

RGC Ogden-Layton TAC
Regional Growth Committee | Technical Advisory Committee
September 16, 2020

Via Zoom

2:00 PM – 3:00 PM

Meeting Summary

AGENDA ITEM	DISCUSSION	ACTION
<p>Welcome and Introductions – Spencer Brimley, Clearfield City Community Development Director</p>	<p>Spencer Brimley, Community Development Director at Clearfield City introduced the meeting and welcomed the attendees. RGC TAC was held via Zoom.</p>	<p>None Required</p>
<p>1. Meeting Summary – July 15, 2020 Minutes</p>	<p>Spencer Brimley, Community Development Director at Clearfield City, called for a motion to approve the July 15, 2020 minutes.</p>	<p>Approved</p>
<p>2. Wasatch Choice Implementation Workshops – Ted Knowlton, WFRC Deputy Director</p>	<p>Ted Knowlton, WFRC Deputy Director, discussed the Wasatch Choice fall implementation workshops. Some of the details were sent on the email packet included in this meeting. These workshops are an opportunity to meet with key staff, city managers, lead planners, city council, planning commission, and mayor from 3-5 of the surrounding communities at the same time, and talk about growth issues. Ted shared the format of the workshop which is intended to focus on implementation. Ted mentioned that we collectively have a regional transportation plan that dovetails with what communities want to accomplish at the local level.</p> <p>Please contact Ted Knowlton at ted@wfr.org or 801-425-3534 for additional information.</p>	<p>None Required</p>
<p>3. Implementation – Open Space Existing and Future Needs – Nicole Proulx, WFRC GIS Analyst</p>	<p>Nicole Proulx, WFRC GIS Analyst, provided an update to the new open space data that the WFRC Analytics team has been refining for the region. They reviewed park space data and added new parks to the maps. Golf courses were removed from the analysis as many of these required payment for use. The WFRC Analytics team is also building a new pedestrian network that looks at accessibility to parks and how many percentage of households have access to parks.</p> <p>Link to the WFRC parks and trails analysis can be found below: https://wfr.org/maps/arcgis.com/apps/MapSeries/index.html?appid=3132c740d147403d8257ad277dc000dc</p> <p>Please contact Nicole Proulx at nicole@wfr.org for additional information.</p>	<p>None Required</p>

<p>4. CDC Active Communities Tool - Brett McIff, Physical Activity Coordinator at Utah Department of Health</p>	<p>Brett McIff, Physical Activity Coordinator at Utah Department of Health, provided an overview of the CDC's new Active Communities Tool (ACT). This tool is a community guide and is meant to aid community service practice. The CDC ACT tool is an action planning guide with assessment modules focusing towards improving communities and their built environments to promote physical activity. There are a total of six modules and are available for use for free anytime. Brett encourages everyone to share this tool with staff and community members which may be interested.</p> <p>Link to the CDC's new Active Communities Tools can be found below: https://www.cdc.gov/physicalactivity/community-strategies/active-communities-tool/index.html</p> <p>Please Contact Brett McIff at bmciff@utah.gov for additional information.</p>	<p>None Required</p>
<p>5. RTP Amendments for Active Transportation Projects - Hugh Van Wagenen, WFRC Active Transportation Planner</p>	<p>Hugh Van Wagenen, WFRC Active Transportation planner walked through the 2019-2050 RTP amendments for active transportation projects. With these active transportation amendments, these are Level 2 updates which will go to the Regional Growth Committee in October. The amendments consist of the following, which includes areas from both urbanized regions.</p> <ol style="list-style-type: none"> 1. North Salt Lake City - Approximately \$70 million for 21 projects that fall into all three phases. Updates existing bike facilities, intersection improvements. 2. Salt Lake City - \$122 million for 57 projects, identifying needs and costs. Updates to existing facilities. They did additional outreach and coordination with UDOT on these projects to fill in a lot of gaps. 3. South Jordan City - Finished an active transportation plan with West Jordan City. The amendment would be for \$5.7 million to add 3 projects into RTP. <p>A motion to recommend that RGC amend the RTP to include the three requests from the City of North Salt Lake, Salt Lake City, and South Jordan City was made by Jim Harvey, Weber County Commissioner, seconded by Dave Peterson, Farmington City. The motion was approved unanimously.</p> <p>Please Contact Hugh Van Wagenen at hugh@wfr.org for additional information.</p>	<p>Approved</p>
<p>6. WFRC Funding Programs Overview - Scott Hess, WFRC Economic Development Director</p>	<p>Scott Hess, WFRC Economic Development Director, went over the 6 programs run by WFRC. WFRC administers \$40 million every year. STP, CMAQ, TAP are the Federal Programs. STP funds are apportioned every year and consist of constructing new roads, transit improvements, widening. WFRC also administers TLC funds, in which the letters of intent are automatically included for UDOT's Technical Planning Assistance program funds. There are additional funds provided through the Economic Development District program and the Community Development Block Grant.</p>	<p>None Required</p>

	Please contact Scott Hess at shess@wfrfc.org or 801-643-3337 for additional information.	
7. Measuring Local Community Development (Discussion Item)- Spencer Brimley, Clearfield City Community Development Director	Spencer Brimley, Clearfield City Community Development Director, led a discussion on how cities can measure local community development and what types of analytical tools would be most helpful. He asked the group what people wished they could understand more about the communities they work in and how we can include that in our datasets. Some items brought up by the group included having a better understanding of the cost to deliver water and water districts being a focus area. Another focal point was having a clear understanding of the agricultural uses in the region, which would be especially beneficial for communities in the northwest portion of Weber County that might want to preserve these types of uses in the future. Please contact Spencer Brimey at Spencer.Brimley@clearfieldcity.org for additional information.	None Required
8. UTA COVID-19 Recovery Portal - Alex Beim, UTA Transportation Planner	Alex Beim, Transportation Planner at the Utah Transit Authority provided an update to UTA's recent route changes and the COVID-19 recovery process. An internal task force is looking at UTA's recovery from COVID-19. There is an online COVID-19 Recovery Portal. Alex also provided an update on the ridership levels throughout the region and stated that there were no surprising changes in ridership. Frontrunner is still down the most and fixed bus routes are down the least. As UTA continues to study travel patterns, they have seen where many routes had strong peaks in the morning and evening now see ridership spread consistently throughout the day. Overall UTA ridership is steadily going up, especially with requirements of masks on buses and extra cleanings. COVID-19 Web Portal is available at the following link: https://www.rideuta.com/Rider-Info/Change-Day-August-2020 Please contact Alex Beim at abeim@rideuta.com for additional information.	None Required
9. Other Business and Call for Agenda Items	Next meeting will be December 16, 2020. Please contact Jory Johner at jjohner@wfrfc.org for additional information.	None Required

NAME	REPRESENTING
Paul Larson	Brigham City
Spencer Brimley	Clearfield City
Brad McIlrath	Clearfield City
Jeff Oyler	Davis County
