		Josh Reynolds, Julie Bjornstad,
		Christy Dahlberg, Marian Florence
		Mike Sobczak, Kevrine Wells, Suzie
		Swim, Loveit Baumgardner, Byron Head,
		Andy Li, Chris Day, Kip Billings

Welcome

At 2:01pm, Council Chair Mayor Jeff Silvestrini welcomed the Wasatch Front Regional Council members and guests and introductions were made via roll call. **[00:00:35]**

1. Consent Agenda [00:06:13]

- a. [Minutes](#) of the WFRC meeting held May 26, 2022 and [Financial](#) Statements for April, May and June of 2022. Mayor Joy Petro made a motion to approve the minutes of the WFRC meeting held May 26, 2022 and Financial statements of April, May, and June of 2022 and budget expenditures. Commissioner Mike Newton seconded the motion. The minutes and financial statements were accepted unanimously.

2. Chair Report [00:07:05]

- a. [WFRC FY22 Activities and Accomplishments Report](#) Mayor Silvestrini presented some of the accomplishments of WFRC, highlighting their work on HB462 - Station Area Planning. Mayor Silvestrini turned the time over to Andrew Gruber, WFRC Executive Director, who discussed the four goals of WFRC for the last fiscal year, as well as the partnerships that helped make it happen. Mr. Gruber acknowledged Mr. Ned Hacker, who has been WFRC's Director of Operations and Special Projects, for over 25 years. Mr. Gruber commended Mr. Hacker for his service to WFRC and let the Council know of Ned's upcoming retirement in September 2022.
- b. Mayor Silvestrini turned the time over to UDOT Director Carlos Bracerias and Mayor Dawn Ramsey for an update on the Utah Unified Economic Opportunity Commission. **[00:34:10]**

3. Public Comment [00:43:27] : Mayor Silvestrini opened the meeting for public comment. There were no comments.

4. Transportation Committee (Trans Com) [00:43:53] Mayor Silvestrini turned the time over to Commissioner Jim Harvey for a report on Trans Com.

- a. [Report](#) on Board modifications to the 2022-2027 Transportation Improvement Program (TIP) : Commissioner Harvey asked the group if there are any questions. There were no questions. Commissioner Harvey turned the time over to Ben Wuthrich, WFRC to review the following action items for TIP. **[00:44:29]** Mr. Wuthrich gave a brief overview of each of the projects.
- b. **ACTION:** **[00:50:28]** - Commissioner Jim Harvey made a motion to approve the board modifications to the 2022-2027 TIP, seconded by Commissioner Mike Newton. No discussion, the motion was approved unanimously.
- c. **ACTION:** **[00:51:32]**- Mr. Wuthrich gave an update on the 2023-2028 TIP and discussed the process by which responses are provided to the public comments that are received, for the TIP. Commissioner Jim Harvey asked for any input. Mayor Silvestrini and Commissioner Lorene Kamalu commented on how important the public comment process is. Commissioner Jim Harvey made a motion to approve the 2023-2028 Transportation Improvement Program (TIP) seconded by UTA Trustee Carlton Christensen - Mr. Gruber asked if the motion includes

the adoption of the corresponding air quality conformity finding. Commissioner Harvey stated that, yes it does include the adoption of the corresponding air quality conformity finding. Carlton Christensen seconded the amended motion. No discussion, this motion was approved unanimously.

- d. **ACTION:** [01:01:34] Commissioner Jim Harvey explained that when the TIP is submitted to the FHWA and FDA, the Regional Council is required to certify that it complies with federal regulation. He asked if anyone had questions about the self certification process. There were no questions. Commissioner Jim Harvey made a motion that the Regional Council approve the resolution certifying the transportation planning process, seconded by Commissioner Bob Stevenson. No discussion, this motion was approved unanimously.

5. Regional Growth Committee (RGC) [01:02:42] Mayor Silvestrini turned the time over to Mayor Dawn Ramsey to give an update on the Regional Growth Committee.

- a. Mayor Ramsey asked Jory Johner, WFRC to give an update on [Wasatch Choice Vision & 2023-2050 Regional Transportation Plan](#). Mr. Johner talked about the plan and the upcoming fall workshops, where they will get the 2023-2050 plan out to smaller communities prior to the public comment period in January 2023. The approval of the RTP is anticipated in May 2023.
- b. Mayor Ramsey then announced the opportunity to be involved in the statewide conversation about growth, and turned the time over to Laura Hanson, GOPB. Ms. Hanson gave an overview of the effort, and provided suggestions on how to engage communities in the growth discussion.
- c. Megan Townsend, WFRC, gave an overview and progress update of the Station Area Planning (HB462). She announced the first round of awards to receive technical assistance, and informed the Council that the next deadline for technical assistance is September 19, 2022.

6. Reports [01:27:35]

- a. [WFRC Funding Opportunities for Local Governments](#) Wayne Bennion and Megan Townsend, both with WFRC, talked about upcoming funding opportunities, the deadlines and who to contact for additional information.
- b. Mayor Debbie Winn gave an update on the Wasatch Front Economic Development District (WFEDD). The WFEDD has been discussing Utah's Coordinated Action Plan for Economic Vision 2030. The goal is to create a unified plan that will lead to enhanced economic and community development capability and improve the quality of life of everyone in Utah. They are looking for feedback from businesses via a survey that was initiated by Governor Cox. Mayor Winn asked the Council to encourage businesses in their areas to complete the survey; the deadline is September 2nd.
- c. Mayor Troy Walker gave an Active Transportation Committee (ATC) update. He announced two events happening: Utah Pedestrian Summit on Sept 14 and the Mobile Active Transportation Tour (MATT) on Oct 4 in Park City. Mayor Walker talked about the shared use path along canals in community areas, and stated that UDOT released a report discussing how staff can work with canal companies to create safer canal trails.
- d. Andrew Gruber, WFRC, invited the Council to the ribbon cutting of the Porter Rockwell Boulevard Bridge, which is happening today (Aug 25) at 5pm.

7. Other Business & Adjournment [01:44:05]: Mayor Silvestrini asked if there were any other items to discuss. There were no other items brought forward. UTA Trustee Carlton Christensen made a motion to adjourn the Council meeting and Mayor Joe Smolka seconded the motion. The affirmative vote was unanimous, and the meeting adjourned at 3:45pm.

Average daily ledger balance		\$1,088,693.25			

Effective June 1, 2022, we are making changes to the non-sufficient funds (NSF) and overdraft fees that affect your Commercial Banking account. Please review the below details:

Elimination of Returned Item (Non-sufficient Funds/NSF) Fee

We will no longer charge a NSF fee on certain items we return unpaid due to non-sufficient funds. The fee is displayed on your deposit or Client Analysis statement as NSF RETURN ITEM FEE or service code 24253 - OVERDRAFT CHARGE-RETURNED ITEM. Overdraft fees will continue to apply to items we pay into overdraft (up to a maximum of four fees per day for Commercial Banking accounts). These changes do not affect fees that third parties or other banks may charge.

For current versions of the Commercial Account Agreement, and applicable addenda, please visit wellsfargo.com/treasury. If you have additional questions, contact your relationship team.

Elimination of the overdraft protection transfer and advance fee

If you have linked your account to a savings account or credit card for overdraft protection, we will no longer charge the overdraft protection transfer or advance fee. Advances from a linked credit card will continue to accrue interest from the date of each advance. Overdraft fees continue to apply to any items we pay into overdraft where transfers and advances from your linked accounts cannot cover the cost.

Average daily ledger balance		\$1,576,075.75			

Effective June 1, 2022, we are making changes to the non-sufficient funds (NSF) and overdraft fees that affect your Commercial Banking account. Please review the below details:

Elimination of Returned Item (Non-sufficient Funds/NSF) Fee

We will no longer charge a NSF fee on certain items we return unpaid due to non-sufficient funds. The fee is displayed on your deposit or Client Analysis statement as NSF RETURN ITEM FEE or service code 24253 - OVERDRAFT CHARGE-RETURNED ITEM. Overdraft fees will continue to apply to items we pay into overdraft (up to a maximum of four fees per day for Commercial Banking accounts). These changes do not affect fees that third parties or other banks may charge.

For current versions of the Commercial Account Agreement, and applicable addenda, please visit wellsfargo.com/treasury. If you have additional questions, contact your relationship team.

Elimination of the overdraft protection transfer and advance fee

If you have linked your account to a savings account or credit card for overdraft protection, we will no longer charge the overdraft protection transfer or advance fee. Advances from a linked credit card will continue to accrue interest from the date of each advance. Overdraft fees continue to apply to any items we pay into overdraft where transfers and advances from your linked accounts cannot cover the cost.

DATE: October 12, 2022
AGENDA ITEM: 2a
SUBJECT: **ACTION:** WFRC Nominating Committee
PREPARED BY: Andrew Gruber

BACKGROUND:

Pursuant to the WFRC Bylaws, at the last meeting in even-numbered years the Chair appoints a nominating committee to recruit and nominate the Council Chair and Vice Chair. The nominating committee includes one representative from each of the six WFRC counties.

The nominating committee may also make recommendations to the Chair for appointments to other WFRC committees including the Regional Growth Committee (RGC), Transportation Coordinating Committee (Trans Com), Active Transportation Committee (ATC), and WFRC Budget Committee.

RECOMMENDATION:

Chair appoints a nominating committee.

CONTACT PERSON:

Mayor Jeff Silvestrini, Council Chair, 801-541-6500, jsilvestrini@millcreek.us
Andrew Gruber, WFRC, 801-824-0055, agruber@wfr.org

DATE: October 27, 2022
AGENDA ITEM: 2b
SUBJECT: Legislative Report
PREPARED BY: Miranda Jones Cox, Government Affairs Manager

At the Wasatch Front Regional Council (WFRC) meeting, we will provide a brief overview of current legislative and policy developments from the interim period as we look ahead to the 2022 General Legislative Session.

Additionally, the Council will be briefed on the current status of the Infrastructure Investment and Jobs Act after roughly a year of implementation, touching briefly on the success of these efforts in the first year, and how federal, state, and local entities may continue to coordinate.

BACKGROUND:

There remains less than 100 days until the start of the 2023 General Legislative Session, and in the recent weeks and months, a series of legislative policy discussions have been underway with groups such as the Unified Economic Opportunity Commission, legislative interim committees, and the executive branch as to what the policy recommendations and priorities will be.

It has also been roughly a year since [HR 3684, the Infrastructure Investment and Jobs Act \(IIJA\)](#), formerly known as the Bipartisan Infrastructure Bill (BIB), was passed and signed into law. The IIJA provides \$1.2 trillion in infrastructure funding, of which \$550 billion is new funding above baseline levels over five years for roads, bridges, rail, transit, ports, airports, water, broadband, and other infrastructure programs. Over the past year, states and local governments have eagerly awaited further guidance for implementing provisions of the infrastructure bill, and opportunities to apply for federal discretionary grant programs.

RECOMMENDATION:

This item is for information only.

Miranda Jones Cox, 436-691-3043, miranda@wfrc.org

DATE: October 19, 2022
AGENDA ITEM: 4a
SUBJECT: 2023-2050 Regional Transportation Plan
PREPARED BY: Jory Johner, Long Range Planning Director

At the October 27th WFRC Council meeting, WFRC staff will provide an update on the development of the Regional Transportation Plan (RTP). The [Wasatch Choice Vision](#) is how communities and WFRC coordinate regional transportation planning with local land use and economic development efforts. The regional transportation element of the Wasatch Choice Vision is the officially adopted RTP. The RTP is adopted every four years. WFRC is in the late stages of preparing the RTP. The next RTP will be adopted in May 2023 and will address transportation needs through the year 2050.

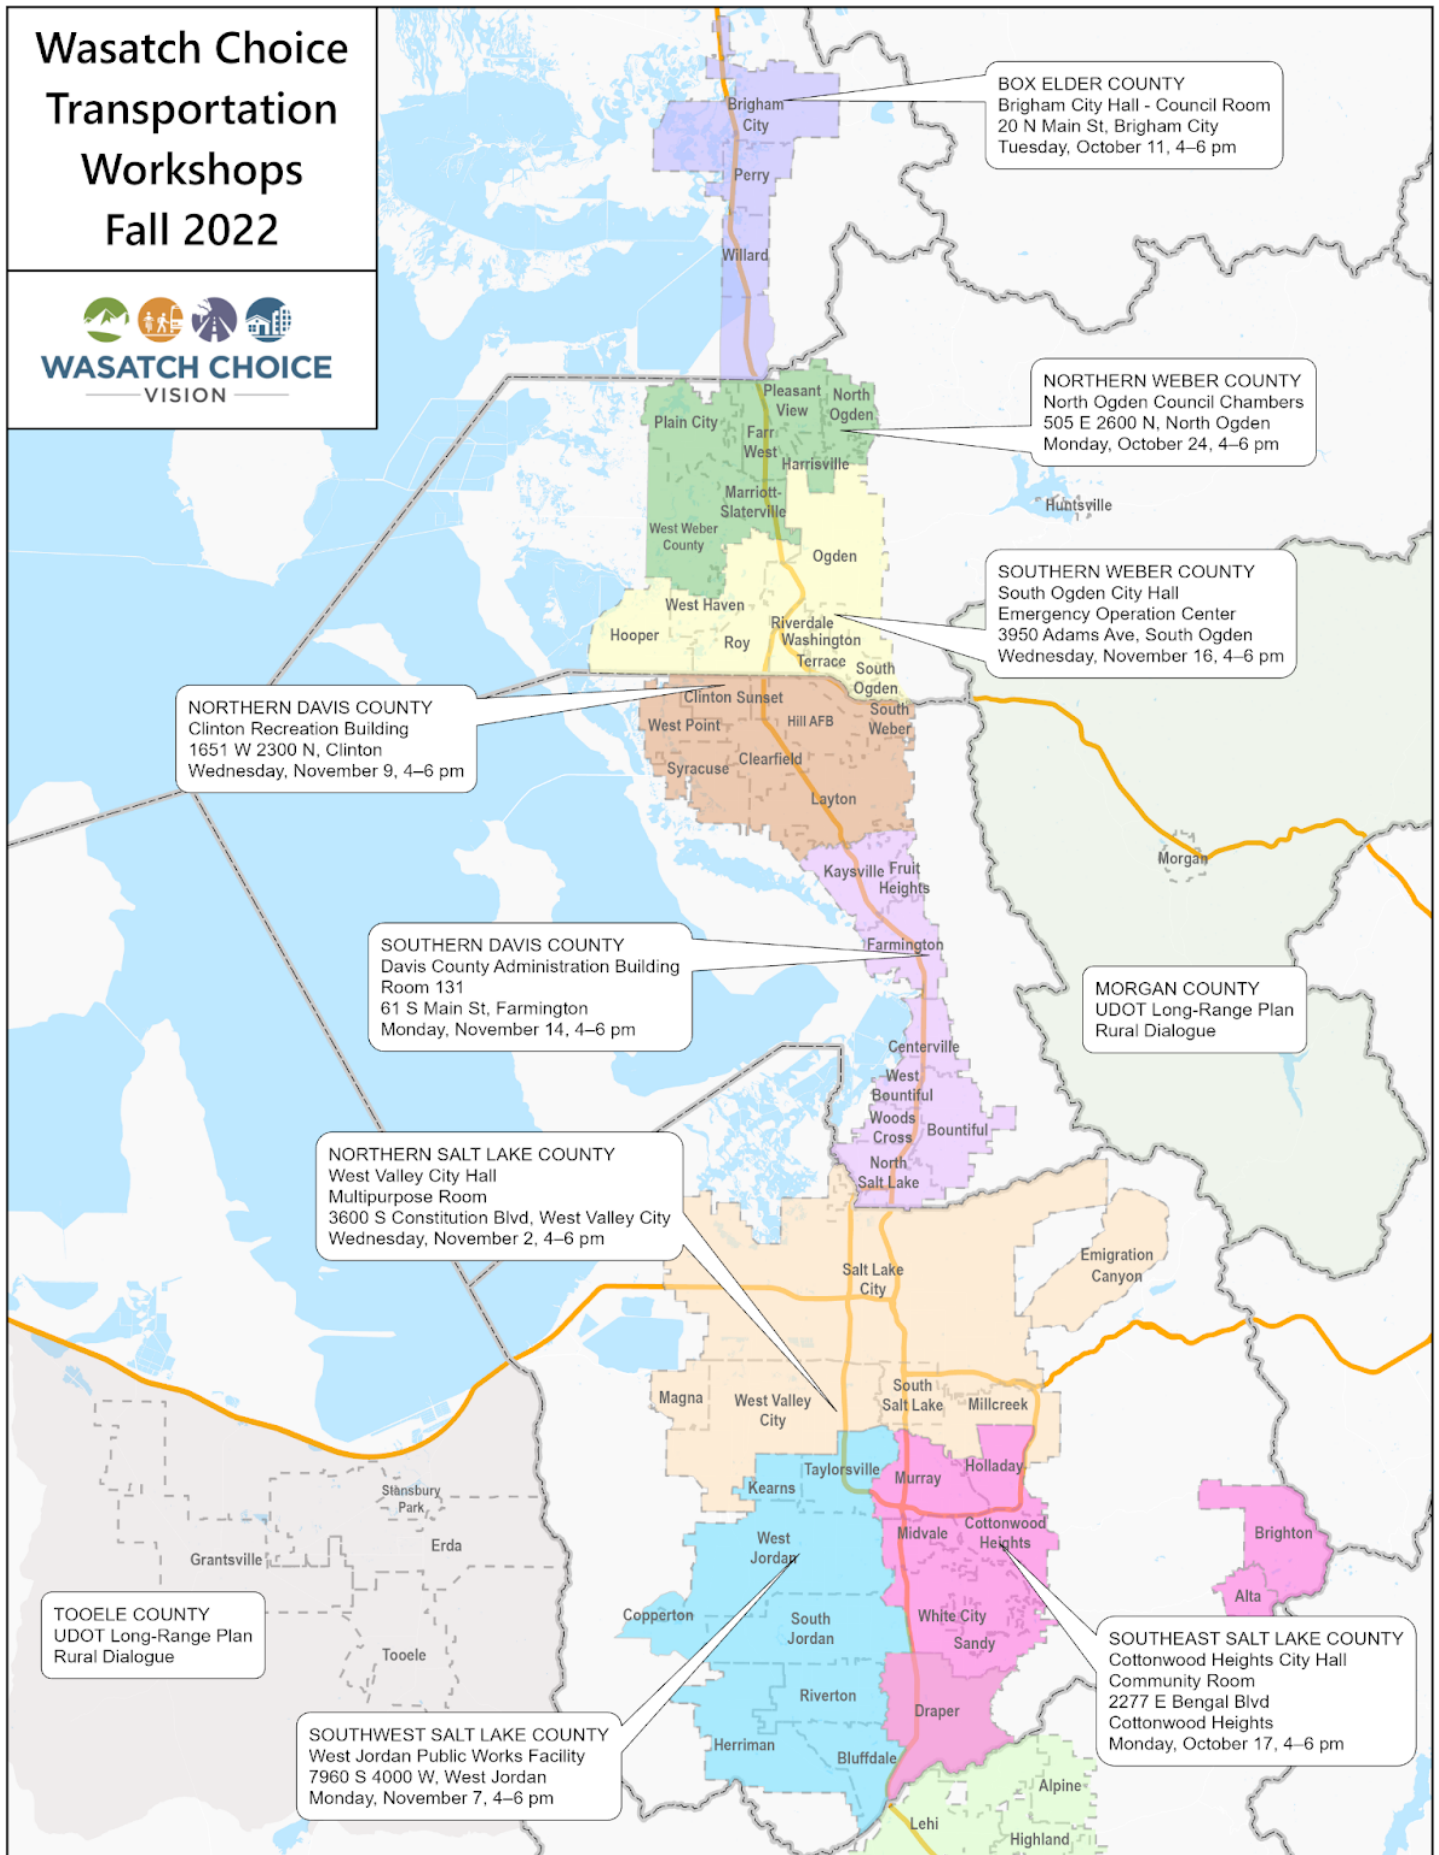

RECOMMENDATION:

This item is for information and discussion only.

CONTACT PERSON:

Jory Johner, 801-458-3090, jjohner@wfr.org

Wasatch Choice Transportation Workshops Fall 2022

DATE: October 19, 2022
AGENDA ITEM: 4b
SUBJECT: **ACTION: Certify the Farmington FrontRunner Station Area Plan**
PREPARED BY: Meg Townsend, Community and Economic Development Director

At the October 27th WFRC Council meeting, WFRC staff will provide an update on Station Area Planning (SAP) under HB462. This item will have two key components:

1. Progress update
2. An action item to consider Farmington SAP certification request

BACKGROUND:

[HB462](#), passed in 2022, requires cities with fixed-guideway transit stations to develop a Station Area Plan for the area around the station, within ½ mile for rail and ¼ mile of bus rapid transit. [Station Area Plans](#) (SAPs) are intended to promote housing availability and affordability, access to opportunities, sustainable environmental conditions, and transportation choices and connections. The SAP requirements are consistent with communities' identification of [Wasatch Choice Vision](#) centers.

WFRC staff has been assisting communities in their implementation of the station area plan provisions of HB462, in partnership with UTA and the Mountainland Association of Governments, in part by providing technical assistance for SAP development. At the RGC meeting, staff will provide an update on Station Area Planning to date, announce new SAP Technical Assistance Awards, and discuss the Farmington SAP that has been submitted to WFRC for certification, pursuant to HB462.

STATION AREA PLAN CERTIFICATION – FARMINGTON:

HB462 establishes that the Metropolitan Planning Organizations (MPOs – WFRC and MAG) have the responsibility to review and, in consultation with UTA, certify each SAP for compliance with statutory requirements. In May, WFRC adopted a [policy for the certification review](#) of SAPs. Failure to have a SAP certified by the applicable deadline will lead to ineligibility for criteria funding for the city.

Farmington submitted a SAP for the Farmington FrontRunner Station for certification. In accordance with our policy, WFRC staff has reviewed Farmington's submission to assess its satisfaction of the requirements of the statute, and made a positive recommendation for certification to the Regional Growth Committee. At the meeting on 10/20/2022, RGC passed a motion to "recommend the Farmington FrontRunner Station Area Plan to Wasatch Front Regional Council for certification."

All of the documentation related to Farmington's Station Area Plan are included within, including:

1. Farmington Station Area Plan Submission Package including the following:
 - a. Completed Certification Form
 - b. Farmington Station Area Plan
 - c. Station Area Map
 - d. Station Area Implementation Plan
 - e. Resolution, Statement of Impracticability (regarding select criteria)
 - f. Enabling Ordinance
2. Farmington SAP Certification Resolution
3. Staff Findings Checklist

RECOMMENDED MOTION:

"I make a motion to certify the Farmington FrontRunner Station Area Plan."

ATTACHMENTS:

1. [Farmington Station Area Plan Submission Package](#)
2. [Farmington SAP Certification Resolution](#)
3. [Staff Findings Checklist](#)

DATE: October 18, 2022
AGENDA ITEM: 5a
SUBJECT: **ACTION:** Board Modifications to the 2023-2028 TIP
PREPARED BY: Ben Wuthrich, Transportation Improvement Program (TIP) Coordinator

BACKGROUND:

The Wasatch Front Regional Council (WFRC) has received requests to modify the current 2023-2028 Transportation Improvement Program (TIP) with the attached list of projects. This modification requires action from the Regional Council and the Transportation Commission but does not require an air quality conformity analysis or 30-day public comment period. The requested modification is listed with the attached resolution.

RECOMMENDATIONS:

WFRC staff recommends that the Regional Council make a motion “to approve the attached resolution to modify the 2023-2028 TIP as requested.”

CONTACT PERSON:

Ben Wuthrich (801) 363-4250 ext 1121, bwuthrich@wfrc.org

EXHIBITS:

Resolution adopting Amendment One to the 2023-2028 TIP

RESOLUTION OF THE WASATCH FRONT REGIONAL COUNCIL
AMENDING THE 2023 - 2028
TRANSPORTATION IMPROVEMENT PROGRAM

- WHEREAS, the Wasatch Front Regional Council is the officially designated Metropolitan Planning Organization for the Salt Lake/ West Valley and the Ogden/ Layton Urbanized Areas and, as such, has the responsibility for developing a Transportation Improvement Program, and
- WHEREAS, a Transportation Improvement Program is to include all federally funded highway and transit projects scheduled for the next six years, and
- WHEREAS, the Utah Department of Transportation, the State Transportation Commission, the Utah Transit Authority, and the Wasatch Front Regional Council and its local jurisdictions desire to amend the 2023-2028 Transportation Improvement Program (TIP) to include and / or modify the projects on the attached project description list, and
- WHEREAS, the U.S. Department of Transportation Metropolitan Planning Regulations Paragraph 450.326(a) requires that “the TIP . . . be updated at least every four years, and be approved by the MPO and the Governor,” and
- WHEREAS, the Statewide Air Quality Implementation Plan includes traffic control measures for reducing air pollutant emissions for the Salt Lake/ West Valley and the Ogden/ Layton Urbanized Areas and budgets for mobile source emissions, and
- WHEREAS, the projects included in the proposed Transportation Improvement Program amendment are either included in Phase 1 of the Regional Transportation Plan or are not regionally significant, or are included in the 2023-2028 TIP or are exempt projects that do not need to be reviewed for air quality conformity and consistency with the State Implementation Plan according to 40 CFR Part 93.126 Table 2 Exempt Projects, and
- WHEREAS, the proposed Transportation Improvement Program amendment had a public review and comment opportunity at the Regional Council meeting on October 27, 2022, and all comments were carefully considered,

NOW THEREFORE LET IT BE RESOLVED, that the Wasatch Front Regional Council

- (1) Approves Amendment One to the 2023-2028 Transportation Improvement Program as attached,
- (2) Finds that the TIP conforms to and is consistent with the State Implementation Plan for Salt Lake, Davis, western Weber, and southern Box Elder Counties, and
- (3) Finds that the development of the Transportation Improvement Program is based on a currently certified transportation planning process.

Mayor Jeff Silvestrini
Chair
Wasatch Front Regional Council

Andrew S. Gruber
Executive Director
Wasatch Front Regional Council

2023-2028 Transportation Improvement Program (TIP) (Amendment One)

Board Modification

Scope Change & Additional Funding

Salt Lake/ West Valley Urban Area

County	Sponsor	Facility	PIN	Project Location	Concept/ Type of Improvement	Funding Source	Project Estimated Cost	Currently Funded Amount	Action	Funding Amount	Year
Salt Lake	UDOT	SR-201	19504	SR-201; 3200 West Bridge	From Deck Preservation to "Full Bridge Deck Replacement"	NHPP_BR (National Highway Performance Program - Bridge)	\$9,500,000	\$1,350,000			2023
						STP_Bridge (Surface Transportation Program - Bridge Funds for State Projects)		\$400,000	Additional Funding	\$7,750,000	

Built in 1980, this structure carries SR-201 over 3200 W in Salt Lake County and has been a vital part of the infrastructure network in this area, with an average annual daily traffic (AADT) of 88,000 with approximately 20% truck traffic. Initially this project was approved to perform a bridge deck preservation treatment on the structure in an attempt to extend the service life of this facility. This project was planned to take place in 2024. However, recent inspection reports indicate that the existing bridge deck has deteriorated beyond what can be addressed with a preservation project. It is proposed that the scope of this project be modified to include a full bridge deck replacement and be moved to the 2023 Structures Rehabilitation and Replacement Program.

Ogden/ Layton Urban Area

County	Sponsor	Facility	PIN	Project Location	Concept/ Type of Improvement	Funding Source	Project Estimated Cost	Currently Funded Amount	Action	Funding Amount	Year
Weber	UDOT	4100 North	17371	North Fork Bridge, east of Liberty & Warren Canal Bridge on 5900 West	Replace Locally owned bridges in Weber County	BFP_BR_MN/OF (Bridge Formula Program Main & Off System)	\$3,900,000	\$1,324,000	Additional Funding	\$2,576,000	2023

In April the Transportation Commission approved the 'bridge list', a list of 90 bridges prioritized based on condition and load restrictions eligible for funding from the Infrastructure Investment & Jobs Act Bridge Formula Program (BFP). The following locally owned Weber County bridges are on the approved BFP Structure List:

057040F - North Fork Bridge, east of Liberty,

057001F - Warren Canal Bridge on 5900 West in Weber County

The Department proposes to transfer PIN 17371 (replacement of structure 057040F) from the 2023 Structures Program to the BFP. This structure is currently in poor condition. In addition, it is proposed that the replacement of structure 057001F be added to this project. This structure is currently in low-fair condition. The project value has been updated to reflect the addition of this bridge replacement, as well as increased material and labor costs for the replacement of structure 057040F. Bundling of these two bridges will reduce overall costs. Both structures are on the Federal Aid Highway System. Therefore, this project will require a local agency match under the BFP. Weber County is in support of the project and able to provide the necessary match.

2023-2028 Transportation Improvement Program (TIP) (Amendment One)

Board Modification

New Project

Salt Lake/ West Valley Urban Area

County	Sponsor	Facility	PIN	Project Location	Concept/ Type of Improvement	Funding Source	Project Estimated Cost	Currently Funded Amount	Action	Funding Amount	Year
Salt Lake	UDOT	Little Cottonwood Creek	20281	Bridges over Little Cottonwood Creek - Willow Green Circle Bridge & - Cobble Canyon Lane Bridge	Bridge Replacement	BFP_BR_MN/OF (Bridge Formula Program Main & Off System)	\$4,100,000	\$0	<i>New Project</i>	\$4,100,000	2023

In April the Transportation Commission approved the ‘bridge list’, a list of 90 bridges prioritized based on condition and load restrictions eligible for funding from the Infrastructure Investment & Jobs Act Bridge Formula Program (BFP). The following locally owned Sandy City bridges are on the approved BFP Structure List:

035161F - Willow Green Circle Bridge over Little Cottonwood Creek

035162F - Cobble Canyon Lane Bridge over Little Cottonwood Creek

Sandy City began the design of these replacements prior to the BFP funding and is in the process of completing the design. As a result, funding of the design is not covered by the BFP; however, once the design is complete, the project will be advertised and constructed under the BFP. These structures are located off of the Federal Aid Highway System and are currently in poor condition and load restricted below legal load. This project would not require a local match under the Bridge Formula Program and Sandy City is in support of the project.

Ogden/ Layton Urban Area

County	Sponsor	Facility	PIN	Project Location	Concept/ Type of Improvement	Funding Source	Project Estimated Cost	Currently Funded Amount	Action	Funding Amount	Year
Weber	UDOT	I-15	20542	I-15 Structures between 24th Street and 400 North	Structural Pothole Patching on Various Structures	NHPP_IM (National Highway Performance Program - Interstate Maintenance)	\$3,500,000	\$0	<i>New Project</i>	\$3,500,000	2023

Region One Maintenance has identified 5 structures on I-15 in Weber County as needing structural pothole patching and surface treatments. These structures are located on I-15 between 24th Street and 400 N. This project will extend the life of these structures by removing the delaminated asphalt, performing structural pothole patching, replacing the waterproofing membrane and then repaving the structure. The project funds will be paid from the High Volume Pavement Program.

2023-2028 Transportation Improvement Program (TIP) (Amendment One)
Board Modification

New Project

Statewide

County	Sponsor	Facility	PIN	Project Location	Concept/ Type of Improvement	Funding Source	Project Estimated Cost	Currently Funded Amount	Action	Funding Amount	Year
Various	UDOT	I-15		Mainline I-15 Corridor	Ramp Meter/ Managed Motorways Study, Coordinated Ramp Metering Study	NHPP (National Highway Performance Program - Interstate Maintainence)	\$500,000	\$0	<i>New Project</i>	\$500,000	2023

In 2017 the “Managed Motorways” study was completed. The defined implementation showed a significant operational improvement to mainline I-15. However, there are several items that need further exploration regarding how implementation would benefit the system and what it would ultimately look like. These include but are not limited to:

- Understanding of the true operational benefit
- Impacts to connecting arterials
- Questions regarding system-to-system meters
- Construction/Operational needs
- What elements define a successful implementation
- Which routes are managed

UDOT is requesting funding to evaluate these items and determine if a modified implementation of “coordinated ramp metering” is more appropriate for the Utah freeways. The end results of this study would be a more refined recommendation for an advanced ramp meter system. The anticipated cost of this study is \$500,000. It is anticipated it would take approximately 9 months to complete.

DATE: October 12, 2022
AGENDA ITEM: 6a
SUBJECT: **PUBLIC HEARING AND ACTION:** Amend FY23 Budget and Unified Planning Work Program
PREPARED BY: Marian Florence, Chief Financial Officer

BACKGROUND:

Each October, WFRC closes the financial books on the previous fiscal year; this includes verifying the final expenditures and determining what expenditures and revenues will carry forward from the previous fiscal year (FY22) into the current fiscal year (FY23). WFRC routinely carries forward funding for projects that are multi-year in nature; i.e., a project may be fully budgeted in the first year but the work is conducted over two or more years, and the associated expenditures and revenues are therefore carried forward into the next fiscal year. This requires an amendment to the current fiscal year (FY23) budget.

As WFRC completed FY22 and we reviewed the final expenditures, actual spending came in lower than budgeted by \$5,443,616. This resulted principally from spending on some contractual items that were budgeted in FY22 carrying over into FY23, the majority in three programs:

- Transportation and Land Use Connection (TLC) Program projects that are multi-year in nature;
- Ongoing community development efforts funded by a grant from Intermountain Healthcare; and
- The pandemic-related postponement of the decennial Household Travel Survey (now underway).

In addition, since the adoption of the WFRC budget in May, two new grants have been secured or anticipated:

- state funding for the statewide Comprehensive Economic Development Strategy (CEDS); and
- federal funding for development of a region-wide Safety Action Plan through the Safe Streets for All (SS4A) discretionary grant program. This also necessitates an *amendment to the FY23 Unified Planning Work Program*. WFRC staff, a planning committee with representation from across the region, and a consultant team will develop a Safety Action Plan for the entire WFRC region to identify effective strategies and project types for reducing transportation fatalities and serious injuries. This Plan will allow local governments to be eligible to apply for SS4A funding to implement safety improvements identified in the Plan.

The FY23 budget amendments are almost entirely in the contractual line item, reflecting this carryforward.

As a result of the reduced expenditures in FY22, the amount of funds that carried forward from FY22 into FY23 was higher than was budgeted, resulting in an increase in the FY23 budget as some spending shifts from FY22 to FY23.

The adjustments described above are reflected in the line items on the Expenditure by Function page. The adjustments also impact the projected carry-forward into FY24, again reflecting on-going programs or multi-year projects that bridge the FY22 and FY23 years.

The footnotes that accompany this proposed amended budget provide more detail on the changes to funding sources, expenditures by function, expenditures by program, and changes to the fund balances.

RECOMMENDATION:

The WFRB Budget Committee and staff recommend that the Council conduct a public hearing and approve a motion “to amend the WFRB FY23 Budget and Unified Planning Work Program as proposed.”

**FY23 WFRC October Budget Amendment
Footnotes**

1. This is an update to the PL funds to reflect the FY23 Federal Aid Agreement (FAA).
2. The increase in FHWA-STP funds is for consulting contracts under the Transportation and Land Use Connection Program (TLC) for projects budgeted in previous years but not completed prior to the end of FY22. These contracts are carried into FY23.
3. The new FHWA-SS4A funding reflects a grant application to the Safe Streets for All federal discretionary grant program, which is anticipated to begin in the last quarter of FY23 - if WFRC's grant application is successful. The total application is for \$969,000, representing federal, state and local funding.
4. Increased funds for FY23 represent a carry forward from FY22 in the WFEDD program and a new \$100,000 grant for WFRC's work on a Statewide Community Economic Development Strategy (CEDS) which is being coordinated by the Governor's Office of Planning and Budget (GOPB).
5. TLC funding amounts from UDOT and UTA are amended to reflect carry forward funding which is dedicated to TLC projects that are ongoing in addition to the updated annual support amounts of \$315,000 (UDOT) and \$262,500 (UTA).
6. Joint projects are those projects WFRC engages in that include support from UDOT, UTA, Mountainland Association of Governments (MAG), and other planning partners. Projects not initially anticipated but now reflected in the FY23 budget include:
 - i. Parking Modernization Study (\$73,941)
 - ii. Travel Demand Mode Choice model enhancement (\$38,129)
 - iii. Zero Fare Transit Study (\$90,000)
 - iv. Utah's Unified Transportation Plan website and social media kit (\$38,700)
 - v. Context Sensitivity analysis (\$15,000)
 - vi. Modeling consultants (\$12,500)
7. UDOT has committed funding for two new projects beginning in FY23: The Household Travel Survey (\$400,091) and Safe Streets for All (\$30,000).
8. The change to Dedicated Project Funds includes funds for projects budgeted in FY22 that are ongoing and expected to be completed in FY23 and FY24, and are therefore carried forward into FY23. The funding shown here includes:
 - a. \$19,913 – Local funds for Tooele Valley RPO (includes carry forward)
 - b. \$32,498 – Model Development (MAG)
 - c. \$9,605 – Local funds for Morgan RPO
 - d. \$526,165 – Salt Lake County for TLC program (includes carry forward)

- e. \$561,945 – Local match for TLC awarded projects (includes carry forward)
 - f. \$10,000 – Davis County local option sales tax assistance
 - g. \$985,091 – Partners' share of Household Travel Survey
 - h. \$498,345 – IHC Community Development (final year – includes carry forward)
 - i. \$30,000 – Station Area Planning local funds
 - j. \$379,917 – Local contributions carry forward
 - k. \$163,800 – Safe Streets for All local contribution
 - l. \$146,000 – State and federal Legislative Consulting
 - m. \$84,864 – WFEDD EDA Planning Grant local contribution
9. Transit Sales Tax funds are used to match the Federal Transit Administration Section 5303 fund and to fund specific activities to support transit planning and implementation efforts. Amended number reflects carry forward from FY22.
10. The proposed FY23 budget increases 31% over the original FY23 budget. This is due mainly to several items: the addition of Safe Streets for All anticipated federal funding, new Statewide CEDS funding, carry forward in IHC funding, and to contractual projects that have carried forward from FY22, primarily in the Transportation and Land Use Connection (TLC) program. Carry forwards of this nature, and new funds being provided, are common and are routinely anticipated for WFRC.
11. The increase in contractual expenditures results from projects budgeted in FY22 that are ongoing and expected to be completed in FY23 and FY24, and are therefore carried forward into FY23. It also includes contractual amounts that will pass through WFRC to consultants for the Household Travel Survey, Station Area Planning, Safe Streets for All, and several joint projects. Broadly stated, the increase reflected in the budget amendment comes from \$2M in TLC carry forward, \$1M in Safe Streets for All funding, and about \$250K each from joint projects, local funding, and IHC project funding - see below for detail.
- \$1,740,000 - Household Travel Survey - to recalibrate the travel forecasting model
 - \$2,500,000 - Station Area Planning from state funds pursuant to HB462
 - \$75,000 - Communications and public outreach
 - \$25,000 - Website Redesign
 - \$60,673 - Planning studies undesignated
 - \$146,000 - State and federal legislative consulting
 - \$85,000 - Regional freight and local delivery study
 - \$76,258 - Travel Demand Model Mode Choice update
 - \$120,000 - Zero Fare Transit study
 - \$18,750 - Transit Signal Prioritization study
 - \$50,000 - Context Sensitivity study
 - \$21,250 - Bicycle data collection and management study
 - \$50,000 - Joint modeling assistance/projects
 - \$90,000 - Parking Modernization - resources to update parking standards that address recent significant shifts in parking utilization
 - \$51,600 - Utah's Unified Transportation Plan - website and social media kit

\$45,000	- Utah's Unified Transportation Plan - financial model update
\$50,000	- Utah's Unified Transportation Plan - economic analysis
\$4,583,898	- Transportation and Land Use Connection (TLC) Program
\$25,000	- GIS Technical Work
\$51,603	- WFEDD consulting work for CEDS
\$9,750	- Statewide CEDS
\$448,345	- IHC Community Development - public assets and public health initiative
\$10,000	- Internal auditing
\$5,000	- Human resources consulting
\$5,000	- HTRZ analysis
\$10,900	- Safe Streets for All application assistance

12. Budgeted amounts for Dues & Subscriptions, Insurance, Training, and Travel have increased due to increased funding from new projects (notably the Statewide CEDS and Safe Streets for All grants). All expenses are budgeted as a result of increased revenues, both new and carried forward from prior years. Planned carry forward into FY24 has increased to incorporate additional anticipated program carry forward funds.
13. As part of the Household Travel Survey, WFRC is purchasing StreetLight Data which will support the survey research as well as multiple other projects. The first two years of data are reflected in the increased Supplies budget for FY23, along with additional expenditures previously coded under "equipment" (see footnote 14).
14. Equipment for FY24 has decreased to reflect a proposed increased capitalization threshold: after mid-year adjustments to policy, most purchases will be "supplies" rather than "equipment" and will not be subject to depreciation. The capitalization threshold to be proposed at a future meeting will be increased in WFRC's accounting policy from \$1000 to \$5000, consistent with recommendations from WFRC's external auditor.
15. Actual costs for printing and publication have been eliminated over the past few years, but WFRC plans to print several brochures this year. The budget has been retained.
16. Consolidated Planning Grant (CPG) program budget is amended to reflect local carry forward funds in programs operating in conjunction with the CPG.
17. Amended budget includes carry forward from FY22, which is dedicated to efforts to support local governments. Additional efforts planned in FY23 include local funding for StreetLight Data, as well as local support for the Safe Streets for All program.
18. The Tooele Valley RPO and Morgan RPO programs rely on current year contributions and carry forward. Both programs have been adjusted to match current levels of revenue.
19. Davis County contributions are consistent at \$10K per year for work on Davis County Local Option Sales Tax Assistance; however, expenditures in FY22 were not recorded to that program in the previous accounting software. Therefore, revenues and expenditures for both FY22 and FY23 will be accounted for in FY23.

20. Intermountain Healthcare is providing a donation of \$500,000 in two annual installments of \$250,000 in FY22 and FY23 for community development activities including, but not limited to: public assets development, local technical assistance and social determinants of health. Expenditures may include WFRC staff or consultant time and expenses. WFRC carried forward much of the FY22 funds into FY23.
21. Station Area Planning funds are increased by local matches from two cities. As additional local matching funds are committed for further SAP projects, those funds will be incorporated into the budget in later budget reconciliation actions.

**AMENDMENT TO THE
WASATCH FRONT REGIONAL COUNCIL
UNIFIED PLANNING WORK PROGRAM**

**FOR THE OGDEN-LAYTON AND
SALT LAKE-WEST VALLEY URBANIZED AREAS**

FISCAL YEAR 2023

OCTOBER, 2022

**In Cooperation With:
Utah Department of Transportation
Utah Transit Authority**

The amended text (underlined) is shown under the heading Safe Streets for All at the end of section D.1 below.

D.1 TRANSPORTATION MANAGEMENT SYSTEMS

OBJECTIVES:

To develop, maintain and improve a congestion management process for the Salt Lake-West Valley and Ogden-Layton Urbanized Areas that is integrated with the urban transportation planning process.

To continue partnerships with UDOT, UTA, cities and counties regarding expansion of both transportation demand management and transportation system management programs including Intelligent Transportation Systems (ITS) technologies. Part of this effort will include working with the TravelWise and UTA Rideshare programs.

To incorporate safety into the urban transportation planning process through emphasis at all levels of planning and programming.

ANTICIPATED PRODUCTS:

- A Congestion Management Process (CMP)
- Annual Report on Highway and Transit Performance
- Promotion of Transportation Demand Management (TDM) and Transportation System Management (TSM) strategies
- Incorporation of UDOT's Pavement and Bridge Management System results in the Transportation Improvement Program (TIP)
- Incorporation of Safety Improvements in the RTP and TIP
- Incorporation of Congestion Management in the RTP and TIP

WORK STATEMENT:

Congestion Management Process (CMP)

The CMP defines performance measures to identify congested locations and strategies to mitigate traffic congestion conditions in the region. The CMP provides input into development of the Regional Transportation Plan (RTP) and the Transportation Improvement Program (TIP) in setting priorities for transportation projects. Specifically, the CMP makes recommendations for operational improvement projects for the RTP as well as capacity increasing projects when necessary. This process helps ensure that best use is made of limited transportation funds, and that the most cost-effective projects are promoted in the RTP. Transportation System Management (TSM) and Transportation Demand Management (TDM) improvements are low-cost tools that will be applied to existing congestion needs and to new transportation projects to the extent possible. These tools address the four key strategies of the Wasatch Choice Vision adopted by the Regional Council.

The key strategies are as follows.

- Provide Transportation Choices: Help us have real options in how we choose to get around and increase the number of easily reached destinations.
- Support Housing Options: Support housing types and locations that we can both afford and work best for our lives.

- Preserve Open Space: Preserve sufficient and easily accessible open lands that provide us with recreational opportunities.
- Link Economic Development with Transportation and Housing Decisions: Create a synergy between these three key building blocks. Enable shorter and less expensive travel to afford us more time and money. Efficiently utilize infrastructure to save taxpayer dollars. Provide housing options and increase housing affordability. Improve the air we breathe by reducing auto emissions.

Population and employment will continue to exhibit strong growth in the Wasatch Front area. These factors will certainly cause continued growth in vehicle travel that will strain the transportation system at certain locations. Some of the primary goals of transportation planning and congestion management are to anticipate these congested locations and take appropriate measures to mitigate congestion.

WFRC staff will work with UDOT and UTA to report highway and transit system performance to elected officials on a regular basis in order to keep them apprised of progress and needs related to traffic congestion. Data already collected by UDOT, UTA, and WFRC have been a primary consideration in selecting the measures to be used. To the extent possible, this tracking will be coordinated with the development of goals and performance measures for the 2023-2050 RTP and CMAQ Performance Plan.

WFRC staff will periodically compile transportation performance data to evaluate the effectiveness of congestion management strategies. Data provided by UDOT may be helpful in evaluating “before and after” studies of congestion management projects and in enhancing travel model techniques to estimate the benefit of TSM and TDM strategies. This will help WFRC staff make more effective recommendations regarding TSM and TDM strategies, and other projects in development of the 2023-2050 Regional Transportation Plan and the 2024-2029 Transportation Improvement Program. Various data sources, such as speed data from cell phone signals reported in the iPEMS database, and evaluation strategies are being explored.

WFRC will continue efforts to visit with each Urban STP project sponsor to encourage appropriate TSM and TDM strategies in the project design. These discussions will usually take place during project orientation meetings.

The CMP is a key element in the development of the 2023-2050 RTP. Using Geographic Information System (GIS) tools, the Travel Time Index (TTI) was evaluated for roadway segments in the 2050 travel model network. The 2050 roadway network was modified to reflect optimal system management and demand management strategies. Roadway segments that still demonstrated a congested TTI value were considered for increased capacity.

Intelligent Transportation Systems Program

In 2016, the Utah Department of Transportation completed an effort to update the central traffic operations and control system software. The central system software contains many new features that enable UDOT and local governments to improve signal operations and increase efficiency of staff in managing operations. The uniform system operation across jurisdictional boundaries is another example of collaborative planning and implementation of the multimodal transportation system in the region.

Work will continue in assisting with coordination of intelligent transportation system (ITS) activities in the WFRC region. These activities occur within the state-wide ITS. Coordination will primarily be accomplished through the traffic management technical sub-committee of the WFRC Salt Lake-West Valley Trans Com Technical Advisory Committee. The sub-committee will meet to address operational issues and plan for development and expansion of ITS. Some of the focus will be on expanding the use of automated traffic signal performance measures which greatly increase the ability to improve signal operations more rapidly and efficiently.

Transportation Demand Management Programs

TDM includes the broad topic of managing the demand for travel in a manner which delays or reduces the need for additional highway capacity. UDOT has established a broad, ongoing transportation demand management (TDM) program state-wide called TravelWise. The long-term goal of TravelWise is to establish a sustainable, state-wide TDM program that allows for the prioritization, implementation, and evaluation of a large variety of TDM strategies. UDOT will continue to guide the implementation of the TravelWise program, including partnering with UTA and private businesses to promote TDM strategies (see www.travelwise.utah.gov for examples). UDOT will meet with individual employers to help them encourage their employees to reduce single occupant vehicle travel. The TravelWise program will provide training on implementing TDM strategies. The Regional Council has programmed CMAQ funds to help support UDOT's TravelWise program.

In addition to its transit services, UTA has a rideshare program that includes over 400 vanpools and a carpool matching service. UTA will continue to meet with companies, agencies, and individuals on carpool and vanpool matching, discounted pass programs, flextime, telecommuting, and bike programs. The Regional Council has programmed CMAQ funds to help support UTA's rideshare program.

Safety Planning

WFRC is working closely with the UDOT safety staff to implement the Roadway Assessment Program as the primary safety analysis and safety planning tool for the region. Referred to as usRAP, to distinguish it from its Australian origins, this safety analysis tool combines the crash history and the roadway attributes of discrete highway segments. The usRAP generates two useful results: 1) a star rating for the segment, and 2) a recommended safety mitigation strategy based on a benefit/cost analysis.

WFRC is exploring use of the usRAP tool for short-range and long-range planning. The benefit/cost ratio (BCR) for a mitigation strategy for a project considered for the TIP can be used within the TIP project selection process. The safety mitigation recommendation can also be considered for inclusion at the time of project implementation if it is not already part of the project scope.

For long range planning, the usRAP star rating can be a useful tool to prioritize projects based on the opportunity for improved roadway attributes on each roadway. WFRC has prepared a GIS map layer with the latest star ratings in order to associate proposed projects with the potential for improved safety.

WFRC staff will continue to meet regularly with UDOT engineers for their quarterly safety coordination meeting. WFRC staff reports transportation safety trends regularly to Regional Council committees.

WFRC staff will continue to incorporate safety mitigation as part of the project implementation process. As each project from the TIP is readied for implementation, a coordinating meeting is scheduled. Among other project details, WFRC addresses safety mitigation by including attendance at the meeting by a representative from UDOT traffic and safety. Specific safety mitigation recommendations are addressed at the meeting.

Safety planning efforts will include Complete Streets concepts coupled with the FHWA Safe Systems approach to safe roads. Safe roads are designed and operated to:

1. Prevent Crashes
2. Minimize impacts on the human body
 - a. Separate users spatially
 - b. Separate users in time
 - c. Increase attentiveness and awareness
 - d. Manage speed
 - e. Manage vehicle mass
 - f. Manipulate crash angles

Safe roadways include all aspects of the roadway system including design, construction, maintenance, and operation. But it begins even before design, and that is the planning phase. WFRC will use the usRAP star rating system to prioritize roadway projects that present the greatest opportunity to improve safety with crash mitigation strategies.

Safe Streets for All

Safe Streets for All (SS4A) is a discretionary grant program defined in the federal Infrastructure Investment and Jobs Act (IIJA). Authorization exists for \$1.0 billion each fiscal year from FY 2022-2026. The goal of the SS4A funding is to reduce fatal and serious injury crashes on roadways. Eligible recipients include cities, counties, metropolitan planning organizations, transit agencies, and tribal governments. States are not eligible recipients, but municipalities can apply for SS4A funds for State owned roads in their jurisdiction if the State approves the project.

The first step in qualifying for SS4A funds is to prepare a Comprehensive Safety Action Plan (Action Plan). Municipalities are encouraged to participate in a multi-jurisdictional Action Plan. At the request of several municipalities, the Wasatch Front Regional Council is leading a multi-jurisdictional Action Plan effort for the southern Box Elder, Davis, Morgan, Salt Lake, Tooele, and Weber County area. A Planning Committee consisting of planners and engineers from cities and counties within the six-county area plus representatives from UDOT and UTA has been meeting and will continue to meet.

The WFRC applied to FHWA on September 12, 2022 for SS4A funds to develop an Action Plan. Action Plan grant awards are expected to be announced in January 2023. WFRC and the Planning Committee will then advertise for and select a consultant to prepare the Action Plan. The preparation of the Action Plan will include an extensive analysis of fatal and serious injury crashes, risk factors, and mitigating strategies using crash history recorded in the Numetrics database, roadway attributes cataloged in the usRAP database, as well as other roadway safety resources. The Action Plan will also include a significant public outreach effort. The Action Plan is expected to be 30% complete by June 30, 2023, and fully complete by the first quarter of 2024.

DATE: October 12, 2022
AGENDA ITEM: 6b
SUBJECT: **ACTION:** Acceptance of the FY22 Audit Report
PREPARED BY: Marian Florence, Chief Financial Officer

BACKGROUND:

An annual audit of the Council's financial records was performed and a final draft of the audit report is included in the packets.

The auditors have issued an ***unqualified opinion***. There were no findings or questioned costs. A summary of the audit results may be found on page 51 of the report. Tim Rees from the auditing firm of Karren Hendrix Stagg & Allen will be present at the Budget Committee and Council meeting to review the final draft of the audit report and answer any questions.

The final audit report will be submitted to those agencies requiring a copy of the report within 180 days of the close of the fiscal year.

RECOMMENDATION:

Motion for the Council to take action "to accept the WFRC FY22 Audit Report as presented."

CONTACT PERSON:

Marian Florence, Chief Financial Officer, mflorence@wfrc.org 801-363-4250 x1120

EXHIBITS:

INDEPENDENT AUDITORS' REPORT

Members of the Council and Andrew Gruber
Wasatch Front Regional Council
Salt Lake City, Utah

Report on the Financial Statements

We have audited the accompanying financial statements of the government-type activities, each major fund, of the Wasatch Front Regional Council, as of and for the year ended June 30, 2022 and the related notes to the financial statements, which collectively comprise the Council's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the Governmental type activities of the Wasatch Front Regional Council as of June 30, 2022, and the respective changes in financial position, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Wasatch Front Regional Council and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Wasatch Front Regional Council's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Wasatch Front Regional Council's internal control. Accordingly, no such opinion is expressed. Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that rise substantial doubt about Wasatch Front Regional Council's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis comparison information on pages 4 through 10 and the budget schedule pages 32 and 33 and the pension schedules pages 34-36 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Wasatch Front Regional Council's basic financial Statements. The accompanying schedule of expenditures of federal awards as required by *Title 2 U.S. Code of Federal Regulation Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare

the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The budgetary comparison information on page 38 is presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the budget schedules in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the budget schedules because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated August 30, 2022, on our consideration of the Wasatch Front Regional Council's internal control over financial reporting and on our tests of its compliance with certain provision of laws, regulation contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Wasatch Front regional Council's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Wasatch Front Regional Council's internal control over financial reporting and compliance

A handwritten signature in blue ink that reads "Karren, Hendrix, Stagg, Allen & Company". The signature is written in a cursive, flowing style.

**WASATCH FRONT REGIONAL COUNCIL
MANAGEMENT DISCUSSION AND ANALYSIS
For the year ended June 30, 2022**

As management of the Wasatch Front Regional Council (the Council), we offer readers of the Council's financial statements this narrative overview and analysis of the financial activities of the Council for the fiscal year ended June 30, 2022.

History and Background

The Wasatch Front Regional Council (WFRC) was organized as a volunteer association of local governments in March 1969, among Davis, Salt Lake, and Weber Counties and the cities within, for the purpose of establishing a review agency to comply with requirements to obtain federal grants and loans, and to address the solutions to regional problems. In June 1969, Tooele County and the municipalities within, and, in 1972 Morgan County and the municipalities within, joined the Regional Council. In June 2014, those portions of Box Elder County that were included in the Ogden/Layton urbanized area for transportation planning as defined by the U.S. Census Bureau joined the Regional Council. The WFRC was designated by the governor of Utah as the Metropolitan Planning Organization (MPO) for the Salt Lake and Ogden metropolitan areas in 1971. MPOs are agencies responsible for transportation planning in urbanized areas throughout the United States. Transportation planning in the region is a cooperative effort of state and local agencies, and as the MPO, the WFRC is responsible for coordinating this transportation planning process. In addition to the transportation planning process, the WFRC provides assistance to small communities with Community Development Block Grant (CDBG) applications, participates in developing comprehensive economic development strategies for the region, and provides a forum for local governments to cooperate in resolving problems and developing plans that are common to two or more counties or are regional in nature.

The Council consists of a governing board of twenty-one voting members, 19 elected officials representing local governments from Box Elder, Davis, Morgan, Salt Lake, Tooele and Weber counties, and one representative each from the Utah Department of Transportation and the Utah Transit Authority. The Council also includes six non-voting members representing the Utah State Senate, the Utah House of Representatives, the Utah State Planning Director, the Utah League of Cities and Towns, the Utah Association of Counties, and Envision Utah.

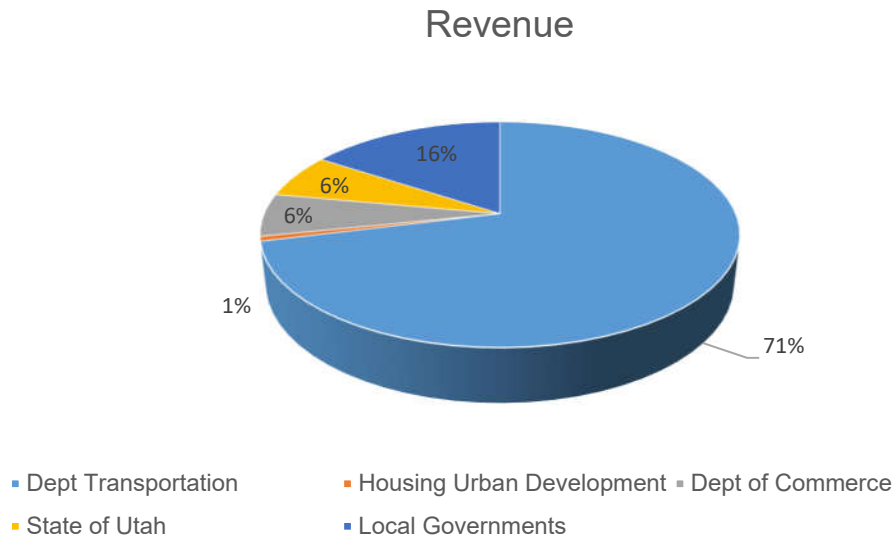

Transportation planning in the Salt Lake Area has been a continuing effort for over four decades. In the 1960's UDOT developed the first Long Range Plan for the area. Since 1973, the WFRC has developed Regional Transportation Plans and has updated them regularly. The process is comprehensive in nature, addressing all modes of transportation, including highways, transit, and active transportation.

**WASATCH FRONT REGIONAL COUNCIL
MANAGEMENT DISCUSSION AND ANALYSIS
For the year ended June 30, 2022**

Two main products are developed through the transportation planning process. The first is a Regional Transportation Plan (RTP), which recommends improvements to highways, transit, and other modes, to meet the transportation needs of the area with a minimum 20-year planning horizon. The second is a Transportation Improvement Program (TIP). The TIP is a six-year capital improvement program for highway and transit and other transportation projects contained in the RTP. The RTP is updated every four years, while the TIP is approved annually.

During the fiscal year ended June 30, 2022, Wasatch Front Regional Council received funding from the following sources:

U.S. Department of Transportation	\$ 5,177,586	71.1%
U.S. Department of Housing/Urban Development	50,000	0.7%
U.S. Department of Commerce	444,326	6.1%
State of Utah	463,055	6.4%
Local Governments	<u>1,146,760</u>	<u>15.8%</u>
Total	<u>\$ 7,281,727</u>	<u>100.0%</u>

Financial Highlights

The following table summarizes changes in the Council's assets, liabilities, deferred outflows, and deferred inflows:

Unrestricted net position	<u>1,921,472</u>	<u>1,349,253</u>
 Total Net Position	 <u>\$ 1,813,269</u>	 <u>\$ 1,315,176</u>

Management considers the fluctuation in cash, receivables, prepaid expenses, and accrued payroll liabilities to be normal for this organization. Unearned revenue is advance payments received from local government and other sources for projects in process. Those projects are anticipated to be completed in subsequent fiscal years. Throughout the year, the Council invested funds not immediately needed for operations with the Utah State Public Treasurer's Investment Fund (PTIF). Proceeds from those invested funds were \$13,357 for the year.

The bulk of changes from year to year is due to projects awarded under the Transportation and Land Use Connection program that were not completed during the year and are ongoing. Management considers this to be normal for this organization. From time to time the Council enters into agreements with other agencies to conduct various transportation and other studies and support. For this fiscal year those included work on Transit Support, Community Impact Board, Economic Development planning, CDBG Small Cities support, Transportation and Land Use Connection Program, Tooele Valley Rural Planning Organization, Morgan Rural Planning Organization, Mobility Management, Transportation Model Development, and several joint planning projects.

Overview of the Financial Statements

The discussion and analysis is intended to serve as an introduction to Wasatch Front Regional Council's basic financial statements. This report is similar to the last fiscal year's and follows Governmental Accounting Standards Board Statement No. 34. In addition to the Management's Discussion and Analysis, the report consists of government-wide financial statements, fund financial statements, and notes to the financial statements. The first several statements are highly condensed and present a government-wide view of the Council's finances. The governmental activities of the Wasatch Front Regional Council include transportation planning, providing technical assistance to workshops for small communities for CDBG

**WASATCH FRONT REGIONAL COUNCIL
MANAGEMENT DISCUSSION AND ANALYSIS
For the year ended June 30, 2022**

applications, Economic Development planning, and other planning.

Government-wide Financial Statements. The *government-wide financial* statements are designed to provide readers with a broad overview of the Council's finances in a manner similar to private-sector business reporting.

The *statement of net position*, a component of the government-wide financial statements, presents information on all of the Council's assets and liabilities, with the difference between the two reported as *net position*. The Council's capital assets are included in this statement and reported net of their accumulated depreciation. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Council is improving or deteriorating. In evaluating the government's overall condition, however, additional non-financial factors should be considered such as the Council's economic outlook, changes in its demographics, and the condition of its capital assets.

The *statement of activities* presents revenue and expense information showing how the Council's net position changed during the fiscal year. To understand the basis of how these numbers are determined, it is important to note that changes in net position are reported whenever an event occurs that requires a revenue or expense to be recognized, regardless of when the related cash is received or disbursed (the accrual basis of accounting). For example, assessment revenue is reported when the assessments are billed, even though they may not be collected for some time after that date; and an obligation to pay a supplier is reported as an expense when the goods or services are received, even though the bill may not be paid until sometime later.

The government-wide financial statements can be found on pages 9 and 10 of this report.

Fund Financial Statements. A *fund* is a grouping of related accounts (revenue, expenses, assets, and liabilities) that is used to control resources that have been segregated for specific activities. The Wasatch Front Regional Council, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds utilized by the Council are accounted for in three governmental funds: the general fund, the building fund, and the special projects fund.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the *government-wide financial statements*. However, for accounting and reporting purposes, government fund numbers are determined with a different approach. At the fund level, the focus is on changes in short-term spendable resources and the balance available to spend, rather than the long-term focus used for determining government-wide numbers. Because the focus is so different between fund statements and government-wide statements, reconciliation between the two types is necessary to understand how the numbers differ. Such reconciliation is provided on pages 12 and 14 of this report. The Council has three major funds which are the General Fund, Special Projects Fund and the Building Fund. The General Fund is used for operating activities of the Council. The Special Projects Fund is used to account for regional planning activities. The Building Fund is used to fund future capital projects. To demonstrate legal compliance, statements comparing budget-to-actual numbers for these funds are included in the financial statements.

Financial Analysis

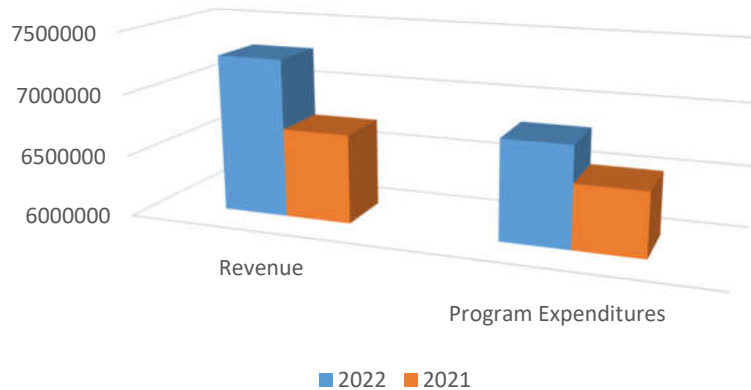

The Council's fund balance may serve over time, as a useful indicator of an organization's financial position. In the case of the Council, assets exceeded liabilities by \$1,813,269 at the close of the fiscal year ended June 30, 2022. Net assets are comprised of current assets and capital assets (property and equipment). Currently, the Council's capital assets net of related debt and depreciation is \$(108,203). The Council records depreciation using a straight-line method over the lives of the assets. The Council uses these

**WASATCH FRONT REGIONAL COUNCIL
MANAGEMENT DISCUSSION AND ANALYSIS
For the year ended June 30, 2022**

capital assets for day to day operations; consequently, these assets are not available for future spending.

The Council's net position increased by \$498,092 during the fiscal year.

Revenue and Program Expenditures

Key elements of the increase in net assets are as follows:

	2022	2021
Revenue		
Federal sources	\$ 5,671,912	\$ 5,000,381
State sources	463,055	335,573
Local sources	1,146,760	1,481,910
Other	9,480	1,606
Sell capital assets		-
Interest income	13,357	11,827
Total revenue	<u>\$ 7,304,564</u>	<u>\$ 6,831,297</u>
Expenses		
Administration	\$ 1,577	\$ 1,496
Planning	6,735,659	6,560,258
Capital outlay	69,235	52,417
Total expenses	<u>\$ 6,806,471</u>	<u>\$ 6,614,171</u>
(Decrease) increase in net position	\$ 498,093	\$ 217,126
Net position beginning	1,315,176	1,315,881
Prior period adjustment		(217,831)
Net position, ending	<u>\$ 1,813,269</u>	<u>\$ 1,315,176</u>

The Council has three funds that are deemed major funds. The general fund is the fund that pays for the operations of the Council and activities not accounted for in the special projects fund. The special projects fund accounts for the major projects of the Council. The building fund finances capital projects. At the end of June 2022, the general fund showed an increase of \$15,442 the special projects fund showed an increase of \$0 and the building fund showed an increase of \$5,818.

**WASATCH FRONT REGIONAL COUNCIL
MANAGEMENT DISCUSSION AND ANALYSIS
For the year ended June 30, 2022**

Use of Reserved Funds

The Council has funds with various restrictions. When an expense is incurred which meets the requirements to release the restriction, such restricted funds are first used to satisfy the expense followed by any unrestricted funds needed to satisfy the expense. The Council has reserved a portion of its cash for compensated absences.

Cash unrestricted	\$ 1,710,807
Cash restricted	1,904,587

Budgetary Highlights

The Council approved its fiscal year 2022 budget on May 26, 2021. During the year the 2022 budget was amended to include \$2,974,780 in additional funding for projects such as the Intermountain Healthcare Community Development projects, Transportation and land Use Connection, and to account for funds carried forward from the previous year projects that were estimated at the time the budget was adopted. Several of these projects are multi-year in nature and are anticipated to be completed within the next two years.

Capital Assets

The Council's investment in property and equipment as of June 30, 2022, amounts to \$1,654,402 net of accumulated depreciation. This investment includes, furniture, equipment, and related improvements. The increase in right to use assets is implementing GASB 87.

Property and Equipment (Net of Depreciation)		
	2022	2021
Right to use assets	\$ 1,471,606	\$ 1,731,301
Furniture and equipment	182,796	226,698
Total	\$ 1,654,402	\$ 1,957,999

Long-Term Debt

	Balance June 30, 2021	Additions	Reductions	Balance June 30, 2022	Due Within One Year
Right to use assets liability	\$ 1,992,077	\$ -	\$ (229,472)	\$ 1,762,605	\$ 249,682
Pension liability	104,277	-	(104,277)	-	-
Compensated absences					
Sick leave	180,280	-	(682)	179,598	-
Vacation	211,887	-	(19)	211,868	-
Total	2,488,521	-	(334,450)	2,154,071	249,682
Total long-term liabilities	\$ 2,488,521	\$ -	\$ (334,450)	\$ 2,154,071	\$ 249,682

Requests for Information

WASATCH FRONT REGIONAL COUNCIL
Reconciliation of the Statement of Revenue, Expenditures, and Changes in
Funds Balances - Governmental Funds to the Statement of Activities
June 30, 2022

NET CHANGES IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS	\$ 21,260
The change in net assets reported for governmental activities in the statement of activities is different because: Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay (\$60,796 is less than depreciation and amortization expense (\$364,394).	(303,598)
The decrease in compensated absences is reported in the statement of activities but the liability is not recorded at the fund level.	704
Rent expense is recorded in the fund statements but the amount is shown as a reduction in right to use assets in the Government wide statement	314,473
Interest is expense is not recognized in the fund statement	(85,002)
Pension expense is reduced by deferred outflows on the government wide statement.	<u>550,255</u>
Change in net position of governmental activities	<u><u>\$ 498,092</u></u>

The accompanying notes are an integral part of this statement.

**WASATCH FRONT REGIONAL COUNCIL
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022**

NOTE 1—ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization – The Wasatch Front Regional Council (Council) is a voluntary organization comprised of representatives of local governments located along the Wasatch Front. The Council was organized in 1969 for the purpose of meeting at regular intervals to discuss and study community challenges of mutual interest and concern and to develop policy and action recommendations for ratification and implementation by the governments in the area served by the Council.

In evaluating how to define the government, for financial reporting purposes, management has considered all potential component units according to the criteria set forth in Governmental Accounting Standards Board's (GASB) Statement No. 14 as amended and concluded there are no entities that are considered to be component units of the Council, nor is the Council considered a component unit of any other entity.

The Council's programs are funded by Federal grants, state appropriations and grants, and various local contributions, primarily on a year-to-year basis.

Basis of Accounting and Measurement Focus - Basis of accounting refers to when revenue and expenditures or expenses are recognized in the accounts and reported in the financial statements.

Government-wide statements are comprised of the statement of net position and the statement of activities. They contain information on all of the activities of the primary government. Most effects of inter-fund activities have been eliminated from these statements. The Statement of Net Position and the Statement of Activities are accounted for using the *economic resources measurement focus* and the *accrual basis of accounting*. Under the accrual basis of accounting, revenue is recorded when earned, and expenses are recorded at the time liabilities are incurred or the economic asset is used. Revenue, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. The statement of activities is presented to show the extent that program revenue of a given activity supports direct expense. Direct expenses are those that can clearly be associated with a particular activity or program. Program revenue is grants or other contributions that are restricted to operations or a specific activity. General revenue is investment earnings.

The *Governmental Fund Balance Sheet*, and the *Statement of Governmental Fund Revenue, and Expenditures and Changes in Fund Balance* use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenue is recognized when susceptible to accrual (i.e., when it becomes both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the related fund liability is incurred.

The accounting policies of the Council conform to accounting principles generally accepted in the United States of America applicable to governmental units. The following is a summary of the more significant of such policies:

Short-Term Investments – Short-term investments are held by the Utah Public Treasurer's Investment Fund and are recorded at cost which approximates market value.

Capital Assets – The Council capitalizes and depreciates all assets over \$1,000 and values the assets at historical cost. Depreciation of capital assets is computed using the straight-line method over the following estimated useful lives:

Furniture, fixtures, and equipment

3-5 years

Accrued Vacation Expense – The cost of employee vacations is recorded as an expenditure at the time it is earned by the employee and is charged to the programs on which the employee works.

Accrued Sick Leave – Sick leave benefits are vested and any unused benefits may be redeemed once annually as cash payments for any accrued hours over 40 hours or upon termination of employment.

Program Revenue – The Council reports program revenue, operating grants and contributions, and capital grants and contributions. General revenue includes all investment earnings.

Reconciliation of Government-Wide and Fund Statements – Governmental funds use the current financial resources measurement focus and the modified accrual basis of accounting, while the government-wide financial statements use the economic resources measurement focus and the accrual basis of accounting. As a result, there are important differences between the assets, liabilities, revenue, and expenses or expenditures reported in the fund financial statements and the government-wide financial statements. As a result, there must be reconciliation between the two statements to explain the differences. A reconciliation is included as part of the fund financial statements.

Inter-fund Transactions – In the normal course of its operations, the Council has various transactions between funds. Transfers are recognized as operating transfers in and out, respectively, by the funds receiving and providing the transfer.

Minimum Fund Balance – Utah Code requires that a minimum fund balance of 5% of the total general fund revenue be maintained and not budgeted.

Revenue from Local Sources – Revenue from local sources is generally used to meet matching revenue requirements related to Federal grants and for other approved projects. Such revenue from local sources is recognized in the period in which the funds are received. This revenue and the related receivables are principally with local governmental entities represented by the Council.

Governmental Funds – Major individual funds are reported in separate columns in the governmental fund's statements. A fund is considered major if it is the general fund of the Council. Other funds are considered major if total assets, liabilities, revenue, or expenditures are at least 10% of the corresponding total for all funds of that category or type.

Wasatch Front Regional Council has three major governmental funds; the general fund, special projects fund, and the building fund. The general fund is the main operating fund and accounts for all the financial resources of the Council except those required to be accounted for in another fund. The special projects fund accounts for resources dedicated to regional planning projects. The building fund is to account for future building needs.

Prepays – Payments made for goods and services that will benefit periods beyond June 30, 2022, are recorded as prepaid.

Unearned Revenue – Funds which are specifically restricted as to their use are recorded as revenue when the related costs are incurred. Such funds received in advance of costs incurred are recorded as unearned revenue. Restricted sources are used before unrestricted sources.

Indirect Costs – Indirect costs are charged to the various programs on a monthly basis. Such costs are comprised of total overhead costs for the month and are allocated based on the total person-hours worked in each program.

Budget – Annual budgets are adopted by the Board of Council members. Budgets are submitted to the State of Utah. The budgets are adopted using *the modified accrual basis of accounting*.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Council to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimated maturities. The estimated pension liability is a major estimate that is subject to changes based on investment earnings and actuarial valuations and the changes in estimated liability could be material.

Deferred Inflows and Outflows

In addition to assets, financial statements will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represent a consumption of net position that applies to future period(s) and will not be recognized as an outflow of resources (expense/expenditure) until then. Currently, Wasatch Front has only one deferred outflow relating to pensions.

In addition to liabilities, the financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement, deferred inflows of resources, represent an acquisition of net position that applies to future period(s) and will not be recognized as an inflow of resources (revenue) until that time. Wasatch Front has only one deferred inflow related to pensions.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Utah Retirement Systems Pension Plan (URS) and additions to/deductions from URS's fiduciary net position have been determined on the same basis as they are reported by URS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

NOTE 2—CASH AND INVESTMENTS

The Council maintains a cash and investment pool, which includes cash on hand, one cash account, and two investment accounts.

The Council's deposit and investment policy is to follow the Utah Money Management Act. The Council does not have a separate deposit or investment policy that addresses specific types of deposit and investment risks to which the Council is exposed.

Utah State law requires that the Council's funds be deposited with a "qualified depository" as defined by the Utah Money Management Act. "Qualified depository" includes any depository institution which has been certified by the Utah State Commissioner of Financial Institutions as having met the requirements as defined in Rule 11 of the Utah Money Management Act. Rule 11 establishes the formula for determining the amount of public funds which a qualified depository may hold in order to minimize the risk of loss and defines capital requirements which an institution must maintain to be eligible to accept public funds.

The Utah Money Management Act also governs the scope of securities allowed as appropriate temporary investments for the Council and conditions for making investment transactions. Investment transactions are to be conducted through qualified depositories or primary reporting dealers.

As of June 30, 2022, the Council had the following deposits and investments:

Investment type

Cash	\$	1,051,939
State Treasurer		2,563,455
		<hr/>
Total	\$	3,615,394
		<hr/>

The Council is authorized to invest in the Utah Public Treasurer's Investment Fund (PTIF), an external pooled investment fund managed by the Utah State Treasurer and subject to the Act and Council requirements. The PTIF is not registered with the SEC as an investment company, and deposits in the PTIF are not insured or otherwise guaranteed by the State of Utah. The PTIF operates and reports to participants on an amortized cost basis. The income, gains, and losses, net of administration fees, of the PTIF are allocated based upon the participants' average daily balances. As of June 30, 2022, the Utah Public Treasurer's Investment Fund was unrated.

As of June 30, 2022, the Council had the following investments:

Investment Maturities (in Years)

	Fair Value	Less Than 1 Year	1 - 10 Years	More Than 10 Years
State of Utah Public Treasurer Investment fund	\$2,563,455	\$2,563,455	\$ -	\$ -
	<hr/>	<hr/>	<hr/>	<hr/>
Total investments	<u>\$2,563,455</u>	<u>\$2,563,455</u>	<u>\$ -</u>	<u>\$ -</u>

Credit Risk – Credit risk is the risk that the counterparty to an investment will not fulfill its obligations. The local government's policy for limiting the credit risk of investments is to comply with the Money Management Act.

Interest Rate Risk – Interest rate risk is the risk that, changes in interest rates of debt investments, will adversely affect the fair value of an investment. The Council manages its exposure to declines in fair value by only investing in the PTIF.

Custodial Credit Risk – Deposits – In the case of deposits, this is the risk that in the event of a bank failure, the Council's deposits may not be returned. As of June 30, 2022, all amounts deposits were covered by federal insurance.

Custodial Credit Risk – Investments – In the case of investments, this is the risk that in the event of the failure of the counterparty, the Council will not be able to recover the value of its investments that are in the possession of an outside party. The Utah Public Treasurer's Investment Fund is an external deposit and investment pool wherein governmental entities are able to pool the monies from several entities to improve investment efficiency and yield. These monies are invested primarily in money market securities and contain no withdrawal restrictions. As such, the monies invested in this fund are

not insured and are uncollateralized, and are subject to the same market risks as any similar investment in money market funds.

Components of cash and investments (including interest earning deposits) on June 30, 2022, are as follows:

Cash in bank	\$ 1,108,518
Utah State Treasurer's investment pool	<u>2,563,455</u>
Total	<u>\$ 3,671,973</u>

Cash and investments are included in the accompanying statement of net assets as follows:

Cash	\$ 1,710,807
Restricted cash	<u>1,904,587</u>
Total	<u>\$ 3,615,394</u>

The Council categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the assets. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The association has the following recurring fair value measurements as of June 30, 2022:

Public Treasurer's Investment fund position is \$2,563,455. The unit of account is each share held, and the value of the position is the fair value of the Pool's share price multiplied by the number of shares held (Level 2).

NOTE 3—ACCOUNTS RECEIVABLE

Accounts receivable from all sources as of June 30, 2022, consisted of the following:
There is no allowance for uncollectable accounts.

Utah Department of Transportation	\$ 812,882
Utah Transit authority	2,840
Mountain land Assn of Govts	11,441
Workforce services	2,000
Morgan County	9,000
Salt lake City	7,500
Tooele City	15,753
US Economic Development	35,000
Weber County	<u>2,000</u>
Total	<u>\$ 898,416</u>

NOTE 4—PROPERTY AND EQUIPMENT

A summary of changes in property and equipment for the year ended June 30, 2022, is as follows:

	Balance June 30, 2021	Additions	Retirement	Balance June 30, 2022
Nondepreciable assets				
Work in process	\$ 15,268		\$ 15,268	\$ -
Total nondepreciable assets	15,268	-	15,268	-
Depreciated assets				
Right to use equipment	2,596,951			2,596,951
Equipment, furniture, and fixtures	550,313	76,064	8,162	618,215
Total depreciated assets	3,147,264	76,064	8,162	3,215,166
Less accumulated depreciation				
Accumulated amortization nondepreciable assets	865,650	259,695		1,125,345
Equipment, furniture, and fixtures	338,883	104,698	8,162	435,419
Total accumulated depreciation	1,204,533	364,393	8,162	1,560,764
Net property and equipment	\$ 1,957,999	\$ (288,329)	\$ 15,268	\$ 1,654,402

Depreciation and amortization expense were \$364,394 for general government.

NOTE 5—LONG-TERM DEBT

A summary of changes in long-term debt for the year ended June 30, 2022, is as follows:

	Balance June 30, 2021	Additions	Reductions	Balance June 30, 2022	Due Within One Year
Right to use assets liability	\$ 1,992,077	\$ -	\$ (229,472)	\$ 1,762,605	\$ 249,682
Pension liability	104,277	-	(104,277)	-	-
Compensated absences					
Sick leave	180,280	-	(682)	179,598	-
Vacation	211,887	-	(19)	211,868	-
Total	2,488,521	-	(334,450)	2,154,071	249,682
Total long-term liabilities	<u>\$ 2,488,521</u>	<u>\$ -</u>	<u>\$ (334,450)</u>	<u>\$ 2,154,071</u>	<u>\$ 249,682</u>

LEASES

The entity adopted GASB 87 in the current year which requires that leased assets that meet the criteria of long-term leases be recorded on the balance sheet. The company rents a building that has a value of \$2,596,951 and accumulated amortization of \$865,650. The Council is required to make monthly lease payments of \$30,883. The leases have an interest rate of 4.5% and the liability at year end was \$1,762,605. The right to use the building office space has an estimated useful life of ten years.

Year	Principal	Interest
June 30, 2023	\$ 249,682	\$ 74,263
June 30, 2024	267,742	62,635
June 30, 2025	290,154	50,129
June 30, 2026	313,882	36,587
June 30, 2027	339,074	21,948
June 30, 2028-2033	302,071	6,265
Totals	\$ 1,762,605	\$ 251,827

NOTE 6—NET POSITION

The unrestricted net position of the special projects fund on June 30, 2022, was designated by the Council for future programs, local matching for Federally-funded projects, and compensated absences. The assigned balance of the building fund is for future building projects.

NOTE 7—RISK MANAGEMENT

The Council is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the Council carries commercial insurance. The Council carries a Workers' Compensation Policy for which the premiums are based on past experience.

NOTE 8—RETIREMENT PLANS

General Information About the Pension Plan

Plan description: Eligible plan participants are provided with pensions through the Utah Retirement Systems. Utah Retirement Systems are comprised of the following Pension Trust Funds:

- Public Employees Noncontributory Retirement System (Noncontributory System); is a multiple employer, cost-sharing, public employee retirement system.
- Tier 2 Public Employees Contributory Retirement System (Tier 2 Public Employees System) is a multiple employer, cost-sharing, public employee retirement system;

The Tier 2 Public Employees System became effective July 1, 2011. All eligible employees beginning on or after July 1, 2011, who have no previous service credit with any of the Utah Retirement Systems, are members of the Tier 2 Retirement System.

The Utah Retirement Systems (Systems) are established and governed by the respective sections of Title 49 of the Utah Code Annotated 1953, as amended. The Systems' defined benefit plans are amended statutorily by the State Legislature. The Utah State Retirement Office Act in title 49 provides for the administration of the Systems under the direction of the Utah State Retirement Board, whose members are appointed by the Governor. The Systems are fiduciary funds defined as pension (and other employee benefit) trust funds. URS is a component unit of the State of Utah. Title 49 of the Utah Code grants the authority to establish and amend the benefit terms.

URS issues a publicly available financial report that can be obtained by writing to Utah Retirement Systems 550 East 200 South Salt Lake City, Utah 84102, or visiting the website www.urs.org/general/publications.

Benefits provided: URS provides retirement, disability, and death benefits. Retirement benefits are as follows:

Contributions: As a condition of participation in the Systems, employers and/or employees are required to contribute certain percentages of salary and wages as authorized by statute and specified by the Utah State Retirement Board. Contributions are actuarially determined as an amount that, when combined with employee contributions (where applicable) is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded actuarial accrued liability. Contribution rates as of June 30, 2022, are as follows:

Summary of Benefits by System

System	Final Average Salary	Years of Service Required and/or Age Eligible For Benefit	Benefit Percent Per Year of Service	COLA**
Noncontributory System	Highest of 3 years	30 Years any age 25 Years any age * 20 years age 60* 10 Years age 62* 4 Years age 65	2.0% Per year all years	Up to 4%
Tier 2 Public Employees System	Highest 5 years	35 Years any age 20 Years any age 60* 10 Years age 62* 4 Years age 65	1.5% Per year all years	Up to 2.5%

*With actuarial reductions

** All post retirement cost-of-living adjustments are non-compounding and are based on the original benefit except for Judges,

which is a compounding benefit. The cost-of-living adjustments are also limited to the actual Consumer Price index (CPI) increases for the year, although unused CPI increases not met may be carried forward to subsequent years.

Contribution Rate summary

As a condition of participation in the Systems, employers and or employees are required to contribute certain percentages of salary and wages as authorized by statute and specified by the Utah State Retirement Board. Contributions are actuarially determined as an amount that, when combined with employee contributions (where applicable) is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded actuarial accrued liability. Contribution rates as of June 30, 2022, are as follows:

	<u>Employee Paid</u>	<u>Employer Contribution Rate</u>	<u>Employer Rate for 401(k) Plan</u>
Contribution System			
111 Local Government Div Tier 2	N/A	16.07	0.62
Noncontributory System			
15 Local Government Div. Tier 1	N/A	18.47	N/A
Tier 2 DC Only	N/A	6.69	10.00
211 Local Government			

Tier 2 rates include a statutorily required contribution to finance the unfunded actuarial accrued liability of the Tier 1 plans.

For fiscal year ended June 30, 2022, the employer and employee contributions to the Systems were as follows:

System	<u>Employer Contributions</u>	<u>Employee Contributions</u>
Noncontributory system	\$ 284,729	N/A
Tier 2 Public Employees System	121,484	-
Tier 2 DC Only System	<u>29,280</u>	<u>N/A</u>
Total contributions	<u>\$ 435,493</u>	<u>-</u>

Contributions reported are the URS Board approved required contributions by System. Contributions in the Tier 2 System are used to finance the unfunded liabilities in the Tier 1 Systems.

Pension Assets, Liabilities, Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2022, we reported a net pension asset of \$0 and a net pension asset of \$1,104,905.

	Net Pension Asset	Net Pension Liability	Proportionate Share	Proportionate Share Dec. 31, 2020	Change (Decrease)
Noncontributory System	\$ 1,090,219		0.1903612%	0.1915841%	0.0012229%
Tier 2 Public	<u>14,686</u>		<u>0.0346988%</u>	<u>0.0417529%</u>	<u>0.0070541%</u>
Total	<u>\$ 1,104,905</u>	<u>\$ -</u>			

The net pension asset and liability were measured as of December 31, 2020, and the total pension liability used to calculate the net pension asset and liability was determined by an actuarial valuation as of January 1, 2020, and rolled forward using generally accepted actuarial procedures. The proportion of the net pension asset and liability is equal to the ratio of the employer's actual contributions to the Systems during the plan year over the total of all employer contributions to the System during the plan year.

For the year ended June 30, 2022, we recognized pension expense of \$115,295.

At June 30, 2022, we reported deferred outflows of resources and deferred inflows of resources relating to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 121,324	\$ 1,892
Changes in assumptions	116,014	7,176
Net difference between projected and actual earnings on pension plan investments	-	1,504,120
Changes in proportion and differences between contributions and proportionate share of contributions	15,238	30,355
Contributions subsequent to the measurement date	<u>217,603</u>	<u>-</u>
Total	<u>\$ 470,179</u>	<u>\$ 1,543,543</u>

\$217,603 was reported as deferred outflows of resources related to pensions results from contributions made by us prior to our fiscal year-end, but subsequent to the measurement date of December 31, 2021. These contributions will be recognized as a reduction of the net pension liability in the upcoming fiscal year.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ended December 31,</u>	<u>Deferred Outflows (Inflows) of Resources</u>
2022	\$ (263,244)
2023	(433,381)
2024	(361,792)
2025	(247,586)
2026	2,781
Thereafter	12,255

Noncontributory System Pension Expense, and Deferred Outflows and Inflows of Resources

For the year ended June 30, 2022, we recognized pension expense of \$(166,239)..

At June 30, 2022, we report deferred outflows of resources and deferred inflows of resources relating to pensions from the following sources.

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 114,189	\$ -
Changes in assumptions	102,321	7,037
Net difference between projected and actual earnings on pension plan investments	-	1,467,833
Changes in proportion and differences between contributions and proportionate share of contributions	7,610	29,499
Contributions subsequent to the measurement date	<u>135,431</u>	<u>-</u>
Total	<u>\$ 359,551</u>	<u>\$ 1,504,369</u>

\$135,431 reported as deferred outflows of resources related to pensions results from contributions made by us prior to our fiscal year end, but subsequent to the measurement date of December 31, 2021.

These contributions will be recognized as a reduction of the net pension liability in the upcoming fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources

related to pensions, will be recognized in pension expense as follows:

<u>Year Ended December 31,</u>	<u>Net Deferred Outflows (Inflows) of Resources</u>
2022	\$ (256,375)
2023	(424,589)
2024	(355,400)
2025	(243,884)
2026	-
Thereafter	-

Tier 2 Public Employees System Pension Expense, and Deferred Outflows and Inflows of Resources

For the year ended June 30, 2022, we recognized pension expense of \$ 50,944.

At June 30, 2022, we reported deferred outflows of resources and deferred inflows of resources relating to pension from the following sources.

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 5,528	\$ 2,750
Changes in assumptions	7,596	218
Net difference between projected and actual earnings on pension plan investments	-	17,553
Changes in proportion and differences between contributions and proportionate share of contributions	8,615	405
Contributions subsequent to the measurement date	<u>61,228</u>	<u>-</u>
Total	<u>\$ 82,967</u>	<u>\$ 20,926</u>

\$82,172 reported as deferred outflows of resources related to pensions results from contributions made by us prior to our fiscal year end, but subsequent to the measurement date of December 31, 2021.

These contributions will be recognized as a reduction of the net pension liability in the upcoming fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension, will be recognized in pension expense as follows:

<u>Year Ended December 31,</u>	<u>Net Deferred Outflows (Inflows) of Resources</u>
2022	\$ (3,091)
2023	(1,857)
2024	(4,171)
2025	(1,283)
2026	1,954
Thereafter	9,260

Actuarial assumptions: The total pension liability in December 31, 2021, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50 Percent
Salary increases	3.25 - 9.75 Percent, average, including inflation
Investment rate of return	6.85 Percent, net of pension plan investment expense, including inflation

Mortality rates were developed from actual experience study dated January 1, 2020. The retired mortality tables are developed using URS retiree experience and are based upon gender, occupation, and age as appropriate with projected improvement using 80% of the ultimate rates from MP-2019 improvement assumptions using a base year of 2020. The mortality assumption for active members is the PUB-20010 Employees Mortality Table for public employees, teachers, and public safety members, respectively.

The actuarial assumptions used in the January, 1, 2021, valuation were based on the results of an actuarial experience study for the five year period ending December 31, 2019.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class and is applied consistently to each defined benefit pension plan. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Asset Allocation	Annual Return Arithmetic Basis	Long-term Expected Portfolio Real Rate of Return
Equity securities	37%	6.30%	2.33%
Debt securities	20%	0.00%	0.00%
Real assets	15%	6.19%	0.93%
Private equity	12%	9.50%	1.14%
Absolute return	16%	2.75%	0.44%
Cash and cash equivalents	0%	0%	0%
	<u>100%</u>		<u>4.84%</u>
Inflation			2.50%
Expected arithmetic nominal retrun			7.34%

The 6.85% assumed investment rate of return is comprised of an inflation rate of 2.50%, a real return of 4.35% that is net of investment expense.

Discount rate: The discount rate used to measure the total pension liability was 6.85%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from all participating employees will be made at contractually required rates that are actuarially determined and certified by the URS Board. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of currently active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate was reduced from 6.95% to 6.85% from the prior measurement date.

Sensitivity of the proportionate share of the net pension asset and liability to changes in the discount rate: The following presents the proportionate share of the net pension liability calculated using the discount rate of 6.85%, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.85%) or 1- percentage-point higher (7.85%) than the current rate:

System	1% Decrease 5.85%	Discount Rate 6.85%	1% Increase 7.85%
Non-contributory System	\$ 586,244	\$ (1,090,219)	\$ (2,488,900)
Tier 2 Public Employees System	87,501	(14,686)	(93,144)
Total	<u>\$ 673,745</u>	<u>\$ (1,104,905)</u>	<u>\$ (2,582,044)</u>

Pension plan fiduciary net position: Detailed information about the pension plan's fiduciary net position is available in the separately issued URS financial report.

Defined Contribution Savings Plans

The Defined Contribution Savings Plans are administered by the Utah Retirement Systems Board and are generally supplemental plans to the basic retirement benefits of the Retirement Systems, but may also be used as primary retirement plans. These plans are voluntary tax-advantaged retirement

savings programs authorized under sections 401(k), 457(b) and 408 of the Internal Revenue Code. Detailed information regarding plan provisions is available in the separately issued URS financial report.

Wasatch Front Regional Council participates in the following Defined Contribution Savings Plans with Utah Retirement Systems:

- 401(k) Plan
- 457(b) Plan
- Roth IRA Plan

Employee and employer contributions to the Utah Retirement Defined Contributions Savings Plans for the fiscal year ended June 30th, were as follows:

	<u>2022</u>	<u>2021</u>	<u>2020</u>
401(k) Plan			
Employer contributions	\$ 369,434	\$ 312,118	\$ 271,467
Employee contributions	116,162	84,655	77,992
457 Plan			
Employer contributions	-	-	-
Employee contributions	179,661	182,912	168,010
Roth IRA Plan			
Employer Contributions	N/A	N/A	N/A
Employee Contributions'	2,825	450	-

NOTE 9— ECONOMIC DEPENDENCY

The Council receives a substantial amount of its revenue from the U.S. Department of Transportation. This agency provides 68% of the Council's total revenue. Loss of this support could adversely affect the Council's activities.

NOTE 10— RESTRICTED CASH

The Council has restricted cash in the amount of \$1,904,587 for advanced grant payments and outside restrictions.

NOTE 12— FUND BALANCE

These financial statements include the provisions of GASB Statement No. 54, which redefined how fund balances of the governmental funds are presented in the financial statement. Fund balances are

classified as follows:

Non-spendable – Amounts that cannot be spent either because they are not in a spendable form or because they are legally or contractually required to be maintained intact.

Restricted – Amounts that can be spent only for specific purposes because of state or federal laws or externally imposed conditions by grantors or creditors.

Committed – Amounts that can be used only for specific purposes determined by a formal action of the Council.

Assigned – Amounts that are designated by the Council for a specific purpose but are not spendable until specific conditions are met.

Unassigned – All amounts not included in the other spendable classifications.

The details of the fund balances are included in the Governmental Funds Balance Sheet (page 11). Restricted funds are used first as appropriate. Assigned funds are used when specific conditions are met such as a request for reimbursement to the Department of Workforce Services for a claim for unemployment compensation. Decreases to the fund balance first reduce Unassigned Fund Balance; in the event that Unassigned Fund Balance becomes zero, then Assigned and Committed Fund Balances are used in that order.

NOTE 14-TRANSFERS

The Council did not show any transfers during the year.

WASATCH FRONT REGIONAL COUNCIL

Notes to Required Supplementary Information For the Fiscal Year Ended June 30, 2022

Changes of Assumptions

The investment return assumption was decreased by 0.10% to 6.85% for use in the January 1, 2021 actuarial valuation. This assumption change was based on analysis performed by the actuary and adopted by the Utah State Retirement Board. In aggregate, this assumption change resulted in a \$509 million increase in the total Pension Liability, which is about 1.3% of the Total Pension Liability as of December 31, 2020 for all systems combined. The demographic assumptions were reviewed and updated in the January 1, 2020 actuarial valuation and are currently scheduled to be reviewed in the year 2023.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE AND ON INTERNAL CONTROLS OVER COMPLIANCE IN ACCORDANCE WITH THE STATE COMPLIANCE AUDIT GUIDE

Members of the Council and Andrew Gruber
Wasatch Front Regional Council
Salt Lake Council, Utah

Report on Compliance

We have audited the Wasatch Front Regional Council's compliance with the applicable state compliance requirements described in the *State Compliance Audit Guide, issued by the Office of the state Auditor*, that could have a direct and material effect on Wasatch Front Regional Council for the year ended June 30, 2022.

State compliance requirements were tested for the year ended June 30, 2022, in the following areas:

Restricted Cash and Related Revenue

Fraud Risk Assessment

Open and Public Meetings Act

Management's Responsibility

Management is responsible for compliance with the state requirements referred to above.

Our responsibility is to express an opinion on *Wasatch Front Regional Council's* compliance based on our audit of the state compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the *State Compliance Audit Guide*. Those standards and the *State Compliance Audit Guide* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the state compliance requirements referred to above that could have a direct and material effect on a state compliance requirement, occurred. An audit includes examining, on a test basis, evidence about *Wasatch Front Regional Council's* compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

Auditors' Responsibility

Our responsibility is to express an opinion on *Wasatch Front Regional Council's* compliance based on our audit of the state compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States

of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the *State Compliance Audit Guide*. Those standards and the *State Compliance Audit Guide* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the state compliance requirements referred to above that could have a direct and material effect on a state compliance requirement, occurred. An audit includes examining, on a test basis, evidence about *Wasatch Front Regional Council's* compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each state compliance requirement referred to above. However, our audit does not provide a legal determination of *Wasatch Front Regional Council's* compliance with those requirements.

Opinion on Compliance

In our opinion, Wasatch Front Regional Council complied, in all material respects, with the state compliance requirements referred to above for the year ended June 30, 2022.

Report on Internal Control Over Compliance

Management of Wasatch Front Regional Council is responsible for establishing and maintaining effective internal control over compliance with the state compliance requirements referred to above. In planning and performing our audit of compliance, we considered Wasatch Front Regional Council's internal control over compliance with the state compliance requirements referred to above to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance with those state compliance requirements and to test and report on internal control over compliance in accordance with the *State Compliance Audit Guide*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Wasatch Front Regional Council's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or to detect and correct noncompliance with a state compliance requirement on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a state compliance requirement will not be prevented or detected and corrected on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a state compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control and compliance and the results of that testing based on the requirements of the *State Compliance Audit Guide*. Accordingly, this report is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Members of the Council and Andrew Gruber
Wasatch Front Regional Council
Salt Lake Council, Utah

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Wasatch Front Regional Council, Utah, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise Wasatch Front Regional Council's basic financial statements and have issued our report thereon dated August 30, 2022.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Wasatch Front Regional Council's internal control over financial reporting (internal control) to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Wasatch Front Regional Council's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Wasatch Front Regional Council's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Wasatch Front Regional Council's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions, laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Members of the Council and Andrew Gruber
Wasatch Front Regional Council
Salt Lake Council, Utah

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the Wasatch Front Regional Council, Utah, compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Wasatch Front Regional Council, Utah's major federal programs for the year ended June 30, 2022. Wasatch Front Regional Council, Utah's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Wasatch Front Regional Council complied, in all material respects, with the types of compliance requires referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the *Comptroller General of the United States*; and the audit requirements of *Title 2 of U.S. Code of Federal Regulations Part 200 Uniform Administrative Retirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Wasatch Front Regional Council and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Wasatch Front Regional Council's compliance with the compliance requirements referred to above.

Responsibilities of Management for compliance

Management is responsible for compliance with the requirements referred to above and for the design,

implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulation, rules and provisions of contracts or grant agreements applicable to Wasatch front Regional Councils federal programs.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Wasatch Front Regional Council's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards. *Government Auditing standards*, and the Uniform Guidance will always detect material noncompliance with it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omission, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user or the report on compliance about Wasatch Front Regional Council's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, Government Auditing Standards and the Uniform guidance, we

- Exercise professional judgement and maintained professional skepticism throughout the audit
- Identify and assess the risks of material noncompliance, whether due to fraud or error and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Wasatch front Regional Council's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances
- Obtain an understanding of Wasatch Front Regional Council's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Wasatch front Regional Council's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control very compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirement of the Uniform guidance. Accordingly, this report is not suitable for any other purpose.

The accompanying notes are an integral part of this statement.

WASATCH FRONT REGIONAL COUNCIL
NOTES TO FEDERAL AWARDS
FOR THE YEAR ENDED JUNE 30, 2022

NOTE 1 - PURPOSE OF THE SCHEDULE

The accompanying Schedule of Expenditures of Federal Awards is a supplementary schedule to the Council's financial statements and is presented for purposes of additional analysis. Because the schedule presents only a selected portion of the activities of the Council, it is not intended to, and does not present financial position, changes in fund balances, or the current funds, revenue, expenditures, and other changes of the Council.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The information in the schedule is presented in accordance with Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirement for Federal Awards.

Federal Awards

Pursuant to Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* assistance is defined by a federal agency, either directly or indirectly in the form of grants, contracts, cooperative agreements, loans, loan guarantees, property, interest subsidies, insurance or direct appropriation. Accordingly, non-monetary federal assistance, including federal surplus property, would be included in federal awards, if applicable, and therefore, would be reported on the schedule in federal awards. Federal awards include direct federal cash assistance to individuals.

Type A and Type B Programs

The Single Audit Act Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements Cost Principles, and Audit Requirements for Federal Awards* establish the levels of expenditures or expenses to be used in defining Type A and Type B federal award programs. Type A programs, for the Council, are those programs which exceed \$750,000 in federal expenditures, distributions, or issuances for the fiscal year ended June 30, 2022.

Reporting Entity

The reporting entity is fully described in Note 1 of the Council financial statements. The schedule includes all federal award programs administered by the Council for the year ended June 30, 2022.

Basis of Accounting

The expenditures in the schedule are recognized as incurred based on the modified accrual basis of accounting and the cost accounting principles contained in the Uniform Guidance, Cost Principles for State and Local Governments. Under those cost principles, certain types of expenditures are not allowable or are limited as to reimbursement.

Matching Costs

The schedule does not include matching expenditures.

10% De Minimis Indirect Cost Rate

The entity did not choose to use the 10% minimis cost rate.

Direct and Indirect Flow-Through Federal Assistance

Some of the Council's Federal awards are received directly from the granting federal agency. However, the majority of federal awards as identified on the schedule are passed through a separate entity prior to receipt by the Council.

Sub-recipients

The Council does not pass through to any sub-recipients.

**WASATCH FRONT REGIONAL COUNCIL
SUMMARY OF AUDITORS' RESULTS
FOR THE YEAR ENDED JUNE 30, 2022**

SUMMARY OF AUDITORS' RESULTS

1. The auditors' report expresses an unqualified opinion on the financial statements.
2. No significant deficiencies relating to the audit of the financial statements are reported.
3. No instances of noncompliance material to the financial statements of Wasatch Front Regional Council were disclosed by the audit.
4. No significant deficiencies relating to the audit of the major federal award programs are reported in the accompanying schedule.
5. The auditors' report on compliance for the major federal award program of Wasatch Front Regional Council expresses an unqualified opinion.
6. There are no audit findings relating to the federal award programs that are required to be reported.
7. The programs tested as a major program was Federal Highway Administration, CFDA Number 20.205 and Economic Development Administration 11.307.
8. The threshold used for distinguishing Types A and B programs was \$750,000.
9. Wasatch Front Regional Council was determined to be a low-risk auditee as defined by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards.
