Chairman Jason Monroe was excused. Steve Parkinson conducted the meeting.

1. Action Item – July 29th Meeting Minutes Steve Parkinson

Motion – Chad Boshell, Second – Paul Ottoson APPROVED

2. Transportation Improvement Program (TIP) Business Ben Wuthrich

- **Review – List of “Letters of Intent” Received**

Ben shared a list of letters of intent for projects seeking support from the various funding programs. Committee members are encouraged to review the list to verify that their project has been recognized.

- **Information – Schedule for the 2022-2027 TIP Process**

Concept reports for submitted projects are due by the middle of December. Ben reviewed the remainder of the TIP schedule for 2021.

3. Information Item – UTA TDM Annual Report Michael Goldman

The goal of Utah Transit Authority (UTA) Rideshare is to reduce single-occupant vehicle travel. Rideshare programs include carpools, vanpools, Ride-Van-Plus, telework promotion, and alternate work schedule promotion.

In 2019 Rideshare programs reduced vehicle miles traveled (VMT) by 7.5 million miles and emissions by 3,200 tons.

The 2020 coronavirus has had a significant impact on vanpool participation due to more people working from home, apprehension about riding in close proximity to others, and employer health restrictions about multiple occupant vehicles. The number of vanpools dropped from 427 in January to 271 in May, then recovered somewhat to 328 in August.

4. Information Item – ATMS Annual Report Tyler Laing

Advanced Traffic Management Systems (ATMS) and Intelligent Transportation Systems (ITS) will now be known collectively as ITS.

During the coronavirus impacts freeway traffic was 63% of 2019 volumes in March but had rebounded to 93% by October. Arterial traffic is at 90% of 2019 traffic. Peak traffic

at this reduced volume is nearly at free flow conditions, so ramp meters have been turned off in many locations.

Metro area fiber projects have been advanced with CMAQ funds programmed for ITS improvements.

5. *City Project Report/ Information – Washington Terrace* **Jake Meibos**

Washington Terrace is restoring a 30 year old, one million gallon water tank to provide water pressure for fire protection. The project is funded largely by CDBG funds. The tank will be in service in 2021.

6. *Information Item – Significance of ATO and Regional Data* **Bert Granberg**

For planning purposes, WFRC measures Access to Opportunities in terms of ease of accessibility which is a combination of mobility (speed) and proximity (distance). Bert illustrated this mapping data with the Layton Midtown Crossing project. Access to key destinations such as grocery stores, shopping, and services can also be analyzed and mapped.
