

2022-2027 Transportation Improvement Program (TIP) (Amendment Nine)

Board Modification

Additional Funding

Salt Lake/ West Valley Urban Area

County	Sponsor	Facility	PIN	Project Location	Concept/ Type of Improvement	Funding Source	Project Estimated Cost	Currently Funded Amount	Action	Funding Amount	Year
Salt Lake	Magna	2820 South	17867	2820 South; 7736 West to 7440 West	Safe Routes to School - Construct Missing Sidewalk	TAP_URB_WFRC (Transportation Alternatives Program - WFRC)	\$2,054,624	\$686,725	<i>Additional Funding</i>	\$815,824	2022
						LOCAL_GOV Local Government Funds		\$252,075	<i>Additional Funding</i>	\$300,000	

This project will construct missing sidewalk, curb, and gutter on the North side of 2820 South Street. The sidewalk will improve safety for students walking to and from Lake Ridge Elementary, Entheos Academy charter school, and the proposed Riter Canal Trail.

2820 South is also a route on the Magna Bicycle Route Signing and Wayfinding master plan and is connected to Parkway Boulevard, which will be widened as part of the Mountain View Corridor improvements and connected to the pedestrian facilities along the MVC. During the project design it was determined that additional funding would be necessary as a result of the current cost of labor and materials. The additional project funding will come from project cost savings and unprogrammed Transportation Alternatives Program (TAP) funds. No current project will be negatively impacted by this modification.

Ogden/ Layton Urban Area

Additional Funding

Morgan	UDOT	Bridge	12624	Devil's Slide Bridge (5800 East over the Weber River)	Structure Replacement and Rehabilitation	NHPP_BR National Highway Performance Program	\$7,739,000	\$150,000	\$6,639,000		2022
						STP_BRIDGE STP - Bridge Funds for State Projects		\$6,489,000	<i>Additional Funding</i>	\$1,100,000	

This structure carries 5800 East over the Weber River, near Croydon, at Devil's Slide. The structure is 80 years old and in poor condition and frequently the water surface elevation is above the bridge deck elevation (overtopped). Also, the bridge structure, curbs and parapets have extensive deterioration. This project was recently bid out for the second time with the low bid coming in \$1.1 million higher than the engineer's estimate. This bridge is an off system structure maintained by Morgan County, but is a critical bridge servicing the community of Croydon and the Holcim cement plant. The tight work constraints, winter work window, inflation, and remote location caused the bids to be higher than anticipated. The project team has reviewed the bids and is making the recommendation to add the needed funds in order to award this project.

2022-2027 Transportation Improvement Program (TIP) (Amendment Nine)

Board Modification

New Projects (FFY 2022 Recreational Trails Program)

The federal Recreational Trails Program was authorized by Congress as part of the Intermodal Surface Transportation Efficiency Act of 1991. This program has been continued through the current Infrastructure Investment and Jobs Act (IIJA) transportation authorization. ● These projects are selected and administered through the Utah State Parks and Recreation Division. ● Funds may be used to provide and maintain trails for motorized and nonmotorized recreational uses, including trailside and trailhead facilities, and also to facilitate access for people with disabilities. ● For the 2023 Program, Utah has 17 projects totaling \$1,464,298 in Federal Aid Funds and \$3,987,129, of Sponsor Matching Funds for a total of \$6,915,726 in New Project Value (5 projects totaling \$1,078,596 in the WFRC Area.)

WFRC Area

Sponsor	Concept/ Type of Improvement/ Location	Funding Amount	Total Project Value
Non-Motorized			
Uinta-Wasatch- Cache National Forest	2023 Uinta-Wasatch-Cache Non-Motorized Trail Restoration Project: The 2023 UWC Non-Motorized Trail Restoration project will complete heavy maintenance to restore high priority trails located on the Uinta-Wasatch-Cache National Forest. These trails are some of the most highly visited in the Forest and provide recreation opportunities for hikers, mountain bikers, and equestrian users. A combination of UCC crews, UCC staff, Forest Service Youth Conservation Crew (YCC) members, seasonal employees, permanent employees, and volunteers will be utilized to complete the work associated with this project.	\$145,000	\$490,380
Salt Lake Climbers Alliance	Fixed Anchor Maintenance: Wasatch Rock Climbing Routes: The Wasatch has world-class rock climbing; the future of which depends on the maintenance of the vertical infrastructure necessary for ascent and descent of climbing routes, i.e. “vertical trails”. There are thousands of climbing routes in and around the Wasatch in need of fixed anchor maintenance. The Salt Lake Climbers Alliance’s goal is to replace and maintain antiquated fixed anchors with stainless steel hardware on highly trafficked climbing routes with professional work as height climbing technicians. This effort will ensure that the public will have access to high-quality and safe climbing areas for the next 50+ years. If these anchors are not maintained, they will eventually fully corrode and fail under the human weight as many are upwards of 50 years old across the Wasatch.	\$45,000	\$111,900
Trails Foundation of Northern Utah	Weber County Trail Construction, Restoration, Maintenance, and Education (\$181,410 requested originally): Trails Foundation of Northern Utah's project collaborates with other County organizations to implement Weber County's Cooperative Pathways Master Plan by identifying which trails need repair and renovation; developing a work plan to reconstruct our current Weber County trails and construct new trails. Volunteers will assist with trimming back brush, repairing bridges, and completing much-needed path maintenance. TFNU's team will repair damaged trail surfaces, water drainage, and erosion issues, and construct new trails. TFNU will oversee volunteer and paid crews will and participate in training led by industry experts while continuing to work with community partners, including the Trails Alliance, to educate trail users on appropriate trail manners and trail etiquette through education campaigns, events, and publications. Funding for this project was reduced because the requested RTP had ineligible funding requests.	\$150,000	\$367,280
Utah Avalanche Center	Trailhead Avalanche Conditions Reporting Project: Through the Trailhead Avalanche Conditions Reporting Project (Project), the Utah Avalanche Center (UAC) offers free avalanche, and trail conditions reports to motorized and non-motorized backcountry users at trailheads in Utah’s Uinta-Wasatch-Cache and Manti-La Sal National Forests. The non-motorized portion of the Project helps non-motorized backcountry users stay safe on the trails they are accessing from these trailheads by providing up-to-date conditions reports about current avalanche danger and additional safety resources. Completing this Project helps the UAC achieve our mission to save lives and help keep people on top of The Greatest Snow on Earth® by providing avalanche forecasting, awareness, and education throughout the state of Utah.	\$27,447	\$55,135
Motorized			
Utah Avalanche Center	Trailhead Avalanche Conditions Reporting Project: Through the Trailhead Avalanche Conditions Reporting Project (“Project”), the Utah Avalanche Center (UAC) offers free avalanche and trail conditions reports to motorized and non-motorized backcountry users at trailheads in Utah’s Uinta-Wasatch-Cache and Manti-La Sal National Forests. The motorized portion of the Project helps motorized backcountry users stay safe on the trails they are accessing from these trailheads by providing up-to-date conditions reports about current avalanche danger and additional safety resources. Completing this Project helps the UAC achieve our mission to save lives and help keep people on top of The Greatest Snow on Earth® by providing avalanche forecasting, awareness, and education throughout the state of Utah.	\$26,651	\$53,901

DATE: August 19, 2022
AGENDA ITEM: 4c
SUBJECT: **ACTION:** Approval of the 2023-2028 Transportation Improvement Program
PREPARED BY: Ben Wuthrich, Transportation Improvement Program (TIP) Coordinator
BACKGROUND:

In order for transportation projects in the region to move forward, the Wasatch Front Regional Council needs to adopt the 2023-2028 Transportation Improvement Program (TIP) at its August 25 meeting. At the Trans Com meeting on August 18, the TIP was reviewed and recommended for the Council's approval. The TIP was developed in close coordination with UDOT, UTA, and local communities, and includes hundreds of priority transportation projects totaling billions of dollars to enhance mobility, strengthen the economy, connect communities, increase access to opportunities, and improve health along the Wasatch Front.

A draft 2023-2028 TIP was reviewed by Trans Com in June (as delegated by the Regional Council) and approved for release for public review and comment. The public comment period extended from June 25 through July 30, 2022. The extensive outreach included distribution to thousands of stakeholders about opportunities to provide public comment, an [interactive map](#) on WFRC's website, a news release, two open houses, coordination with UDOT and UTA, and social media posts. A [summary](#) of the public comments with respective responses is included with this memo, along with the [list of individual comments](#) received. WFRC staff will work with local governments, UDOT, and UTA to address individual comments as appropriate. An analysis of the TIP completed by the WFRC staff shows that the 2023-2028 TIP conforms to the state air quality plans.

RECOMMENDATION:

Trans Com and the WFRC staff recommend that the Regional Council make a motion "to adopt the resolution approving the 2023-2028 Transportation Improvement Program (TIP) and the air quality conformity analysis".

**RESOLUTION OF THE WASATCH FRONT REGIONAL COUNCIL
APPROVING THE 2023 - 2028
TRANSPORTATION IMPROVEMENT PROGRAM**

- WHEREAS, the Wasatch Front Regional Council is the officially designated Metropolitan Planning Organization for the Salt Lake/ West Valley and the Ogden/ Layton Urbanized Areas and, as such, has the responsibility for developing a Transportation Improvement Program, and
- WHEREAS, the Transportation Coordinating Committee is a policy advisory committee of the Regional Council, and
- WHEREAS, a Transportation Improvement Program is to include all federally funded highway, transit, and active transportation projects scheduled for the next six years, and
- WHEREAS, the Utah Department of Transportation and State Transportation Commission, the Utah Transit Authority, and the Wasatch Front Regional Council and its local jurisdictions desire to approve the 2023-2028 Transportation Improvement Program (TIP), and
- WHEREAS, the U.S. Department of Transportation Metropolitan Planning Regulations Paragraph 450.326(a) requires that “the TIP . . . be updated at least every four years, and be approved by the MPO and the Governor,” and
- WHEREAS, the Statewide Air Quality Implementation Plan includes traffic control measures for reducing air pollutant emissions for the Salt Lake/ West Valley and the Ogden/ Layton Urbanized Areas and budgets for mobile source emissions, and
- WHEREAS, the WFRC has found that the proposed Transportation Improvement Program projects conform to and are consistent with the State Implementation Plan;

NOW THEREFORE LET IT BE RESOLVED, that the Wasatch Front Regional Council

- (1) Approve the 2023-2028 Transportation Improvement Program,
- (2) Finds that the TIP conforms to and is consistent with the State Implementation Plan for Salt Lake, Davis, and Weber Counties, and parts of Box Elder County, and
- (3) Finds that the development of the Transportation Improvement Program is based on a currently certified transportation planning process.

Morgan County

Morgan County and its lone municipality joined the Regional Council in 1972. And like Tooele County, Morgan County is not within the Urbanized Boundaries of Wasatch Front Regional Council (WFRC), but they are a member of the Regional Council Board and as such, their projects are included in the WFRC TIP as a resource to the County and the City.

Morgan City is the only incorporated city in Morgan County.

Statewide

Projects that are included in programs often cross city and county lines and as a result, frequently include projects within the boundaries of one or more of the Metropolitan Planning Organizations (MPO).

The “Statewide County Projects” will identify projects and programs in each of the UDOT Regions across the state, but for programming and information purposes, they are listed all together.

Tooele County

In October 2004, the Tooele Valley Rural Planning Organization (RPO) was formed to establish a process to assist the local jurisdictions within Tooele Valley in working cooperatively to plan the transportation system and prioritize transportation projects.

Although Tooele County is not within the Urbanized Boundaries of Wasatch Front Regional Council (WFRC), they are a member of the Regional Council Board and as such, their projects are included in the WFRC TIP as a resource to the County and the Cities and Towns.

The Cities and Towns of Tooele County include;

Grantsville City

Ophir Town

Rush Valley Town

Stockton Town

Tooele City

Vernon Town

Wendover City

Various

Projects that are included in “Various Projects” often cross city and county lines and as a result, frequently include projects within the boundaries of one or more of the Metropolitan Planning Organization (MPO).

The “Various Projects” will identify projects and programs in each of the UDOT Regions across the state, but for programming and information are listed all together.

DRAFT - 2023 – 2028 Transportation Improvement Program (TIP)

**SALT LAKE/WEST VALLEY – OGDEN/ LAYTON TRANSPORTATION IMPROVEMENT PROGRAM
PUBLIC TRANSIT PROGRAM**

Sponsor	Project Description	Estimated Total Project Cost	Local Share of Project	5337 Funds Obligated in FY 2022	Estimated Federal Share and Phasing						
					2023	2024	2025	2026	2027	2028	
FORMULA FUNDS - SECTION 5337 STATE OF GOOD REPAIR											
UTA	SGR FROM 5 YR CAP. PLAN AT END OF WWW.RIDEUTA.COM/2022budget	58,277,363	11,655,473	5,685,022	5,977,988	6,429,242	6,732,322	7,193,597	7,265,532	7,338,187	
UTA	Preventive Maintenance of Rail Vehicles and Facilities	270,507,570	54,101,514	30,000,000	30,300,000	30,603,000	30,909,030	31,218,120	31,530,302	31,845,605	
TOTAL: SALT LAKE/WEST VALLEY and OGDEN/ LAYTON and PROVO/OREM - SECTION 5337 STATE OF GOOD REPAIR FORMULS FUNDS			270,507,570	54,101,514	35,685,022	36,277,988	37,032,242	37,641,352	38,411,717	38,795,834	39,183,792

*Section 5337 State of Good Repair money is only recieved for fixed guideway systems that have been in operation at least 7 years, and can be used for improvements on the whole system. As fixed guideways become at least 7 years old, the National Transit Database (NTD) will show that increase in fixed guideway miles. The Federal allocation formula will use those new numbers to increase allocations as UTA's rail systems meet this requirement. There is a two year lag for eligible systems to receive funds; one year for it to be reported to NTD Data and one year for it to be used as part of the federal formula.

Air Quality Memorandum - draft

REPORT NO. 40b

DATE June 9, 2022

SUBJECT CONFORMITY ANALYSIS FOR THE WFRC 2023-2028 TRANSPORTATION IMPROVEMENT PROGRAM.

ABSTRACT The Infrastructure Investment and Jobs Act (IIJA) and the Clean Air Act Amendments (CAAA) require that all regionally significant highway and transit projects in air quality non-attainment and maintenance areas be derived from a “conforming” Regional Transportation Plan and Transportation Improvement Program. A conforming Plan or Program is one that has been analyzed for emissions of controlled air pollutants and found to be within the emission limits established in the State Implementation Plan (SIP) or within guidelines established by the Environmental Protection Agency (EPA) until such time that a SIP is approved. This conformity analysis is made by the Wasatch Front Regional Council (WFRC), as the Metropolitan Planning Organization for the region, and submitted to the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) for their concurrence. This conformity analysis is being prepared according to the transportation conformity rulemakings promulgated by the Environmental Protection Agency (EPA) as of March 2010 and according to FHWA guidelines found in the IIJA legislation.

Section 93.122(g)(1) of the Transportation Conformity Rule (40 CFR part 93) states that a new TIP may be demonstrated to conform “... without new regional emissions analysis if the previous regional emissions analysis also applies to the ... TIP.” Section 93.122 includes the following four conditions. First, the TIP must include all projects that must be started within the TIP time frame in order to achieve the transportation network envisioned in the plan. Second, all regionally significant projects in the TIP must be included in the regional emissions analysis. Third, the design concept and scope for TIP projects must not have changed significantly from the plan. And fourth, the previous regional emissions analysis is consistent with all conformity requirements. As discussed below, the WFRC 2023-2028 TIP meets the conditions of CFR 93.122(g)(1) and therefore conforms to the State Implementation Plan and the EPA guidelines for interim conformity for all applicable non-attainment and maintenance areas and pollutants. Therefore, all the transportation projects in southern Box Elder, western Weber, Davis, and Salt Lake Counties included in the 2023-2028 TIP are found to conform.

Wasatch Front Regional Council

41 North Rio Grande Street, Suite 103
Salt Lake City, Utah 84101

The following conformity findings for the WFRC 2023-2028 TIP are based on the transportation systems and planning assumptions described in the amended WFRC 2019-2050 RTP and the Air Quality Memorandum 40 dated August 26, 2021.

- X The 2023-2028 TIP conforms under the Control Strategy Criteria to the applicable controls and goals of the State Implementation Plan for PM₁₀ in Salt Lake County. All projects in Salt Lake County included in the TIP may go forward.
- X The 2023-2028 TIP conforms to the “Build less than 1990” emissions test for PM₁₀ in Ogden City. All projects in Ogden City included in the TIP may go forward.
- X The 2023-2028 TIP conforms to the interim “Build less than 2008” emissions test for emissions in 2030 and earlier, and for years after 2030 conforms to the applicable controls and goals of the State Implementation Plan for the Salt Lake PM_{2.5} non-attainment area. All projects in southern Box Elder, western Weber, Davis, and Salt Lake Counties included in the TIP may go forward.
- X The 2023-2028 TIP conforms to the interim “Build less than 2017” emissions test for the Northern Wasatch Front ozone non-attainment area. All projects in western Weber, Davis, and Salt Lake Counties included in the TIP may go forward.

TIP Timeframe

All projects which must be started no later than 2028 in order to achieve the transportation system envisioned by the amended 2019-2050 RTP are included in the 2023-2028 TIP. Implementing these projects within the TIP time frame is dependent on available funding. Funding availability is based on the most reasonable assumptions available at the time the RTP was prepared. Projects in the RTP are considered “financially constrained”, that is, they are not included in the RTP without identifying a reasonable funding source.

Regionally Significant

All regionally significant projects, regardless of funding source (federal, state, or local) are included in the TIP and RTP. All regionally significant projects are also included in the regional emissions analysis of the Plan. Regionally significant projects are identified as those projects involving a new or existing principal arterial or select minor arterials identified in Air Quality Memorandum 40. The most recent Utah Department of Transportation Functional Classification map was used to identify principal arterials. Interstate highways, freeways, expressways, and principal arterials were all treated as principal arterials for the purpose of determining regionally significant projects.

In addition to the regionally significant transportation projects which were identified and included in the regional emissions analysis, it is the practice of WFRC to include a number of minor arterials and collectors in the travel model in order to produce a more accurate model of current and future traffic conditions. Including minor arterials and collectors in the travel model does not mean these facilities should be treated as regionally significant facilities.

Concept and Scope

The design concept and scope of all regionally significant projects in the TIP have not changed substantially from the design and scope identified in the Plan.

Previous Plan Conformity

WFRC's Air Quality Memorandum 39 demonstrates that the WFRC 2019-2050 RTP for the Salt Lake/West Valley Area and the Ogden/Layton Area conforms to state air quality requirements and EPA interim conformity regulations. The FHWA concurred with this demonstration of conformity in a letter dated September 4, 2020. The conformity demonstration for the amended 2019-2050 RTP has been documented in Air Quality Memorandum 40 which was sent to FHWA for concurrence following the WFRC Council meeting of August 26, 2021.

All of the regionally significant projects in the 2023-2028 TIP are identified in the amended 2019-2050 RTP without any substantial changes to design or scope. All of the projects identified in the amended 2019-2050 RTP are included in the regional emissions analysis.

Public Comment

The 2023-2028 TIP is being made available for public inspection and comment for a 30-day period as required in the EPA conformity regulations. Air Quality Memorandum 40b (this document) is available to the public upon request and has been posted to the WFRC website (www.wfrc.org).

PUBLIC COMMENT SUMMARY

WFRC 2023 - 2028 TRANSPORTATION IMPROVEMENT PROGRAM

The **TIP** provides a balanced approach to implement critical road, transit, and active transportation projects, including those identified in the WFRC Regional Transportation Plan. These projects help our local communities and our region meet the challenge of Utah's rapidly growing population while promoting a strong economy, good air quality, and high quality of life. The draft 2023-2028 TIP was available for public review and comment from June 25, 2022 through July 30, 2022. The following summarizes the [comments](#) received.

TIP Public Comments and Responses - Summary

Comment	Response
Support was expressed for separated bicycle facilities that have been funded. Comments were also made regarding the need for more protected bike lanes (protected by concrete barrier or grade separation).	WFRC appreciates the work of the State Legislature, the State Transportation Commission, UDOT and local governments that have funded protected bicycle facilities. WFRC will continue to work with transportation agencies and local governments to help facilitate solutions to address presently unfunded needs.
Requests were made to provide safe and connected pedestrian and bicycle facilities and infrastructure, including at street crossings.	Progress is occurring in addressing the need for safe and connected transportation for cyclists and pedestrians in the region. WFRC will continue to work with local governments, transportation agencies, and other stakeholders to identify potential funding and facilitate solutions.
Requests were made for more transit service and improvements to existing service.	WFRC will work with UTA and local governments to ensure these requests are considered as transit improvements are evaluated in terms of ridership, access, costs, and other relevant considerations.
Some commenters asked that more funding be spent on transit capacity instead of on road widening or new construction.	The TIP includes transportation investments across all modes of travel, including transit, biking, walking, and driving. The ability to make improvements is contingent on the availability of funding; a significant portion of the TIP funding is restricted for particular transportation modes. This in particular limits the degree to which transit capacity can be increased.
Comments were received regarding the need for safety and operational improvements in various parts of the region.	Safety and operational upgrades are evaluated largely based on technical criteria. WFRC will continue to work with UDOT, UTA, and local governments to address safety and operational needs.

TIP 2023-2028 Public Comment List

Interactive Map Comments - Project Specific						
ID	Comment	Project Location	County	Project Status	Project Cost (\$)	Forecast Start Year
1	This neighborhood has been under construction for the past 15 months and this area is not passable. It would be nice to do everything at once and not ruin our neighborhood for another year in the near future. Any type of coordination would be greatly appreciated. If the money is already anticipated, finish the entire project now. Thanks	Polk Avenue; 36th Street to Franklin	Weber	Scoping	\$1,039,000	2024
2	<p>Is this project truly necessary? The three-lane section can already handle a relatively high amount of capacity and according to a 2021 SJC traffic count, it only carries about 6,100 trips per day. Each project has an opportunity cost and the more negatively impactful road widening we do means the less development of other beneficial travel modes. Outside of Daybreak and the Jordan River Parkway, South Jordan (and surrounding communities for that matter) is generally a terrible place to get around without a car. These roadway projects force people to drive and create a spiraling need for the most expensive and inherently dangerous mode of travel. Please plan and fund more trails and comfortable/safe protected bike lanes! Quit with the on-street bike lanes, which in my opinion are a joke and don't really convince most people to want to use them. Rebuilding or building new roads with a narrower section and protected bike lanes can be cheaper, safer, and supports true choice in mobility.</p> <p>This is a follow-up to my previous comment because I realized Riverfront Parkway in this location a two lanes with shoulders. I stand behind the comment and urge us to think about things in a better way!</p>	Riverfront Parkway; 11050 S to 11400 S, Widen	Salt Lake	Scoping	\$1,841,000	2024
3	This project should be a priority to help provide more meaningful mobility options. I would caution that the design of the project should prioritize the five design principles of the Crow manual that include Cohesion, Directness, Safety, Comfort, and Attractiveness. With this being an isolated segment, connections from here to the regional network should be prioritized. In my opinion, on-street bike lanes do not count	Phase I Welby Jacob Canal Ped/ Bike Trail	Salt Lake	Scoping	\$1,390,000	2028

TIP 2023-2028 Public Comment List

	as connections since only a small percentage of people are willing to use them and they are less safe and much less comfortable to use. The other concern I have is how people will be able to safely and conveniently cross major road corridors. At-grade crossings deter people from wanting to use these types of facilities, and often trails are clunky at traffic signals and designed with tight turning radii, bad geometry, and lack of good visibility. Please get the design of this stuff right to accommodate cyclists and pedestrians well!					
4	I agree that this would be a significant improvement to this intersection. A lot of people like to believe that Ritter Dr is their "secret" entrance/exit to Riverdale, but too many people who pass through the intersection seem to follow the rule of "who ever has the most guts gets to go next." Plus, with the inevitable arrival of housing where the Motor-Vu now sits, traffic will only get heavier at that intersection, so a round-a-bout is the most economical option to manage the coming traffic.	SR-60; Round-About at Ritter Drive, Riverdale	Weber	Scoping	\$618,000	2022
5	May I recommend some sort of speed control measures, like speed humps or photo radar be added to this project? a Lot of people like to believe that 300 is their "secret back door" into South Ogden, and a lot of commuters speed along that road, well over the posted limit of 30 MPH in their rush to get to work.	300 West; 5000 South to Riverdale City Boundary	Weber	Scoping	\$3,024,000	2025
6	Two words: MERGE LANES on 84. Whenever I have to merge from 89 onto 84, I have to say a silent prayer that either there is no one coming up in the right lane, or that the drivers on the freeway know to shift left pre-emptively. It's terrifying!	I-84/ US-89 Interchange Reconstruction	Various	Scoping	\$60,000,000	2023
7	This project should be expanded to include an underpass at one end of the road, to allow traffic at least one unobstructed means of entry or exit from the neighborhood and business. Too often, the train will stop and block both ends of the road, which can make residents late to work, and prevent emergency services from getting to the homes here.	1700 So; 12th Str to Ogden Boundary Line	Weber	Scoping	\$5,075,000	2027
8	I would really like to see light rail extend here into Utah Valley. BRT is also a good possibility, but only if it is VERY well done, with dedicated lanes on 80-100% of the route.	Point of the Mountain Transit Environmental Study	Salt Lake	Scoping	\$8,000,000	2027
9	PLEASE DO NOT DO THIS! We need BRT or TRAX on Redwood, not a new freeway! All this will do is continue to	MVC from 2100 N to Porter Rockwell	Various	Scoping	\$350,600,000	2023

TIP 2023-2028 Public Comment List

	<p>encourage car-dependent development in Eagle Mountain and Saratoga Springs.</p> <p>I realize there are serious traffic issues there - I find myself in them frequently. But please understand that there are far more sustainable solutions than continuing to build freeways. We need to build transit oriented town centers in both the aforementioned towns, then build the rapid transit needed to connect them with both Salt Lake and Provo.</p> <p>Further freeways will only result in more parking lots, wider collectors and residential streets, more pollution, raised heat and noise levels, destruction of natural land, and more greenhouse gasses. Plus, high capital costs pale in comparison with maintenance costs over the lifetime of the road.</p> <p>Please reconsider this! This comment may fall on deaf ears, but I plead with you to give real priority to environmental and fiscal sustainability.</p>					
10	<p>Glad to see this. I'm not sure if this is part of the plan yet, but can we please put in some inexpensive barriers to protect me and others who use these routes frequently? Paint doesn't do much, although it's better than nothing at all.</p>	Anthem Park Blvd - Bike Lanes; 11800 S to 13400 S	Salt Lake	Scoping	\$125,000	2024
11	<p>Hi, I'd use this trail nearly daily if it had a grade separated connection under Bangerter Highway, or at least joined up with protected lanes on 11800 S. I appreciate the small improvements that are making this trail an excellent asset! Thanks for doing these!</p> <p>Some of the trail also needs repaving - it's a little hard on my bike at the moment. Is there a regular maintenance schedule?</p>	Midas Creek Trail over Welby Jacob Canal	Salt Lake	Scoping	\$336,000	2018
12	<p>There are no safe and connected pathways for peds/bikes on this roadway. Multiple conflicts exist. Moving this work ahead in the priority list for the safety and health of non-motorized users is strongly suggested.</p>	Foothill Drive; 1300 East to Parley's Interchange	Salt Lake	Scoping	\$584,000	2024
13	<p>Please provision for a separated mixed-use path for active transportation and assess a larger study area. Please plan to integrate a PROTECTED bike lane (concrete barrier or grade separation) where a mixed-use path is not possible. Please</p>	I-15; 24th Street Interchange	Weber	Scoping	\$96,000,000	2023

TIP 2023-2028 Public Comment List

	look at the effects of induced demand on Ogden's CBD and how it would decrease walkability. Please consider a speed limit lower than 45 mph due to noise effects, deterring active transit, and increased death rates.					
14	<p>Please consider revising the plan to make this a paid service after three years due to the following:</p> <ul style="list-style-type: none"> -The expense of collecting the fare is generally greater than the revenue generated from the fare. -Charging a fare causes significant ridership loss. -Collecting a fare causes scheduled travel times to be lengthened because of the additional time needed for passengers to deposit the fare. -Charging a fare makes it more difficult for UTA to meet its mission of reducing the dependency on the automobile and supporting efforts to improve air quality, by reducing ridership. -Collecting fares creates real and perceived barriers to using public transit, known as "Hassle Factors." -Charging a fare makes it more difficult for UTA to provide a balanced transportation with enhanced public transportation options by reducing ridership. 	Ogden/WSU Bus Rapid Transit (BRT)	Weber	Scoping	\$4,000,000	2021
15	<p>Please consider revising the plan to make this a paid service after three years due to the following:</p> <ul style="list-style-type: none"> -The expense of collecting the fare is generally greater than the revenue generated from the fare. -Charging a fare causes significant ridership loss. -Collecting a fare causes scheduled travel times to be lengthened because of the additional time needed for passengers to deposit the fare. -Charging a fare makes it more difficult for UTA to meet its mission of reducing the dependency on the automobile and supporting efforts to improve air quality, by reducing ridership. -Collecting fares creates real and perceived barriers to using public transit, known as "Hassle Factors." -Charging a fare makes it more difficult for UTA to provide a balanced transportation with enhanced public transportation options by reducing ridership. 	Ogden-WSU Bus Rapid Transit (BRT) - Construction	Weber	Scoping	\$112,315,000	2024
16	Please consider separating active transportation modes wherever possible. The D&RGW Rail Trail crossing is dangerous as it stands and needs either a HAWK signal (one that signals above the street rather than just from the sides). A painted buffer for cyclists is not enough when your speed limit	I-15; SR-97 (5600 South) Environmental Study	Weber	Scoping	\$3,000,000	2018

TIP 2023-2028 Public Comment List

	is 45 mph and your road design conveys a higher speed than that to drivers. Deaths WILL happen due to this speed differential. Please include grade-separated paths or concrete barriers for bike lanes. Please add more HAWKS because there are not enough safe places to cross along 5600 S for active transportation.					
17	The D&RGW Rail Trail crossing is dangerous. Please consider integrating an elevated crossing or at least a HAWK with light signals above the street rather than from the sides. Drivers frequently do not stop for active transportation crossings. The rail crossing across active train tracks is also precarious for bicycles/wheelchairs.	4000 South SRTS Rail Crossing; 2550 W - 2350 W	Weber	Scoping	\$250,000	2027
18	How much wider does the freeway need to get? Maybe we should break the cycle of "just one more lane" and focus the money on expanding Trax and Fronrunner as serious transportation contenders	I-15 NB; I-215 to 600 South	Salt Lake	Scoping	\$365,000,000	2028
19	A+ for separated bike lanes. Hopefully there will also be infrastructure for things like protected intersections for safe exchanges at intersections and ease/safety of turning left to more easily access the opposite side of the street	300 W; 400 S to 2100 S - Separated Bike Lanes	Salt Lake	Scoping	\$3,500,000	2023
20	Is there any news on getting a bus system in Bluffdale around Porter Rockwell Blvd?	Bluffdale Reimbursement for Porter Rockwell	Salt Lake	Scoping	\$8,559,000	2020
21	Upgrading SR-201 to handle east-west through traffic on I-80 without requiring it to merge onto I-15 has got to be a part of any serious attempt to address congestion on I-15 south of downtown. Widening the freeway without first fully separating I-80 and I-15 is just wasting money.	I-15 NB; I-215 to 600 South	Salt Lake	Scoping	\$365,000,000	2028
22	Making the 6th North overpass friendly to pedestrians and bikes probably isn't going to happen. Figuring out how to better use the new 3rd north overpass would be a better use of money.	600/700 N Active Transportation Improvements	Salt Lake	Scoping	\$4,000,000	2023
23	Stadler - a local Salt Lake City railcar manufacturer - submitted a proposal to build a cog railway for cheaper than the proposed gondola. This proposal deserves to be, at the very least, studied in detail. So far UDOT has been studiously ignoring it.	Little Cottonwood Canyon (EIS)	Salt Lake	Scoping	\$13,675,000	2022
24	Echoing the other comment. TRAX and UVX are good; nobody likes the city bus. If you want middle-class suburbanites, i.e. the people in this area, to take it (and you should), do it right.	Point of the Mountain Transit Environmental Study	Salt Lake	Scoping	\$8,000,000	2027

TIP 2023-2028 Public Comment List

25	I would love this trail so much! Right now I have to ride on a bunch of side streets and dodge cars if I want to ride on the Jordan River trail. This trail would be safe and awesome, please make it happen!	TRAX Rail Trail Design	Salt Lake	Scoping	\$160,000	2027
26	I live right next to this canal and would love having it paved so I can ride to work more safely. One day I would like to have my kids ride their bikes to school without having to worry about them getting hit by a car, canal trails would help that dream come true. If we don't have funding to pave canal trails, could we at least make sure they are open and accessible to walk on or ride a bike on? The gravel base is pretty good as is already. Problem is that many entrances have chains blocking entrance and say they are a restricted area. I just want a safe place to ride my bike to work, canal trails would be a huge help.	Utah Lake Distribution Canal Trail So. Segment	Salt Lake	Scoping	\$167,000	2024
27	Widening 90th south won't fix congestion, waste of money. Please put more money towards alternative modes of transportation other than cars. Instead we should put in dedicated and grade separated bike lanes on 90th and 98th. Tons of people bike there everyday with the bad infrastructure that is there, with safer infrastructure it will be used even more.	SR-209 (9000 S); Redwood Rd to State St.	Salt Lake	Scoping	\$41,600,000	2022
28	Please don't build this. We need more public transit like BRT and trax on the southern part of redwood and other existing corridors like Mountain View. Another highway will just cause more congestion. Public transit coupled with planned mixed use developments are the answer.	MVC from 2100 N to Porter Rockwell	Various	Scoping	\$350,600,000	2023
29	Trax extension or BRT that ties in with FrontRunner/trax with dedicated lanes is much needed here. I would love to travel to the point of the mountain using public infrastructure. Right now I take my bike and front Runner but having more options in a quickly growing area is what we need. Please give me more options than just driving my car everywhere.	Point of the Mountain Transit Environmental Study	Salt Lake	Scoping	\$8,000.000	2027
30	Allow for bus movements left and right out of station on Main Street.	Layton FrontRunner Station Parking	Davis	STIP	\$2,145,232	2021
31	Review options on SR 109 to connect this project to other trails on the east side of the city.	Kay's Creek Trail Overpass @ Layton FrontRunner	Davis	Scoping	\$6,000,000	2028
32	Review design of station platform for future four + car higher loading. Possible mid platform connection to make access to main street crossing easier and trail overpass. Maintain access from Gentile Street.	Layton FrontRunner Station Parking	Davis	STIP	\$2,145,232	2021

TIP 2023-2028 Public Comment List

33	Work with Lagoon to determine better bus access. Either Park Lane entrance or easier way to make U-Turns on Lagoon drive for busses. Current Lagoon shuttle has a confusing routing.	Davis/ Salt Lake Connector Design	Various	Scoping	\$4,700,000	2027
34	Also need sidewalks on Lagoon Drive.	Park Lane & 326 West Sidewalk - Farmington	Davis	Scoping	\$99,000	2020
35	Eastbound Park Lane to NB-15 Onramp sensors to balance turning, ramp meters, and blocked intersections.	I-15 Ramp Destination Sensors in Davis County	Davis	Scoping	\$250,000	2020
36	Improved connections from Park and Ride to freeway. Sometimes 472 has to wait awhile to make turns in all directions.	200 No/ I-15 Interchange Left Turn Lanes (NB & SB)	Davis	Scoping	\$906,000	2027
37	Will this project ever end?	I-15; SR-232 to I-84	Various	Under Construction	\$163,758,000	2019
38	This trail is a great addition that will help the Bonneville Golf Course become more of a green connector and less of a "green wall" (as it is now). SLC's new park master plan calls for trails like this one, and the East Bench Master Plan called for something similar. I'm enthusiastic about this option.	SLC Emigration Creek Trail; Connor St - Wasatch Dr	Salt Lake	Scoping	\$480,000	2023
39	This is an extremely dangerous and unpleasant street for pedestrians and cyclists. Crossings are also dangerous, and the waiting time after pressing the "beg button" takes is very long	Foothill Drive; 1300 East to Parley's Interchange	Salt Lake	Scoping	\$584,000	2024
40	It'd be great if there was a bus lane/BRT in this area providing rapid transit between this area and downtown Salt Lake	Davis/ Salt Lake Connector Design	Various	Scoping	\$4,700,000	2027
41	like this project, but maybe add a bus/emergency vehicle lane.	TSP/ Preemption for Transit, Freight, & Snow Plows	Various	Scoping	\$500,000	2026
42	Maybe instead of building more parking, more bus routes and more TOD would be a better idea to get people out of cars and lower congestion	Layton FrontRunner Station Parking	Davis	STIP	\$2,145,232	2021
43	I love this project! But it would be cool to have a bus lane too	TSP/ Preemption Equipment for Transit Vehicles	Salt Lake	Scoping	\$255,000	2026
44	I also love this project, but lower the frequency to less than 15 minutes on peak times	33/35 MAX Expansion and Optimization	Salt Lake	Scoping	\$3,003,326	2021

TIP 2023-2028 Public Comment List

45	It'd be a great place to put in protected bike infrastructure and connect it with a canal trail	1300 W; 6400 S to 4800 S - Active Transportation	Salt Lake	Scoping	\$2,800,000	2025
46	It needs a protected bike light	1300 W & Shield's Lane Intersection Improvements	Salt Lake	Scoping	\$3,776,000	2027
47	Rapid Transit is definitely needed here. And it should be the anchor of the place, not an afterthought. After all, it's not a good place if you can't get to it by public transit	Point of the Mountain Transit Environmental Study	Salt Lake	Scoping	\$8,000,000	2027
48	As long as it isn't the gondola or just letting more cars up the canyon, I will be satisfied	Little Cottonwood Canyon (EIS)	Salt Lake	Scoping	\$13,675,000	2022
49	It'd be great if there was a bus lane and protected bike lane so that people in this redlined area could have equitable access to public transit and non-car transportation alternatives	700 North; 2200 West to Redwood Rd (1700 West)	Salt Lake	Scoping	\$4,681,000	2027
50	Express service to Brigham City would be amazing as a precursor to Frontrunner Service	Brigham City Park n Ride Lot 1100 So (HWY 91)	Box Elder	Scoping	\$1,582,000	2027
51	Seriously!? Another lane? How many millions of taxpayer money will you spend before you realize that adding lanes doesn't help? Take the money and use it somewhere else, like coating the valley in protected bike lanes, or double tracking the Frontrunner	I-15 NB; I-215 to 600 South	Salt Lake	Scoping	\$365,000,000	2028
52	Please don't widen this road, it'll divide our community more, waste our money, and not even solve congestion.	SR-209 (9000 S); Redwood Rd to State St.	Salt Lake	Scoping	\$41,600,000	2022
53	This section of I-15 is already excessively wide, and it is shocking that further widening is being considered. Taking alternative steps to reduce demand will be infinitely more effective and economical. Really, ample evidence exists to suggest that road widening will only worsen the problem despite its 9-figure price tag. Further, as a resident of Salt Lake City's west side, I strongly oppose any project which increases the impact of the highway on the community. I-15 currently serves as a socioeconomic barrier which segregates the city, and any changes to the highway should serve to mitigate this 'Berlin Wall' effect first and foremost.	I-15 NB; I-215 to 600 South	Salt Lake	Scoping	\$365,000,000	2028

TIP 2023-2028 Public Comment List

54	I hope UDOT includes a dedicated bike lane on Foothill when they re-stripe. The road is plenty wide enough	Foothill Drive; 1300 East to Parley's Interchange	Salt Lake	Scoping	\$584,000	2024
55	Are there plans for facilities for the drivers while the trucks are charging?	Electrified Truck Parking Facility John Glenn Rd	Salt Lake	Scoping	\$9,682,000	2027
56	We all know extra lanes equals more traffic and congestion. I would rather see expanded trax/frontrunner lines and head times.	I-15 NB; I-215 to 600 South	Salt Lake	Scoping	\$365,000,000	2028
57	We don't need to widen I-15. This project value would pay for much-needed transit expansion.	I-15 NB; I-215 to 600 South	Salt Lake	Scoping	\$365,000,000	2028
58	Love this project, but let's put a dedicated bus lane on 700 East too.	TSP/ Preemption Equipment for Transit Vehicles	Salt Lake	Scoping	\$255,000	2026
59	Beck Street really, really needs protected/separated bike lanes for people who bike commute between Southern Davis County and Salt Lake City. It is so, so dangerous for cyclists to only be separated by a painted white line from such high speed traffic.	Beck Street Protected Bicycle Facility Design	Salt Lake	Under Construction	\$55,000	2018
60	Widening roads is proven to create induced demand and will not improve our air quality. No highway should be widened in the US until our carbon dioxide emissions are reduced to sustainable levels. Congestion on the highway will encourage people to find alternative transportation or work from home methods.	I-15 NB; I-215 to 600 South	Salt Lake	Scoping	\$365,000,000	2028
61	Please narrow the traffic lanes and widen the planting strip to 8' or more and sidewalk to 6' (peds and bikes can share a 6' sidewalk). Reduce the shoulder and reduce lane width. This is a residential neighborhood with speeds in excess of 50 mph consistently. Narrower lanes and street trees and more beautiful street will slow traffic and help indicate to commuters that this is a residential community that this arterial street goes through. Street trees are essential to improving the pedestrian experience and will help slow traffic.	Foothill Drive; 1300 East to Parley's Interchange	Salt Lake	Scoping	\$584,000	2024
62	700 East is a neighborhood killer as a auto arterial. It is high speed and too wide. Too many accidents with pedestrians and vehicles. This should be a prime location for transit and livability. Multi-way boulevard with lots of shade trees and a street car service down 700 east would get great ridership. It could connect to LRT at 400 south and folks could go downtown or the University. Cities want to up the densities	700 East (SR-71); 2100 South to 1300 South	Salt Lake	Scoping	\$2,986,000	2028

TIP 2023-2028 Public Comment List

<p>and add missing middle housing along this corridor as well and the tax revenue for the development could pay for the street car service from Ft. Union BLVD to 400 South. It is a mix-use corridor so it would improve walkability for a large population. Walkability health benefits will also offset transit costs. Just adding bike lanes without access lanes and medians for protection will be unsafe for cyclists. It's like cycling on Redwood Rd. Nuts. See St. Kilda Road in Melbourne for a more humane boulevard.</p>

1	<p>I live in Herriman and commute by bike to work in South Jordan, using 11800 as my main route.</p> <p>Protected bike lanes would be especially appropriate along 11800S, since its somewhat of a residential street, as well as being a collector. For a relatively low investment, this would do so much to reduce traffic congestion, as safe, interconnected bike infrastructure does so much to encourage less confident riders to get on a bike, rather than drive.</p> <p>Protected lanes could connect with infrastructure throughout Daybreak, the buffered lanes on Herriman Main Street, and the Midas creek trail and other bike/ped trails running north parallel to Mountain View Parkway.</p> <p>We also desperately need protected or separated bike lanes on Redwood road. As it stands, it's currently VERY dangerous. Even an experienced bike commuter like me knows to stay clear of that one.</p> <p>An alternative to lanes on Redwood could be to pave the three canal trails running north/ south through South Jordan and Riverton. These are a huge opportunity! They would need grade separated crossings at the busiest intersections, but converting even just one of those to a realistic bike/ped commuter trail would be such a huge quality of life upgrade for the many road users outside of a car, in addition to providing recreational access and opportunity to residents throughout these communities.</p>
2	I don't see the signals and change of roads on 400 N at the new Amazon plant.
3	Consider adding a trax stop on the airport line at roughly 2200 West. The airport hotels and Northrop Grumman facility in the area would generate significant ridership, and the Parking Spot lot could potentially be used as a park and ride later in the game.
4	The Rio Grande Plan is well-discussed elsewhere. I would like to see it addressed and incorporated into the WFRC's and UDOT's plans. Even if it is unfeasible for one reason or another, it deserves a serious study detailing why that is and what parts of it can be incorporated.

TIP 2023-2028 Public Comment List

5	<p>I like the initiatives that are underway to improve SLC infrastructure. I think there's a big opportunity to convert some of the massive roads with many lanes to include an off the road or at least curb protected bike lanes to make biking a viable option for commuters that aren't hard-core and for mothers to safely transport kids.</p> <p>Also, adding some arms for mass transit to go east and cover some of the suburbs like Millcreek and Cottonwood Heights would be useful too.</p>
6	Map does not show FrontRunner improvements and corridor preservation.
7	Talk of electric buses seems premature when we haven't even electrified FrontRunner. Start with that - there are no questions about the lifetimes of batteries there, and a locomotive burns more diesel than a bus. Trip times would also benefit from improved acceleration.
8	Why is extending Frontrunner to Brigham City not in this plan? That should be the absolute minimum; Logan or even Pocatello or Rexburg ought to be on the agenda. Same for Payson / Nephi on the other end.
9	A one-seat Trax connection between the U of U and the airport is needed. That's a far more logical pairing than the U of U and deepest suburbia.
10	More lights. More streets. It's all good.
11	Travel from Ogden to 5th E 2nd S. Takes 1 1/2 hours each way. 3 hours lost.
12	<p>Hi there! I just moved from Ontario Canada and I would love to leave a general comment about transportation in SLC. First, I am so glad that there are multiple projects underway to improve how we get around the city. Increased public transit and improved walking/biking infrastructure is a great move! That said, I am disappointed to see that lane widenings and resurfacing is a large part of this plan. I understand that, right now, so many people drive because they have to. Updating roadways will improve traffic flow/congestion for a brief time and, more importantly it seems, make drivers happy. I think this is the wrong approach. People drive because other options aren't available. If road updates included constructing dedicated and protected bike/bus lanes instead of another lane for cars, that would strongly encourage people to use alternatives. We (as a species) cannot afford to continue relying on fossil fuels and personal/private vehicles for all transit. The Salt Lake is drying up and the mountains are on fire. We need drastic change. Roadway expansions for cars will make this problem worse and its "benefits" will be expensive and short lived (induced demand).</p>
13	<p>1) The City of Holladay and Millcreek are studying Wasatch Blvd from 3300 S to SR190 for active transportation improvements. This is a WFRC - TLC grant. The study is expected to be complete by the first quarter in 2023.</p> <p>2) The city of Holladay will be studying the feasibility of an active transportation route along I-215 from 6200 S to Highland Drive. This is a WFRC - TLC grant. The study is expected to start in Sept 2022.</p>

TIP 2023-2028 Public Comment List

Open House Comments - July 6 and July 13, 2022

ID	Project	Comment
1	7/6/2022 4:45 PM	11400 S + 2700 W - always under construction. Would like to understand the worth of the work done and when it will be completed. Rail to St. George.
2	7/6/2022 4:55:00 PM	Via / On Demand service in Bluffdale. Will there be fixed route service there in the future?
3	7/6/2022 5:05:00 PM	Any FrontRunner projects in the six-year plan?
4	7/6/2022 5:15:00 PM	Restrooms at SL Intermodal Center. More communication between train operators so connections aren't missed. 2100 N freeway needed soon to alleviate E-W traffic.
5	7/6/2022 5:25:00 PM	FR Sunday service would be helpful, even if infrequent.
6	7/6/2022 5:45:00 PM	More transit-oriented and bicycle transportation projects in SLC
7	7/6/2022 6:25:00 PM	What transit service will come south of Provo and how far down will it go?
8	7/6/2022 6:25:00 PM	Beck St bike project - is it under construction as shown on the interactive map?
9	7/13/2022 4:00:00 PM	Better bus service on Wall Ave that goes all the way up and down the route. Connections with Washington Blvd bus routes needed.
10	7/13/2022 4:00:00 PM	More frequent FrontRunner service. Looking forward to double tracking. FR service to Brigham City will be needed eventually.
11	7/13/2022 5:00:00 PM	Train service to Pleasant View.
12	7/13/2022 5:10:00 PM	More bus service would be nice west of Ogden Station in West Weber as growth comes. Service to current + future residential + industrial areas would give people more opportunities.

DATE: August 25, 2022
AGENDA ITEM: 4d
SUBJECT: **ACTION:** Self-Certification of Planning Process
PREPARED BY: Wayne Bennion, Director of Short Range Planning

BACKGROUND:

Each year when the Wasatch Front Regional Council approves the Transportation Improvement Program, WFRC and UDOT also need to certify that the regional transportation planning process meets all applicable federal planning requirements. The WFRC, UDOT, and UTA staffs have worked together to confirm that the federal requirements are being met. Based on this effort, a resolution has been prepared certifying the planning process for the region.

RECOMMENDATION:

Trans Com and WFRC staff recommend that the Regional Council make a motion “to approve the resolution certifying the transportation planning process.”

CONTACT PERSON:

Wayne Bennion (801) 363-4230 x 1112, wbennion@wfrc.org

EXHIBITS:

Joint resolution certifying the transportation planning process

RESOLUTION
Urban Transportation Planning Process Certification – 2022

WHEREAS, the Governor has designated the Wasatch Front Regional Council as the Metropolitan Planning Organization for the Salt Lake City-West Valley City and the Ogden-Layton Urbanized Areas; and

WHEREAS, the Wasatch Front Regional Council is responsible together with the Utah Department of Transportation for carrying out the Urban Transportation Planning Process; and

WHEREAS, the Wasatch Front Regional Council and the Utah Department of Transportation are required to certify that the Urban Transportation Planning Process meets the requirements of the following:

- (1) 23 U.S.C. 134, 49 U.S.C. 5303, and this subpart; with regard to transportation planning requirements.
- (2) In nonattainment and maintenance areas, Sections 174 and 176 (c) and (d) of the Clean Air Act, as amended (42 U.S.C. 7504, 7506 (c) and (d)) and 40 CFR Part 93;
- (3) Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d-1) and 49 CFR part 21;
- (4) 49 U.S.C. 5332, prohibiting discrimination on the basis of race, color, creed, national origin, sex, or age in employment or business opportunity;
- (5) Section 1101(b) of the Moving Ahead for Progress in the 21st Century Act (MAP-21) - (Pub. L. 112-141) and 49 CFR Part 26 regarding the involvement of disadvantaged business enterprises in USDOT funded projects;
- (6) 23 CFR Part 230, regarding the implementation of an equal employment opportunity program on Federal and Federal-aid highway construction contracts;
- (7) The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) and 49 CFR Parts 27, 37, and 38;
- (8) The Older Americans Act, as amended (42 U.S.C. 6101), prohibiting discrimination on the basis of age in programs or activities receiving Federal financial assistance;
- (9) Section 324 of Title 23 U.S.C. regarding the prohibition of discrimination based on gender; and
- (10) Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) and 49 CFR Part 27 regarding discrimination against individuals with disabilities.

WHEREAS, the Wasatch Front Regional Council and the Utah Department of Transportation have reviewed the Urban Transportation Planning Process for the Salt Lake-West Valley and the Ogden-Layton Areas as shown in the attached document and have found it to meet the requirements described above;

NOW, THEREFORE, LET IT BE RESOLVED, that the Wasatch Front Regional Council and the Utah Department of Transportation certify that the Urban Transportation Planning Process for the Salt Lake-West Valley and the Ogden-Layton Areas meets the requirements of 23 USC 134 and 49 USC 5303; 42 USC 7504, 7506(c) and (d) and 40 CFR Part 93; Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d-1) and 49 CFR Part 21; 49 U.S.C. 5332; Section 1101(b) of the MAP-21 (Pub. L. 112-141) and 49 CFR Part 26; 23 CFR Part 230; Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) and 49 CFR Parts 27, 37, and 38; 42 U.S.C. 6101; Section 324 of Title 23 U.S.C.; and Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) and 49 CFR Part 27.

Urban Transportation Planning Process Certification – 2022

CERTIFICATION DETERMINATION for the
SALT LAKE-WEST VALLEY and the OGDEN-LAYTON URBANIZED AREAS TRANSPORTATION
PLANNING PROCESS
August 2022

1. Metropolitan Planning Organization Designation / Coordination

a. The Governor of Utah designated the Wasatch Front Regional Council (WFRC) as the Metropolitan Planning Organization (MPO) for the Salt Lake-West Valley and the Ogden-Layton Urbanized Areas in a letter to the Region VIII Intermodal Planning Group Chairman, dated December 26, 1973.

b. The WFRC's governing documents were updated and executed in 2014. The Regional Transportation Planning Memorandum of Agreement (MOA) describing responsibilities and procedures to be followed in the planning process, was updated and executed between the WFRC, the Utah Department of Transportation (UDOT), and the Utah Transit Authority (UTA) on January 23, 2014.

c. The WFRC is composed of 21 voting members who include locally elected officials from Davis, Morgan, Salt Lake, Tooele, and Weber counties, one elected official from the general-purpose units of local government in Box Elder County within the Ogden-Layton Urbanized Area, the Executive Director of the Utah Department of Transportation and the Executive Director of the Utah Transit Authority. The Council also includes up to seven non-voting representatives identified at the discretion of the Regional Council. Non-voting members currently include a representative from each of the following: the Utah League of Cities and Towns, the Utah Association of Counties, Envision Utah, the Utah State Senate, the Utah State House of Representatives, and the State Planning Coordinator.

The Transportation Coordinating Committee (Trans Com) is a policy advisory committee of the Regional Council. This committee is comprised of members and representatives from the Regional Council, County Councils of Governments, local governments in Box Elder County that are part of the Ogden-Layton Urbanized Area, major transportation agency representatives, and various city, county, state, federal, and other agencies concerned with short range transportation planning and programming. The Committee serves as a policy advisory body of the Regional Council and has responsibility for short range planning issues, such as the Transportation Improvement Program (TIP), programming of funds, management systems, and special studies, in a cooperative, continuing and comprehensive effort with local governments, the Utah Department of Transportation, the Utah Transit Authority, and other organizations and stakeholders.

The Regional Growth Committee (RGC) was also established as a policy advisory committee of the Regional Council. This committee is comprised of members and representatives from the Regional Council, County Councils of Governments, local governments

in Box Elder County that are part of the Ogden-Layton Urbanized Area, major transportation agency representatives, and various city, county, state, federal and other agencies and interest groups concerned with regional transportation and growth-related planning. The Committee serves as the policy advisory body of the Regional Council on long-range transportation planning, land use and other growth issues. The RGC is responsible for the Region's Long-Range Transportation Plan, corridor preservation, and developing regional growth planning strategies in a cooperative, continuing and comprehensive effort with local governments, the Utah Department of Transportation (UDOT), the Utah Transit Authority (UTA), and other organizations and stakeholders.

d. The Wasatch Front Regional Council has determined that its membership represents 100 percent of the population of the metropolitan planning area. Furthermore, representatives of major transportation operating agencies (UDOT and UTA) are voting members of the Regional Council, and appointed members of the State Transportation Commission and the UTA Board of Trustees are voting members on Trans Com and the Regional Growth Committee.

e. The WFRC continues to work with the Mountainland Association of Governments (MAG), the Cache Metropolitan Planning Organization (CMPO), and the Dixie Metropolitan Planning Organization (DMPO) on issues of common interest. To facilitate the coordination between WFRC, UDOT, UTA, CMPO, DMPO, and MAG, a Joint Policy Advisory Committee (JPAC) was established to provide a forum for discussion of planning issues that would involve all MPO areas and the major transportation operating agencies in the state. JPAC meets four to six times a year.

f. Representatives of the Utah Air Quality Board (UAQB) are members of Trans Com and the Regional Growth Committee.

g. On August 25, 2005 the Wasatch Front Regional Council approved a Memorandum of Agreement for Air Quality and Transportation Planning between WFRC and the State Division of Air Quality (DAQ). The 2005 MOA defines the roles and responsibilities of WFRC and DAQ within the air quality and transportation planning processes.

2. Urban Transportation Planning Technical Process

a. Database - WFRC, UDOT, and UTA maintain adequate databases to support the transportation planning process. Socioeconomic information is updated regularly and is made available for public use. WFRC utilizes data developed by the Census Bureau, as well as the most recent county estimates and projections created by the University of Utah's Gardner Policy Institute (UUGPI) in support of the Utah Population Committee, the statutorily-defined authority for demographic estimates and county-level projections in Utah.

Forecasts of future population, households, and employment are then made by WFRC at the traffic analysis zone (TAZ) level, in coordination with state and local governments. Forecasts are updated as needed to provide estimates for at least a 20-year planning horizon. The latest projections through the year 2050, after internal and external review, have been incorporated into the travel demand model (TDM), and have been made publicly accessible on WFRC's open data website since May 2019. These forecasts are used as the primary basis for area-wide planning.

WFRC updated the socioeconomic forecasts to be consistent with the 2010 Census and the 2017 baseline published by UUGPI. These revised forecasts were used as a foundation for the 2019 - 2050 Regional Transportation Plan (RTP). Work to update the socioeconomic forecast to a 2019 baseline is expected to be completed in FY23.

Traffic and other travel information such as vehicle miles of travel (VMT) and annual average daily traffic (AADT) data for specific road segments are gathered by UDOT and updated annually. UDOT has included Utah MPOs as sub-licensees for its recent subscriptions to commercial real time traffic speed data (HERE) and StreetLight Insights, a location-based services trip movement data analysis platform. UTA continues to monitor and share transit ridership, stop-level boardings and other service information. UTA has installed automated passenger counters and automated vehicle location devices on their buses and rail cars to enhance data collection and improve efficiency. Route, stop and ridership data is publicly available on UTA's open data website as of August 2019.

WFRC uses geographic information systems (GIS) to collect and store information to support the development of plans and programs. These GIS layers include household and job distribution, proposed transportation projects and facilities, active transportation infrastructure, travel volumes and performance, and critical education, health, retail, government, and recreation destinations, among others.

GIS layers also provide a valuable resource for communicating and receiving feedback for plans, programs, and other information from various stakeholders including the public, elected officials, partners, and others. For example, mapping of the RTP and TIP projects allows better visual understanding of plans and programs and GIS-related web applications allow for commenting on individual projects shown on maps displayed in a browser.

b. Modeling Process – The Regional Council is engaged in an ongoing refinement of its travel models. As its models are applied for the Regional Transportation Plan and various projects throughout the region, opportunities for improvement are discovered. In addition, WFRC continues to research and implement new technologies and methodologies which could improve the accuracy or usability of its models. Modeling-specific policy and technical committees meet regularly with representation from WFRC, MAG, UDOT and UTA. These same agencies jointly employ an Interagency Modeling Director; this position is charged with ensuring consistency and coordination across transportation agencies.

WFRC continues to work with state and local transportation partners to better account for non-traditional transportation modes and the relationships between different urban forms and travel behavior. To this end, WFRC and partners recently completed version 1.0 of a trip-based bicycle travel model. Current projects seek to update destination and mode choice components of the TDM to better account for new modes, travel patterns, and place types. Travel modeling results are used as important inputs to WFRC's analyses of transportation system performance, such as Access to Opportunities (ATO).

WFRC completed a household travel survey in 2012 in cooperation with UDOT, UTA, and the three other MPOs in the State. WFRC uses data from this survey to update, refine, and calibrate the auto ownership, trip generation, distribution, mode choice, and highway assignment modules of the travel model. WFRC and its partners have begun work to conduct a new household travel survey in Spring of 2023.

UTA conducts an On-Board Survey of transit ridership including origin and destination data every four years, and provides this information to WFRC and the other regional transportation agencies. The most recent survey was conducted in 2019.

In recent years, a variety of improvements have been made to the WFRC model. The most significant recent improvements include:

- Upgrade of the transit module
- Addition of a freight forecasting module
- Addition of a household life cycle variable
- Addition of seven additional employment types
- Traffic analysis zone structure refinement, with the inclusion of more than 600 additional zones as part of the 2021 updates for the in-progress version 9.0 of the Wasatch Front TDM
- Model recalibration to 2019 conditions and validation to 2019 observed data, including vehicle speeds and volumes, and transit boardings
- Trip generation, distribution, mode choice, and assignment model recalibration
- Refinement of the user TDM and land use models post-processing, and user interfaces
- Added the ability to model freeway traffic management, such as aggressive, coordinated ramp metering
- Recalibration of high occupancy and tolling lane functionality
- Inclusion of automated maps to display model inputs and outputs
- Scripted automation for calculating Workplace Access to Opportunities measures for auto and transit modes
- Scripted automation for seamless integration of TDM model outputs for use as inputs to the MOVES air quality analysis software

The WFRC's travel modeling process incorporates results from an UrbanSim-based Real Estate Market Model (REMM) to assist in forecasting land use and socio-economic conditions. REMM is an advanced land-use modeling system that simulates how a region is likely to grow into the future, based on local land conditions and policy assumptions, household and workplace estimates and projections and transportation improvements. This model is now in an open source code web-based repository and actively used to determine the regional distribution of important existing and future socioeconomic conditions that inform travel modeling, project need and prioritization for the RTP. All input layers to REMM have been updated to a 2019 base year to reflect existing conditions, trends, and future land use plans.

In 2018, WFRC began a concerted effort to quantify ATO in order to better understand and communicate the important relationship between land uses and transportation facilities. ATO measures and maps can be used to express localized needs and potential gains from transportation enhancements, relative to where households live, work, and desire goods, services, and other opportunities. A workplace ATO measure has been developed at a regional scale, expressed at the Traffic Analysis Zone (TAZ) level, and also at finer neighborhood/community scales, using travelsheds computed from GIS-based network analysis. ATO metrics were used as a guide in RTP project prioritization beginning with the 2019 TIP project scoring process.

c. Elements -

(1) Wasatch Choice Vision - Beginning in 2004, Utah's largest two metropolitan planning organizations (MPO), the WFRC and Mountainland Association of Governments (MAG), collaborated with local governments in the creation of an integrated land use and transportation Vision map and a series of Growth Principles known as the Wasatch Choice Vision. In 2007, 2011 and 2015, Wasatch Choices 2040 was refined. In 2019 the Vision was completely refreshed with involvement from a broad group of partners including the Utah League of Cities and Towns, UDOT, UTA, and [many others](#). This Vision accommodates anticipated growth in various metropolitan, urban, city, and town centers which offer a wide range of retail, office, and residential uses. These centers are coordinated with existing and planned transportation infrastructure. The Wasatch Choice Vision coordinates the core planning elements of

- the Regional Transportation Plan (RTP),
- the land use elements of the vision,
- and the Comprehensive Economic Development Strategy.

The RTP defines and coordinates freeways, rail lines, rapid busways, transit stations, and trails/active transportation with each other and with growth – even while safeguarding natural resources, such as working farms, parks, and trails. Identified centers throughout the Wasatch Front Region are connected with a robust transportation system, especially transit, allowing for growth to be absorbed in higher density areas that benefit from locational efficiency. This new

Vision, which was vetted with local governments and adopted by the WFRC in May 2019, was used to allocate population and employment numbers for the development and modeling of the 2019 - 2050 Regional Transportation Plan (RTP).

The Wasatch Choice Vision was developed by working with local governments, asking them for their long-term vision considering regional infrastructure needs and impacts, regional quality of life performance, and their willingness to explore implementation of the Vision. The Wasatch Choice Vision is based on a broad, grassroots engagement with local stakeholders that assessed their desired outcomes, explored ideas for growth and transportation in scenarios, and assessed how those scenarios achieved desired outcomes.

Wasatch Choice implementation has been supported by the HUD-supported Sustainable Communities Initiative from 2014. WFRC, MAG, and many other partners including UDOT, UTA, Envision Utah, the University of Utah, and Salt Lake County completed the Sustainable Communities Initiative in 2014. The Sustainable Communities Initiative for the WFRC/MAG region focused on implementing the Wasatch Choice vision. This three-year process resulted in the creation of a model planning process known as "Envisioning Centers", a suite of state-of-the-practice planning tools and resources, and a website that aims to act as a public engagement portal for communities. The work enabled by HUD through the Sustainable Communities Initiative has helped to support other activities including the Transportation and Land Use Connection Program -- an effort by WFRC to support local governments in implementing the Wasatch Choice Vision.

In partnership with Salt Lake County, UDOT, and UTA, WFRC has continued the Transportation and Land Use Connection Program (TLC). This program supports local governments in their planning efforts, implementing the Wasatch Choice Vision. Through this program, communities are able to integrate land use and regional transportation plans that in turn reduce demands on the roadway system and increase utilization of the transit and active transportation system. The goals of the program are to maximize the value of investment in public infrastructure, enhance access to opportunity, increase travel options to optimize mobility, and to create communities with opportunities to live, work and play. TLC offers assistance in the form of staff time, consulting, or training to eligible applicants. Since the program's inception nine years ago, over 120 projects have been funded.

(2) Air Quality - Air quality is an important issue in transportation planning. The impact on air quality of each update of the Regional Transportation Plan and Transportation Improvement Program is evaluated and discussed in the respective Air Quality Memorandum.

The Clean Air Act Amendments of 1990 and subsequent transportation authorization bills up to and including the Infrastructure Investment and Jobs Act (IIJA), placed additional conformity requirements on the Plan and the TIP. The WFRC staff has developed procedures to make conformity determinations in accordance with Environmental Protection Agency (EPA) guidelines.

Urban Transportation Planning Process Certification – 2022

The conformity analysis for Amendment #3 of the 2019 - 2050 RTP addressing carbon monoxide (CO), particulate matter (PM10, and PM2.5), and ozone is contained in Air Quality Memorandum 40. The conformity analysis for the 2022-2027 TIP is documented in Memorandum 40a. Each memorandum received a public review and comment period. Air Quality Memorandum 40 was approved by the Wasatch Front Regional Council in August 2021, and subsequently received concurrence from FHWA and FTA.

Conformity analysis for the 2023-2028 TIP are out for public comment at the time of this writing.

The conformity analyses use the latest planning assumptions and the latest version of the MOVES3 vehicle emission model from EPA.

The WFRC and UDOT worked closely with the State Division of Air Quality (DAQ) in updating and revising the PM10 and PM2.5 State Implementation Plans, including mobile source emission budgets and transportation control measures, as necessary. They are also working closely with the DAQ in developing the Ozone State Implementation Plan.

In October 2008, EPA approved the Transportation Conformity SIP submitted by DAQ. The Conformity SIP defines the interagency consultation procedures for DAQ, WFRC, UDOT, and other agencies involved in air quality planning and transportation planning. The interagency consultation procedures defined in the Conformity SIP will be employed throughout the PM10, PM2.5 and ozone SIP development process. The Interagency Consultation Team met five times during FY 2022.

WFRC staff reports regularly to the Regional Council and its subcommittees regarding air quality trends and issues.

(3) Energy - Energy-related impacts were evaluated for the 2019 - 2050 Regional Transportation Plan in 2019. The Department of Energy (DOE) has identified several program measures dealing with energy conservation in transportation. The programs include: rideshare, driver training, alternative fuels, and right-turn-on-red. In addition to the DOE programs, congestion management strategies can be applied to reduce energy use. Congestion management strategies implemented within the Wasatch Front Area include: signal coordination, mass transit expansion, a regional vanpool program, high-occupancy vehicle facilities, reversible lanes on 5400 South, variable message signs, ramp metering, park and ride lots, incident management, and others. Projects implementing these strategies will continue to be programmed in the TIP. Congestion reducing strategies are identified and promoted as part of each Urban Surface Transportation Program project orientation meeting.

(4) Public Involvement - A formal public involvement process was adopted by the Wasatch Front Regional Council in 1993, and updated in 1997, 2006, 2014, and 2019. This process is for

all transportation plans and programs developed by the Regional Council. The process requires notification of interested persons and groups concerning plans and programs, advertised open houses to which the public is invited, and an annual public meeting of the Regional Council to discuss the TIP. The process is consistently implemented.

In addition, improvements are regularly made with examples noted below:

Communications Audit

In 2012, the public involvement program went through an extensive audit by an outside public relations firm to identify ways to improve the manner in which WFRC communicates with the public and other outside agencies and groups. There were several recommendations which were implemented through the 2014 Public Involvement Process Update as well as a new website and brochure.

To manage the development of a new, easily navigable, and informative website, the communications team worked collaboratively with each WFRC department to develop a content inventory/audit of the existing website and determine the content of a future website, with an eye toward areas for improvement. During a subsequent phase, the team researched and evaluated capabilities and functionalities of WordPress themes and plugins, solutions for syncing staged/live websites, and government requirements for accessibility. After developing a simple site map and participating in front end editing theme, plugin, and accessibility training, development of the website commenced. The new website was launched in December 2017.

To further inform relevant stakeholders of various programs, initiatives, and efforts, the communications team produced a visually appealing and educational brochure.

Formal Public Comment Periods

A formal public review and comment period was held for the 2019-2050 Regional Transportation Plan (RTP) in February and March, 2019, prior to its adoption in May, 2019. A similar comment period was held for the Draft 2022-2027 Transportation Improvement Program (TIP) from June 26 through July 31, 2021. WFRC placed public notices in local newspapers, in English and Spanish formats, as well as distributed emails to interested people and groups, posted information on the WFRC website, and generated social media posts to notify the public of the opportunity to comment.

Partner Events, Conferences, and Conventions

WFRC both attended and engaged virtually or in-person at events, conferences and conventions hosted by our partners, including the American Planning Association (APA) Utah, Association of Metropolitan Planning Organizations (AMPO), Utah Association of Counties (UAC), Utah League of Cities and Towns (ULCT), Bike Utah, UDOT, the National Association of Regional Councils (NARC), and others. The Wasatch Choice Vision, Regional Transportation Plan (RTP),

and/or Utah's Unified Transportation Plan were shared at the various conferences and conventions.

Presentations to Stakeholder Groups

In developing the Wasatch Choice Vision and 2019-2050 RTP, WFRC staff met with several regional stakeholders and transportation groups including the Utahns for Better Transportation; Property Reserve, Inc.; Farmland Reserve, Inc.; Suburban Land Reserve, Inc.; Salt Lake, Davis, and Weber county chambers of commerce; transportation subcommittees, and The University of Utah Department of City and Metropolitan Planning staff and students. WFRC staff also met with and presented to local groups, including National Association for the Advancement of Colored People, Salt Lake County Diversity Dinner, Trumpeters Club, Box Elder Planners Association, Salt Lake City Transportation Advisory Committee, American Public Works Association, UTA Transit Academy, Salt Lake County Association of Community Councils, Congress of the New Urbanism, Utah League of Cities and Towns, Utah Chapter of the American Planning Association, Urban Land Institute, Western Growth Coalition, community action programs, various city councils and planning groups, and secondary school and university classes. WFRC staff fielded questions at these meetings from stakeholders, documenting comments related to the RTP development process.

Online Engagement Tools

WFRC staff continues to successfully leverage online engagement tools, such as public comment layers on an interactive map, to educate the public and solicit public comment. For example, working with UDOT and UTA, WFRC staff obtained GIS data for the Draft 2022-2027 TIP projects and created an online interactive map showcasing the data and an added public comment layer. Staff pitched the TIP information to local reporters to garner media coverage about the tool.

Additionally, in an effort to refine the Wasatch Choice Vision and successfully obtain stakeholder input, WFRC staff created an online visualization tool, in both English and Spanish formats, utilizing the Esri Story Map program. Through the use of the tool, stakeholders were able to evaluate the Draft Vision and provide feedback on the proposed projects, land use, and economic development areas.

Environmental Justice

Regional Council staff members have contacted several groups or organizations representing historically underserved communities which include populations of low-income persons, persons with disabilities, and seniors to understand various community transportation needs. Review materials for the RTP and TIP, including interactive maps, have been provided in English and Spanish.

(5) Community Transportation Services – During fiscal year 2015, the Utah Transit Authority became the FTA 5310 designated recipient and has established a Coordinated Mobility

Department, which seeks to further previous efforts to plan for and address the needs of persons with disabilities, older adults, and people with low income. Local Coordinating Councils have been formed to serve the three large urbanized areas along the Wasatch Front. The Councils meet about five times each year, and include representatives from government agencies, non-profit human service transportation providers, private companies, and citizens. In collaboration with the Councils, UTA regularly updates the Human Service Transportation Plans for these three areas, and has developed a proactive 5310 program that helps transportation providers better meet the needs of the populations identified above. WFRC staff provides support as UTA leads these Community Transportation efforts. More information is available at: <https://www.rideuta.com/Rider-Info/Accessibility/Accessible-UTA/Coordinated-Mobility/>

(6) Environmental Justice - Census block group data continue to be mapped and analyzed regularly, including most recently in 2020, to identify locations with concentrations of minority households, low-income families, persons with disabilities, seniors, and zero-car households. This data will be updated using information from the 2020 Census, American Community Survey, and other administrative records. An “Access to Opportunities” (ATO) analysis was performed on both target and non-target populations. ATO helps to measure how efficiently our transportation system connects residents to activities and destinations. Broadly, ATO metrics quantify how well the current and future transportation system works with land use to help the region’s economy thrive. More directly, increased accessibility can have significant impacts on community livability as well as individual socioeconomic mobility.

WFRC spatially displayed the ATO measure to identify areas across the Wasatch Front Region that experience poor job accessibility. This measure was then overlapped with Equity Focus Areas (a dataset encompassing high concentrations of minority, low-income, and zero-car households), which identified areas with critical gaps in the existing transportation system. This analysis helped inform planning efforts in understanding and communicating how well Equity Focus Area populations can access existing employment and educational opportunities. Refinements are planned for FY23, so that transportation project ideas can then be developed to improve access for Equity Focus Area populations. Emphasis will also be placed on ensuring that there is limited to no negative disparity in ATO increases between Equity Focus Areas and the Region as a whole. Prioritization processes will also continue to be refined to be more responsive to improve mobility for Equity Focus Area populations.

In early FY22, WFRC conducted a “Community Organization” outreach meeting to engage a number of organizations that represent target populations. These meetings helped to determine specific transportation needs, barriers to mobility, and any impacts that might be caused by specific roadway and transit projects. Transportation concerns and issues that are noted by these groups will be documented in the 2023 - 2050 RTP.

Work began toward the end of FY22 to re-evaluate 1) the definition of Equity Focus Areas, 2) outreach during RTP and TIP development, and 3) how equity might be more holistically

addressed in WFRC's transportation planning efforts. FY22 built off of the previous year's equity work by incorporating Equity Focus Areas into the 2023-2050 RTP update. This was done by looking at the impacts that the identified external forces and potential policies had on equity focus areas in the region. Topic areas that were started in FY22 and will carry into FY23 include: the formation of the Wasatch Choice Community Advisory Committee, human narrative pieces for the 2023-2050 RTP which incorporate real stories from a broad selection of individuals across the Wasatch Front, the benefits and impacts of equity components to projects within the RTP, outreach and information sharing of transportation-related equity issues to different community partners, and service planning of transit.

(7) All Modes - Both the adopted 2019-2050 Regional Transportation Plan (RTP) and the 2023-2030 RTP, that is currently under development, are multi-modal, and do and will comprise the long-range transportation plan for the Wasatch Front Region through the year 2050. A variety of modes of transportation, for both people and freight movement, were and are being examined and evaluated. Recommended roadway, transit, and active transportation projects needed between now and 2050 to meet travel demand were and are developed from a regional visioning exercise, a series of multi-modal transportation and land use scenarios, a complete modeling analysis, and a needs-based and financial phasing review. The 2019-2050 RTP and 2023-2050 RTP include new roadway capacity improvements, additions to the existing transit network, improved air and land freight movement, and increased bicycle and pedestrian facilities.

Both the 2019-2050 RTP and the 2023-2050 RTP promote shared opportunities for multi-modal transportation development, including light rail, commuter rail, core bus service, bus rapid transit, streetcar, and bicycle and pedestrian pathways and trails. Identified park-and-ride lots are located relative to automobile, pedestrian, and bicycle connections for access to rail, bus service, and carpools. Feeder bus service to the light rail system is provided, along with transit hubs for transfers between different travel modes. Transit-to-transit connections are possible, as well as transit to airport travel connections. Access to Salt Lake City International Airport cargo facilities, railroad freight service, Amtrak passenger rail service, and interstate bus lines (i.e. Greyhound) is provided by planned intermodal facilities.

In accordance with adopted WFRC goals and priorities, the 2019-2050 RTP attempts to collaboratively develop and implement the Wasatch Choice Vision for transportation, land use, and economic development. The 2019-2050 RTP was developed under the guidelines of the Fixing America's Surface Transportation Act (FAST Act). As much as possible, FAST Act and its ten planning factors, such as "enhance the integration and connectivity of the transportation system, across and between modes, for people and freight," were incorporated into the 2019-2050 RTP. Similarly the 2023-2050 RTP addresses the planning factors within the Infrastructure Investment and Jobs Act (IIJA).

The WFRC works closely with all partner agencies to develop and implement priority active transportation networks that reside on UDOT plans, UTA plans, local community plans, and

in WFRC's Regional Transportation Plan. This has been especially relevant with the State of Utah's recent one-time appropriation in 2021 of \$35 million and one-time appropriation in 2022 of \$45 million toward active transportation projects where the eligible project list was developed among transportation partners.

In 2015, only one community in the region had a stand-alone active transportation plan. By 2022, 37 communities have completed active transportation plans and 9 communities are currently undergoing this planning process. These local active transportation plans have been collaborations between the communities, WFRC, UDOT, UTA, and other relevant stakeholders.

In order to build on the 2012 Utah's Collaborative Active Transportation Study (UCATs) work, UDOT, UTA, WFRC, MAG, and local communities participated in the development of a First and Last Mile Study. The First and Last Mile Study identified key missing active transportation infrastructure that is necessary to access transit by bike or foot. The First and Last Mile Study was the backbone of a successful 2016 TIGER funding application for \$20 million. The 2019-2050 RTP is the first time that WFRC has phased active transportation needs using evaluation criteria developed from the Wasatch Choice Vision goals, with input provided by transportation partners and local communities.

UDOT is currently undergoing an update to the Utah Freight Plan and has collaborated with transportation partners such as WFRC in its planning efforts. WFRC coordinates with UDOT on a variety of freight-related efforts through the statewide Freight Advisory Committee. WFRC also communicates with the Utah Inland Port Authority, a state corporation directed at maximizing the long-term economic benefits of a robust logistics system in the northwest quadrant of Salt Lake City. At the end of FY22, WFRC kicked off an Urban Freight and Local Delivery Study which will look at a variety of challenges the freighting industry is seeing with regards to new technologies, changing delivery landscape and policies, last mile strategies, and land use changes. This study will become a resource for WFRC member communities.

In another effort to address all modes, the Point of the Mountain (POM) study focused on economic development strategies at this critical location and the impact that growth will have on surrounding land use and the transportation networks at the Salt Lake and Utah County line. UTA has been studying a new transit corridor associated with the POM, which identified mode and alignment. Work to determine corridor mode and complete an environmental document for the project will continue through FY23. WFRC has also been an active participant in The Point master plan development, which is specifically focused on land use and transportation at the Utah State Prison redevelopment site, and is incorporating findings from the POM study.

Multimodal transportation planning continued to be the guiding principle in developing the 2023-2050 RTP. The 2023-2050 RTP has several key focus areas: external forces and forward-thinking transportation policies, equity, resiliency, safety, and freight. Each of these key focus areas aims to strengthen the transportation network through a multimodal lens. WFRC's forces and policies work, described in more detail further in the Certification Review.

(8) Social, Economic, and Environmental Factors - Since 1977, the social, economic, and environmental impacts to the transportation plans have been evaluated before each update to the RTP was adopted. Among the impacts evaluated are capital and operating costs, public health, air pollutant emissions, energy consumption, and other environmental impacts. These impacts are documented in each RTP report. In recent years, the WFRC increased its contacts with environmental and other resource agencies to ensure these factors are considered in more depth. These contacts will continue as future plans are developed.

The WFRC is a federally recognized Economic Development District (EDD) designated by the U.S. Department of Commerce and the Economic Development Administration (EDA). As such, the Wasatch Front Economic Development District (WFEDD) is committed to linking economic development to the Wasatch Choice Vision by providing transportation choices, supporting housing options, and preserving open space. The District is committed to providing technical assistance, strategic planning, and the economic assessment and analysis necessary to promote good mobility, cleaner air, housing affordability, access to opportunities and overall high quality of life. Some of the accomplishments of the WFRC/WFEDD include the completion of the 5-year Comprehensive Economic Development Strategy, analysis of existing and future economic growth centers and how they might impact the region's transportation infrastructure and economy, and partnerships with local, regional and state entities to create the conditions for broadly shared long-term prosperity.

The WFRC developed a green infrastructure network design and plan, (Re)Connect: Green Infrastructure in the Wasatch Front, for the region with help from the Utah Division of Forestry, Fire, and State Lands, the U.S. Forest Service, the Governor's Office of Planning and Budget, Quality Growth Commission, and the consulting firm Center for Green Infrastructure Design. The plan, adopted in February 2012, can be used to identify and more fully understand priority green infrastructure lands and network connections within the region. The plan and network design maps can be used to inform other short and long-range plans and studies. Green Infrastructure elements were used to evaluate projects and phasing in the now adopted 2019-2050 Regional Transportation Plan with the understanding that additional environmental review will take place during project development (NEPA process).

(9) The FAST Act identifies ten planning factors that must be considered in the development of long-range plans and transportation improvement programs. The 2019-2050 RTP, adopted in May 2019, addresses all ten planning factors such as improving transportation system management, mobility, connectivity, safety, and security. The 2023-2050 RTP, planned to be adopted in May 2023, will address all IIJA requirements, including the coordination of integration of housing, transportation, and economic development strategies.

In addition to identifying planning factors to guide MPOs, MAP-21, the FAST Act, and continuing with the IIJA, also provided a performance management framework for state DOTs,

Urban Transportation Planning Process Certification – 2022

transit agencies, and MPOs to assess and monitor the performance of the transportation system. Outlined were seven national performance goals for the Federal-aid highway program and two national performance goals for transit agencies (as shown in the table below). Each DOT, transit agency, and MPO is required to coordinate efforts to set performance targets and report on progress toward meeting national goals and agency targets. The 2019-2050 RTP should help the DOT and transit agency make progress toward achieving performance targets. WFRC incorporated the national goals into the Wasatch Choice Vision goals and aligned project selection and prioritization to improving the performance of the regional transportation system. In the 2023-2050 RTP, both project selection and prioritization were revised to enhance and strengthen the connection to both national and regional performance measures, notably to safety and equity. The 2019-2050 RTP includes targets and reporting for each applicable national performance measure and the 2023-2050 RTP will enhance this performance reporting. WFRC has continued to coordinate with UDOT and UTA to update targets for the next four-year reporting period.

Goal Area	National Goal
Safety	To achieve a significant reduction in traffic fatalities and serious injuries on all public roads
Infrastructure condition	To maintain the highway infrastructure asset system in a state of good repair
Congestion reduction	To achieve a significant reduction in congestion on the National Highway System
System reliability	To improve the efficiency of the surface transportation system
Freight movement and economic vitality	To improve the national freight network, strengthen the ability of rural communities to access national and international trade markets, and support regional economic development
Environmental sustainability	To enhance the performance of the transportation system while protecting and enhancing the natural environment
Reduced project delivery delays	To reduce project costs, promote jobs and the economy, and expedite the movement of people and goods by accelerating project completion through eliminating delays in the project development and delivery process, including reducing regulatory burdens and improving agencies' work practices

(10) Management Systems - ISTEA required states to develop six Management Systems (Pavement (PMS), Bridge (BMS), Safety (SMS), Intermodal (IMS), Congestion (CMS), and Public Transit (PTMS)). Since the passage of subsequent transportation funding legislation, only

the PMS, BMS, and CMS elements are required. The WFRC adopted a fully operational CMS (Congestion Management System) in September 1997 and has continued to maintain and apply this process. The WFRC encourages congestion mitigation strategies through the Congestion Management Process (CMP) required by the IJIA. Specific congestion management and safety improvement strategies are highlighted at the project orientation meeting as each Urban Surface Transportation Program project enters the implementation phase.

UDOT maintains a PMS (Pavement Management System) for state roads, and several local governments practice proactive pavement management as well. UDOT also maintains the BMS (Bridge Management System) for state and local structures throughout the state.

(11) Participation by Private Transit Providers - During the 1986 program year, Trans Com approved a policy statement concerning the participation of private enterprises in the transportation planning process. Among the issues addressed in the policy statement are the notification of private enterprises of their opportunities to participate in plans and programs being considered, how private enterprises will be consulted in preparing plans and programs, and what efforts will be made to analyze opportunities for private enterprises to provide service or participate in capital investments. Since 1986, private transportation providers have been notified annually of the opportunity to participate in the transit planning process and of the Transportation Improvement Program recommendations, but few comments have been received. Private providers were given an opportunity to comment on the draft 2022-2027 Transportation Improvement Program recommendations during the 30-day comment period. Private companies currently provide a number of services for UTA, and UTA continues to evaluate various other aspects of their operation where private enterprise may participate. Private providers are also participating in Local Coordinating Councils.

(12) Since the enactment of ISTEA, the Regional Transportation Plans have included a Financial Plan which identifies how both the highway and transit recommendations could be paid for. In preparing the 2019-2050 RTP, WFRC staff, working closely with UDOT, UTA, and the three other MPO's in the State reviewed existing revenue and project costs and made reasonable revenue and cost assumptions for a statewide financial model. The financial model takes into account the latest actions by Congress, the Utah State Legislature, and local communities. Updating this statewide financial model with the entities noted above has been part of the development of the 2023-2050 RTP and the model will be utilized to fiscally constrain the Plan.

The 2022-2027 Transportation Improvement Program (TIP) includes a Financial Plan, which identifies the funding amount and source for each highway and transit project. Specifically, the Financial Plan shows that all of the projects used in the air quality conformity analysis can be expected to be funded. Agency sponsors of federal-aid highway projects are responsible for providing the matching funds for their projects.

(13) Transportation Enhancements – With the approval of the Moving Ahead for Progress in the 21st Century Act (MAP-21) the Transportation Enhancement program along with the Recreational Trails Program and the Safe Routes to School program were combined into a new program entitled Transportation Alternatives Program (TAP). Not only were the funding levels reduced but the distribution of the funding and the project selection process was changed. Unlike the Transportation Enhancement program where the MPOs and other interested parties played advisory roles in the project selection, MAP-21 required that 50 percent of the TAP funding be sub-allocated to areas based on their relative share of the total State population with the remaining 50 percent available for use in any area of the State.

With the approval of the FAST Act, the MAP-21 Transportation Alternatives Program (TAP) was eliminated and replaced with a set-aside of Surface Transportation Block Grant (STBG) program funding for transportation alternatives (TA). These set-aside funds include all projects and activities that were previously eligible under TAP, encompassing a variety of smaller-scale transportation projects such as pedestrian and bicycle facilities, recreational trails, safe routes to school projects, community improvements such as historic preservation and vegetation management, and environmental mitigation related to storm-water and habitat connectivity.

The WFRC staff has worked with the other MPOs and UDOT to coordinate program responsibilities and support Safe Routes to School type projects and the Recreational Trails program. WFRC has also worked with its appropriate advisory committees to develop and implement a competitive process for programming the TAP funds sub-allocated to WFRC. The process was developed to program the TAP funds in the Salt Lake/ West Valley and the Ogden/ Layton Urbanized Areas to fund primarily both larger and smaller bicycle and pedestrian capital improvement projects, including Safe Routes to School projects, with community plans for bicycle and pedestrian systems also being eligible for funding.

(14) Intelligent Transportation System - In 2011, UDOT completed an update to the Regional ITS Architecture in cooperation with WFRC, MAG, and UTA. WFRC works with UDOT, UTA and local governments to facilitate coordination in ITS planning and operations through the Salt Lake/ West Valley traffic management subcommittee which reports to the Trans Com technical advisory committee. This Subcommittee is key in developing ITS deployment plans for the region that greatly improve the efficiency of existing highway and transit systems. For example, this group is expanding the use of automated traffic signal performance metrics.

3. Products

a. Regional Transportation Plan - The Wasatch Front 2019-2050 Regional Transportation Plan (2019-2050 RTP) reflects a continuous effort by the Regional Council to identify, plan, finance, and implement a coordinated system of transportation improvements to serve existing and expected growth in travel demand throughout the Region. A 31-year planning horizon was selected for the 2019-2050 RTP effort and covers the planning period from the year 2019 to 2050. The planning policies and recommendations of the 2019-2050 RTP were prepared under

the guidelines of the FAST Act. Developed in close cooperation with representatives from UDOT, UTA, MAG, and local communities, stakeholders, and the general public. The 2019-2050 RTP includes recommendations for road, transit, and active transportation improvements. As the 2019-2050 RTP was prepared, WFRC worked with its partners to develop performance measures that will facilitate better evaluation of the outcomes of the integrated land use and transportation networks per the FAST Act.

The planning process and recommendations are documented in the report entitled Wasatch Front Regional Council 2019-2050 RTP, and are based on the Wasatch Choice Vision described earlier. The RTP lists capital improvement projects, provides upgrades to the region's existing transportation facilities, and identifies potential social, economic, and environmental impacts and benefits of implementing the recommended improvements. Finally, the 2019-2050 RTP was developed within the constraints of financial feasibility. The list of recommended highway and transit facility improvements contain only those projects that can be funded by 2050. Reasonable financial assumptions were made concerning both future revenues for transportation improvements and the estimated costs of recommended highway and transit facilities. To coincide with anticipated financing and revenue streams, the implementation of the 2019-2050 RTP was divided into three separate phases: Phase 1 (2019-2030); Phase 2 (2031-2040); and Phase 3 (2041-2050).

A key focus area for the 2023-2050 RTP is the exploration and understanding of external forces and future-thinking transportation policies – transportation technologies, shifts in market and consumer demand, and emerging policies – that may impact transportation, land use, and economic development decisions. The intent of this approach is to elevate the discussion of these factors and understand impacts statewide, regionally, and locally. Following initial research and literature review, WFRC compiled a list of over 20 topic areas of external forces and policies that were presented to and discussed with peer groups. The peer groups were grouped by topic (active transportation, local communities, transit and on-demand travel, and roadways) and consisted of staff from local governments, agencies, and businesses whose work is directly tied to, or may be heavily influenced by, the identified forces. The purpose of the peer groups was to hold space for meaningful dialogue on the identified influences and policies, develop consensus on which external forces were important to address, approximate the range of impacts from these forces, and determine whether these influences and policies should be tested through simulated scenarios. Each peer group meeting included a discussion of each force as well as a poll asking each participant how impactful they believed each force would be in the future. WFRC used these discussions and polling results to inform the development of three future year 2050 scenarios comprising various rates of implementation for each external force. In FY22, these future scenarios were refined into one preferred scenario to serve as the basis of the 2023-2050 RTP. Needs based phasing was completed in FY22 for the 2023-2050 RTP with an anticipated adoption of the Plan in May of 2023. As the 2023-2050 RTP is being developed, staff will continue to work to meet fiscal constraint, air quality conformity, public outreach, and other federal planning requirements.

b. Congestion Management Process (CMP) - Since 1997, short range transportation needs have been identified through the CMP. An overview of the CMP is available on the WFRC website at this [link](#).

The congestion management process (CMP) is an analysis tool to support development of the Regional Transportation Plan (RTP) and the Transportation Improvement Program (TIP) for the Wasatch Front Regional Council (WFRC). The CMP identifies congestion reduction needs and provides information and suggestions to decision-makers, in an effort to meet those needs. Demand management and system management strategies are evaluated with the intent to reduce the congestion without increasing highway capacity, or to maximize efficient traffic operations when additional capacity is warranted. The results of the CMP contribute to an efficient and effective transportation system, increased mobility and accessibility, and maximized utility from limited resources.

The CMP defines a number of performance measures and strategies to relieve congestion. Analyzing modeled and actual data facilitates the identification of congested locations and evaluation of congestion relief strategies. The CMP evaluates various system management and demand management strategies and suggests appropriate strategies by functional class of highway, as well as Urban Surface Transportation Program (STP) projects identified in the TIP.

Another role of the CMP is to determine if additional capacity is warranted by demonstrating whether anticipated congestion can be relieved by transportation demand management (TDM) and transportation system management (TSM) strategies alone. In the event additional capacity is needed, the CMP recommends TSM and TDM strategies to be incorporated into the new capacity projects. Corridors where TDM and TSM strategies can postpone or eliminate the need to add capacity are also identified.

In 2009 WFRC initiated a highway and transit system performance report to be presented to Trans Com regularly. Measures used in the report are developed in cooperation with UDOT and UTA to reflect their reporting needs and preferences and the data currently being collected by these agencies. The report evaluates congestion trends, highway performance, and transit performance for the region based on observed data. This report, most recently presented in 2021, helps policymakers understand transportation system needs.

c. Transportation Improvement Program (TIP) - The WFRC has been preparing Transportation Improvement Programs since 1975. In addition to identifying new projects, WFRC staff models proposed congestion mitigation strategies and encourages implementation of TSM and TDM concepts for projects in the TIP. The WFRC approved the 2022-2027 TIP at its August 2021 meeting and found the TIP to conform with the State Implementation Plan for Air Quality (SIP). The Division of Air Quality (DAQ) was involved in the air quality conformity analysis and was given an opportunity to review the TIP. WFRC has prepared reports to document the TIP and the air quality conformity analysis and findings. The WFRC staff has also

Urban Transportation Planning Process Certification – 2022

continued to prepare annual reports on the obligation of federal highway and transit funds in the region for Trans Com, the Regional Council, and the public.

d. Unified Planning Work Program (UPWP) - The WFRC prepared a Unified Planning Work Program (UPWP) annually from 1974 through 2008. From 2009 through 2016 work programs each covered a two-year time frame. Due to various budget and work program reporting requirements, the WFRC is again preparing annual work programs. The Council approved the UPWP for fiscal year 2023 in May 2022. Extensive transportation planning work, including the principal products of the MPO and numerous collaborative efforts and studies in the area, is identified in the UPWP, and the work program is prepared in cooperation with UDOT and UTA.

4. Consistency with Other Requirements

a. Title VI Compliance - The WFRC, UDOT, and UTA comply with Title VI of the Civil Rights Act of 1964.

b. Certification of Restrictions on Lobbying - The WFRC complies with the federal restrictions on lobbying.

5. Recent actions affecting the WFRC's Transportation Planning Process

a. Modification of Urbanized Area Boundaries – In the spring of 2012, the U.S. Census Bureau re-defined the boundaries of the Ogden-Layton Urbanized Area to include portions of Box Elder County, Brigham City, Perry City, and Willard City. The WFRC has updated its governing documents to include the local units of government in Box Elder County that are in the Ogden-Layton Urbanized Area. This action officially incorporates these new areas in the transportation planning process and ensures they are eligible and can compete for STP, CMAQ, and TAP funds.

b. Approval of the federal transportation authorization bill – In November 2021 the Infrastructure Investment and Jobs Act (IIJA) was signed as the new transportation bill with an expiration date of September 30, 2026. The WFRC has adapted its transportation planning process or is in the process of doing so, to correspond with and address the requirements identified in the IIJA.

DATE: August 18, 2022
AGENDA ITEM: 5a
SUBJECT: **2023-2050 Regional Transportation Plan (RTP) Update**
PREPARED BY: Ted Knowlton, Deputy Director,
Jory Johner, Long Range Planning Manager, and
Megan Townsend, Community and Economic Development Director

At the August 25th WFRC Council, WFRC staff and partners will provide a brief update on activities that relate to or implement the [Wasatch Choice Vision](#), our shared framework to prepare our communities and region to address the challenges of growth and preserve and enhance quality of life for generations to come.

This update will briefly cover three topics:

1) The Regional Transportation Plan development

The RTP is the transportation element of the Wasatch Choice Vision. The RTP is adopted every four years; this update will be adopted in May 2023 and will address transportation needs through the year 2050. The RTP is integrated into the overall Utah Unified Transportation Plan.

A central part of the development of the RTP is the phasing or prioritization of roadway, transit, and active transportation projects. Staff will outline the draft phasing and how input will be sought.

2) The new Utah Statewide Growth Conversation

Utah's Governor's Office of Planning and Budget (GOPB) is leading a "Statewide Conversation about Growth." This aims to 1) help residents understand the benefits of the [Wasatch Choice Vision](#) and Utah's Unified Transportation Plan, and to 2) ask residents about their key issues of concern as well as other 'big move' policy / investment decisions that Utah could explore that complement the Wasatch Choice Vision.

GOPB and WFRC will outline this Statewide Growth Conversation and how WFRC and your communities will be engaged in this effort. This will include near-term engagement opportunities.

3) [Station Area Planning](#) (per HB 462 on Housing)

WFRC is aiding communities to implement the station area plan provisions of HB462 (housing bill from 2022). Those provisions are consistent with the [Wasatch Choice Vision](#), and our communities' identification of centers for development.

The Station Area Planning technical assistance program has launched and is moving forward. We'll provide an update and information on how WFRC and UTA are working with communities to advance your Station Area Planning efforts.

RECOMMENDATION:

This item is for discussion only

DATE: August 25, 2022
AGENDA ITEM: 6a
SUBJECT: WFRC Funding Opportunities for Local Governments
PREPARED BY: Wayne Bennion

BACKGROUND:

The Wasatch Front Regional Council administers or assists with nine programs that provide resources for local governments, totaling approximately \$50 million annually. These programs include:

- Surface Transportation Program (STP)
- Congestion Mitigation Air Quality (CMAQ)
- Transportation Alternatives Program (TAP)
- Carbon Reduction Program (CAP)*
- Transportation and Land Use Connection (TLC)
- Station Area Plan Technical Assistance (SAP)*
- Community Development Block Grant (CDBG)
- Community Impact Board (CIB)
- Wasatch Front Economic Development District (WFEDD)

A presentation will be given briefly overviewing these programs, to increase awareness of funding and resource opportunities, as well as to encourage efficiency and coordination among the programs for applicants. More information regarding each of these programs is in the exhibit.

* New program

RECOMMENDATION:

This is an information item only.

CONTACT PERSON:

Wayne Bennion, 801-363-4250 x1112 or wbennion@wfrf.org

EXHIBIT:

WFRC Funding Programs Packet

WFRC Funding Programs

The Wasatch Front Regional Council is responsible for administering and assisting with nine programs that provide funding and resources for local governments. These are briefly described below, with additional detail on timelines, eligibility, etc. shown on the following pages.

The [Surface Transportation Program \(STP\)](#) provides funding that may be used for projects on Federal-aid eligible highways, transit capital improvements, and active transportation projects.

The [Congestion Mitigation Air Quality \(CMAQ\)](#) provides funding for transportation projects that improve air quality.

The [Transportation Alternatives Program \(TAP\)](#) funds construction and planning of bicycle and pedestrian facilities.

The [Carbon Reduction Program \(CRP\)](#) provides funding for transportation projects that reduce on-road carbon dioxide emissions.

The [Transportation and Land Use Connection \(TLC\)](#) supports local governments with technical assistance to integrate land use planning and regional transportation, implementing the Wasatch Choice Vision. The TLC program is made available through a partnership with Salt Lake County, the Utah Transit Authority, and the Utah Department of Transportation.

[Station Area Plan Technical Assistance \(SAP\)](#) is available through WFRC on a rolling basis from July 2022 to July 2024, in partnership with the Governor's Office of Economic Opportunity, the Utah Transit Authority, and the Mountainland Association of Governments. As of 2022 cities with a fixed-guideway public transit station (rail or BRT) must develop a Station Area Plan for that station and update their general plan and zoning to implement the Station Area Plan.

The [Community Development Block Grant \(CDBG\)](#) Small Cities Program provides funding to local governments and public service providers for a variety of housing, infrastructure, public service, and community development projects that principally benefit low to moderate-income persons in Morgan, Tooele, and Weber Counties, excluding the entitlement city of Ogden.

The [Community Impact Board](#) Program provides grants and low interest loans to communities that have federally leased land used for mineral extraction to help make up for a loss of tax revenue that cannot be collected on that leased land.

The [Wasatch Front Economic Development District \(WFEDD\)](#) is a federally recognized Economic Development District created to foster regional economic developments and assist eligible entities in developing competitive grant applications from the U.S. Department of Commerce Economic Development Administration.

General application milestones for the first five programs are:

Letter of Intent due September 29, 2022

Application due December 8, 2022

Application Information

Funding Program	Purpose	Letter of Intent Due Date	Application Due Date	Year Funds Available	Approximate Funds Available to the Region Annually	Selection Process	Contact
Surface Transportation Program (STP)	Surface Transportation Improvements	September 29, 2022	December 8, 2022	2029	\$29,000,000 - \$33,000,000	Competitive	Ben Wuthrich bwuthrich@wfrc.org
Congestion Mitigation Air Quality (CMAQ)	Projects that reduce mobile source emissions	September 29, 2022	December 8, 2022	2029	\$7,000,000 - \$8,000,000	Competitive	Ben Wuthrich bwuthrich@wfrc.org
Transportation Alternatives Program (TAP)	Bicycle and Pedestrian Facilities	September 29, 2022	December 8, 2022	2025	\$3,000,000	Competitive	Ben Wuthrich bwuthrich@wfrc.org
Carbon Reduction Program (CRP)	Projects that reduce on-road CO2 emissions	September 29, 2022	December 8, 2022	2025	\$3,000,000 - \$4,000,000	Competitive	Ben Wuthrich bwuthrich@wfrc.org
Transportation and Land Use Connection (TLC)	Planning Assistance	September 29, 2022	December 8, 2022	2023	\$1,900,000	Competitive	Megan Townsend mtownsend@wfrc.org
Station Area Planning (SAP)	Planning Assistance for SAPs	N/A	Deadlines every 2 months	2022	Up to \$5million over 2 years	Non-Competitive	Megan Townsend mtownsend@wfrc.org
Community Development Block Grant Program (CDBG)	Housing and Community Development Activities	Mandatory How to Apply Workshop: 10/20/22, 3pm	January 31, 2023	2023	\$1,000,000	Competitive	Christy Dahlberg christy@wfrc.org
Community Impact Board (CIB)	Planning and Infrastructure Loans/Grants	Updated Capital Improvement Plan Each March	February, June, October	Ongoing	N/A	Competitive	Christy Dahlberg christy@wfrc.org
Economic Development Administration	Economic Development and Marketing Strategies	N/A	Ongoing	Ongoing	\$100,000+	Competitive	Marcia White mwhite@wfrc.org

Surface Transportation Program (STP)

Program Description

Provides funding that may be used for projects on Federal-aid eligible highways, transit capital improvements, and active transportation projects.

Program Eligibility

An eligible project sponsor must be a local government in the Ogden/ Layton Urbanized or Salt Lake/ West Valley Urbanized Area, the department of transportation, or the transit authority, or submit a letter in cooperation with one of these entities.

Eligible Activities

STP funds may be used for constructing new streets or widening, improving, or reconstructing existing streets classified as Federal Aid Eligible (FAE) freeways, highways, arterials or collectors (click [here](#) for the latest version of the FAE facilities map in your Urban Area). In addition, STP funds can be used for bridge replacement, intersection improvements, projects which reduce traffic demand, such as transit capital improvements and active transportation, and other projects as provided for in federal legislation. Major highway and transit capacity improvements must be identified in the first phase of the 2019-2050 RTP.

Funding

By population formula, the federal government currently apportions approximately \$10,000,000 - \$12,000,000 in Urban STP funds each year to the Ogden/ Layton Urbanized Area, and approximately \$20,000,000 - \$22,000,000 in the Salt Lake/ West Valley Urbanized Area. Funds are programmed over a six-year period and applicants currently will be competing for funds available in the federal fiscal year 2029.

Letters of Intent

In order for the WFRC staff to recommend whether a sponsor should submit an application, the “Letter of Intent” must include the project name, project limits, a brief project description, and an estimated cost. A list of all the projects appropriately submitted will be distributed to members of the Councils of Governments (COGs) and then reviewed by WFRC to determine program eligibility. **Letters of Intent are due September 29, 2022 electronically.** [Form available here.](#) This letter should be signed by the Mayor, Commissioner, or executive director of the sponsoring agency.

Applications

Sponsors of eligible projects will be notified and required to submit a new and/or updated “Project Evaluation Concept Report” and “Cost Estimation Form” for each project by **December 8, 2022**. These reports will be reviewed for completeness. The projects will be evaluated and scored by the WFRC staff according to the approved criteria prior to presenting information to the Technical Advisory Committees for review and recommendation. The projects and the recommendations will then be presented to the COGs for discussion and review, as well as to Trans Com for recommendation to the Regional Council.

Congestion Mitigation/Air Quality (CMAQ)

Program Overview

CMAQ provides federal funding for transportation projects and programs that reduce congestion and improve air quality.

Program Eligibility

An eligible project sponsor must be a local government in the [Ogden/ Layton or Salt Lake/ West Valley Urbanized Area](#), the Utah Department of Transportation, or the Utah Transit Authority. Other entities can partner with eligible applicants.

Eligible Activities

Funds must be used for transportation projects which improve air quality within the Urbanized Area. Examples of eligible projects include transportation control measures in the State Air Quality Implementation Plan (SIP); construction/ purchase of new public transportation facilities and equipment; construction of bicycle or pedestrian facilities serving commuter transportation needs; promotion of alternative travel modes, including ridesharing; Intelligent Transportation Systems (ITS); and certain traffic control measures, such as traffic signal coordination, intersection improvements, and incident management. The funds may not be used for major road widening.

Funding

By population formula, the U.S. Department of Transportation currently apportions approximately \$3,000,000 in CMAQ funds each year to the Ogden/ Layton Urbanized Area and approximately \$5,600,000 in the Salt Lake/ West Valley Urbanized Area. Funds are programmed over a six-year period and applicants currently will be applying for funds available in federal fiscal year 2029.

Letters of Intent

In order for the WFRC staff to recommend whether a sponsor should submit an application, the “Letter of Intent” must include the project name, project limits, a brief project description, and an estimated total project cost. A list of all the projects appropriately submitted will be distributed to members of the Councils of Governments (COGs) and will be reviewed by WFRC to determine program eligibility. **Letters of Intent are due September 29, 2022 electronically.** [Form available here.](#) This letter should be signed by the Mayor, County Commissioner, or executive director of the sponsoring agency.

Applications

Sponsors of eligible projects will be notified and required to submit a new and/or updated “Project Evaluation Concept Report,” “Cost Estimation Form,” and “Emissions Analysis Form” for each project **by December 8, 2022**. These forms will be reviewed for completeness and supporting documentation. The projects will be evaluated and scored by the WFRC staff according to the approved criteria prior to presenting information to the WFRC Technical Advisory Committees for review and recommendation. After this, the projects and recommendations will be presented to the COGs for input, and then to Trans Com for recommendation to the Regional Council.

Project Evaluation

Projects submitted to compete for CMAQ funds are scored based on annual emissions reduction benefit divided by project cost. The length of the project’s effective life in years is included in the benefit/ cost calculation. Other benefits of a project such as safety, congestion relief, or synergy with other improvements, are also considered. Because the principal purpose of the CMAQ Program is to improve air quality by reducing mobile source emissions, applicants are encouraged to submit a project that will generate a significant air quality benefit. Examples of the air quality benefits from some past CMAQ-funded projects are included in this [graph](#). Each project submitted is evaluated independently for its air quality benefit.

Staff Contact

Ben Wuthrich, bwuthrich@wfrc.org, (801) 363-4230 x1121

Transportation Alternatives Program (TAP)

Program Description

TAP funds are for the construction and planning of bicycle and pedestrian facilities.

Program Eligibility

An eligible project sponsor must be a local government in the Ogden/ Layton or Salt Lake/ West Valley Urbanized Area, the department of transportation, or the transit authority, or submit a letter in cooperation with one of these entities.

Eligible Activities

Funds may be used for construction, planning, and design of on-road and off-road trail facilities for pedestrians, bicyclists, and other non-motorized forms of transportation, including sidewalks, bicycle infrastructure, pedestrian and bicycle signals, traffic calming techniques, lighting and other safety-related infrastructure that will provide safe routes for non-drivers, and transportation projects to achieve compliance with the Americans with Disabilities Act of 1990. Funding eligibility includes Safe Routes to School infrastructure projects.

Funding

By population formula, the federal government currently apportions approximately \$1,100,000 in TAP funds each year to the Ogden/ Layton Urbanized Area and approximately \$2,000,000 to the Salt Lake/ West Valley Urbanized Area. Applicants will be competing for funds available in the federal fiscal year 2025.

Letters of Intent

In order for the WFRC staff to recommend whether a sponsor should submit an application, the “Letter of Intent” must include the project name, project limits, a brief project description, and an estimated cost. A list of all the projects appropriately submitted will be distributed to members of the Councils of Governments (COGs) and then reviewed by WFRC to determine program eligibility. **Letters of Intent are due September 29, 2022 electronically.** [Form available here.](#) This letter should be signed by the Mayor, Commissioner, or executive director of the sponsoring agency.

Applications

Sponsors of eligible projects will be notified and required to submit a new and/or updated “TAP Concept Report” and “Cost Estimation Form” for each project by **December 8, 2022**. These reports will be reviewed for completeness. The projects will be evaluated and scored by the WFRC staff according to the approved criteria prior to presenting information to the Technical Committees for review and recommendation. The projects and the recommendations will be presented to the COGs and the Active Transportation Committee for discussion and review, and then to Trans Com for recommendation to the Regional Council.

Staff Contact Ben Wuthrich, bwuthrich@wfrc.org, (801) 363-4230 x1121

Carbon Reduction Program (CAP)

Program Overview

CAP funding may be used on a wide range of projects that support the reduction of on-road CO2 emissions.

Program Eligibility

An eligible project sponsor must be a local government in the [Ogden/ Layton or Salt Lake/ West Valley Urbanized Area](#), the Utah Department of Transportation, or the Utah Transit Authority. Other entities can partner with eligible applicants.

Eligible Activities

Funds must be used to reduce on-road CO2 emissions, which may include projects and strategies for safe, reliable, and cost-effective options to reduce traffic congestion by facilitating the use of alternatives to single-occupant vehicle trips, including public transportation facilities, pedestrian facilities, bicycle facilities, and shared or pooled vehicle trips within the Urbanized Area. Examples of eligible projects include traffic monitoring management, advanced truck stop electrification systems, construction/ purchase of new public transportation facilities and equipment; construction of bicycle or pedestrian facilities, promotion of alternative travel modes, including ridesharing; Intelligent Transportation Systems (ITS); and certain traffic control measures such as traffic signal coordination, intersection improvements, and incident management. and certain types of projects to improve traffic flow that are eligible under the CMAQ program.

Funding

By population formula, the U.S. Department of Transportation currently apportions approximately \$1,400,000 in CMAQ funds each year to the Ogden/ Layton Urbanized Area and approximately \$2,600,000 in the Salt Lake/ West Valley Urbanized Area. Funds are programmed over a six-year period and applicants currently will be applying for funds available in federal fiscal year 2025.

Letters of Intent

In order for the WFRC staff to recommend whether a sponsor should submit an application, the “Letter of Intent” must include the project name, project limits, a brief project description, and an estimated total project cost. A list of all the projects appropriately submitted will be distributed to members of the Councils of Governments (COGs) and will be reviewed by WFRC to determine program eligibility. **Letters of Intent are due September 29, 2022 electronically.** [Form available here.](#) This letter should be signed by the Mayor, County Commissioner, or executive director of the sponsoring agency.

Applications

Sponsors of eligible projects will be notified and required to submit a new and/or updated “Project Evaluation Concept Report,” “Cost Estimation Form,” and “Emissions Analysis Form” for each project **by December 8, 2022**. These forms will be reviewed for completeness and supporting documentation. The projects will be evaluated and scored by the WFRC staff according to the approved criteria prior to presenting information to the WFRC Technical Advisory Committees for review and recommendation. After this, the projects and recommendations will be presented to the COGs for input, and then to Trans Com for recommendation to the Regional Council.

Project Evaluation

Because the principal purpose of the CAP Program is to reduce on-road CO2 emissions, applicants are encouraged to submit a project that will generate a significant air quality benefit; however, other benefits of a project such as safety of all roadway users, congestion relief, and consideration of unique circumstances affecting community members’ mobility needs, or synergy with other improvements, are also considered.

Transportation and Land Use Connection

TRANSPORTATION — AND — LAND USE CONNECTION

Program Description

The [Transportation and Land Use Connection \(TLC\)](#) program is a partnership between the Wasatch Front Regional Council (WFRC), Salt Lake County, Utah Department of Transportation, and Utah Transit Authority.

The TLC program provides planning technical assistance to local communities to help them achieve their goals and plan for growth. The program helps communities implement changes to the built environment that reduce traffic on roads and enable more people to easily walk, bike, and use transit. This approach is consistent with the Wasatch Choice Vision and helps residents living throughout the region enjoy a high quality of life through enhanced mobility, better air quality, and improved economic opportunities.

Program Eligibility

An eligible project sponsor must be a local government in Davis, Morgan, Salt Lake, Southern Box Elder, Tooele or Weber County. Multi-jurisdictional projects are encouraged.

Program Goals

- Maximize the value of investment in public infrastructure.
- Enhance access to opportunities.
- Increase travel options to optimize mobility.
- Create communities with opportunities to live, work, and play.

Eligible Activities

Funds may be used to provide technical assistance to complete visioning efforts, produce plans, conduct studies, amend policy, or engage in any pre-development activities that support the program goals.

Funding

Program funds have grown to \$1,900,000. The program is funded by the Wasatch Front Regional Council, Salt Lake County, the Utah Department of Transportation, and the Utah Transit Authority. Our partners have an active voice in the program and are integral to the successful implementation of TLC projects.

Application Process

A list of all the projects appropriately submitted will be distributed to members of the Councils of Governments (COGs) and then reviewed by a selection committee made up of program partners to determine program eligibility. [Letters of Intent](#) are due **September 29, 2022**. This letter should be signed by the chief elected official of the sponsoring community(ies). Sponsors of eligible projects will be notified and required to submit a new application for each project by **December 8, 2022**.

For more information

More details can be found on the program website [available here](#). If you have any further questions or concerns regarding the program or project eligibility, please contact Megan Townsend, mtownsend@wfr.org.

Station Area Planning Technical Assistance

Program Description

[Station Area Plan Technical Assistance \(SAP\)](#) is available through WFRC on a rolling basis from July 2022 to July 2024, in partnership with the Governor's Office of Economic Opportunity, the Utah Transit Authority, and the Mountainland Association of Governments. As of 2022 cities with a fixed-guideway public transit station (rail or BRT) must develop a Station Area Plan for that station and update its general plan and zoning to implement the Station Area Plan.

Program Eligibility

Cities impacted by the Station Area Plan provisions of HB462.

Program Goals

- Increase the availability and affordability of housing, including moderate income housing.
- Promote sustainable environmental conditions.
- Enhance access to opportunities.
- Increase transportation choices and connections.

Eligible Activities

Projects must fulfill all or some of the SAP statutory requirements, help a city in preparing to do so, or implement any component of the city's SAP implementation plan. SAPs must include all of the elements summarized [here](#).

Funding

WFRC and the Mountainland Association of Governments will work with the Utah Transit Authority and Governor's Office of Economic Opportunity to program \$5 million over two years.

Application Process

Funds will be programmed on a rolling basis, with review periods roughly every two months. The [application](#) will remain open until funds have run out.

For more information

More details can be found on the program website [available here](#). If you have any further questions or concerns regarding the program or project eligibility, please contact Megan Townsend, mtownsend@wfrc.org.

Community Development Block Grant Program (CDBG)

Program Description

CDBG is funded under the Housing and Community Development Act of 1974 by the U.S. Department of Housing and Urban Development. The Governor elects to administer the program and delegates the administration to the Department of Workforce Services, Housing and Community Development Division. The purpose of the CDBG program is to assist in developing viable urban communities by providing decent housing, a suitable living environment, and expanding economic opportunities, principally for persons of low and moderate income.

Eligibility

Cities with a population of 50,000 or less and counties with a population of 200,000 or less qualify for the small cities program. Eligible entities in the Wasatch Front region include Morgan, Tooele, and Weber Counties and the cities within (excluding Ogden City). Nonprofits and Special Service Districts in these counties are eligible **for up to 15% of WFRC's allocation**, provided they are sponsored by an eligible city or county.

Eligible Activities

The following activities are eligible for funding: public services; planning; assistance to not-for-profits for community development activities; removal of barriers that restrict the accessibility of the elderly or handicapped; property acquisition for public purposes; construction or reconstruction of streets, water and sewer facilities, construction or reconstruction of parks and other public works in low income areas; demolition of buildings and improvements; rehabilitation of public and private buildings; and slum and blight removal.

Funding

The Wasatch Front region received approximately \$1,038,000 of CDBG funds in fiscal year 2022. The program is a competitive grant program; all applicants are required to submit an application for funding. **All interested persons wishing to make an application must attend the region's How-to-Apply workshop on October 20, 2022 at 3:00 pm (likely virtually).** In Utah, project prioritization is delegated to the local elected officials that make up a Regional Review Committee (RRC). This local rating and ranking process provides for maximum involvement of the public and local governments. In the Wasatch Front, the RRC is made up of two members from each county, nominated by their respective County Council of Governments. The RRC determines project eligibility, project ranking, and funding recommendations to the Utah Division of Housing and Community Development.

Community Impact Board

Program Description

CIB is a federal program that provides low interest loan and/or grant opportunities to communities that have federally leased land used for mineral extraction. The funding opportunities are to mitigate impacts due to the loss of tax revenue on these federally leased lands.

Eligibility

Communities with federally leased land used for mineral extraction. These communities are required to submit a capital improvement plan (CIP) each year outlining their funding priorities for the upcoming year and the next five years.

Eligible Activities

The following activities are eligible for funding: planning; construction or reconstruction of streets, water and sewer facilities, construction or reconstruction of parks and other public works; demolition of buildings and improvements; and rehabilitation of public buildings.

Funding

The Wasatch Front region is not very competitive for grants due to the small amount of federally leased land used for mineral extraction, but more so for low interest loans. If a community (Tooele County and Morgan County) have their CIP submitted each spring, the Board meets every February, June, and October to review applications.

Wasatch Front Economic Development District

Description

The Wasatch Front Economic Development District undertakes a regional approach to economic development with support of its member counties including Davis, Morgan, Salt Lake, Tooele, and Weber. The District operates under the auspice of the Wasatch Front Regional Council. The District received designation as the region's Economic Development District (EDD) from the U.S. Department of Commerce Economic Development Administration (EDA) in August 2014. The Wasatch Front Economic Development District is one of seven federally recognized economic development districts in Utah - every county in the State of Utah is now represented by a Regional Economic Development District.

Mission and Focus

The District's mission is to support economic development plans, promote long-term economic competitiveness, and attract federal monies in order to implement local plans. The District implements its mission through four key strategies that include: 1) Link development with transportation and other infrastructure, 2) Create fiscally sustainable places, 3) Provide amenities, and 4) Attract and retain businesses, and encourage innovation.

The District's focus is to further regional economic development activities through coordination of long-term planning activities, collaboration and partnerships, and the implementation of the region's regional economic development strategy known as a Comprehensive Economic Development Strategy (CEDS). The CEDS analyzes the region's strengths, weaknesses, opportunities, and challenges. This analysis allows the District to foster and implement local and regional goals that further comprehensive planning, economies of scale, capital investment, and regional competitiveness.

Eligibility

Eligible applicants include the state, political subdivisions of the state, Indian tribes, institutions of higher education, non-profit organizations acting in coordination with political subdivisions of the state, areas that are economically distressed, or import-impacted U.S. firms.

Investment Programs

The District assists entities in coordinating and developing competitive grant applications for the Economic Development Administration's investment programs. EDA is the only federal government agency focused exclusively on economic development. The EDD in partnership with EDA can play a critical role in fostering local and regional economic development efforts across the Wasatch Front region by supporting strategic investments that foster job creation and attract private investment particularly in economically distressed areas. EDA's investment programs 1) help distressed communities attract new industry and encourage business expansion, 2) build local and regional knowledge base, 3) assist in planning efforts, 4) analyze feasibility of potential economic developments, 5) fund market and/or environmental studies, planning / construction grants, revolving loan funds, 6) develop and implement business recovery strategies for the global marketplace.

Application Process

Filling out the CEDS [Project Form](#) is the first step in making a formal application to the U.S. Economic Development Administration. The District reviews and approves projects quarterly (February, May, August, and November) for inclusion into the region's Comprehensive Economic Development Strategy.
