RAISE replaces TIGER and BUILD and is expanded to \$1.5B per year for safety, climate, and equity. Due date is April 14 and requires a 20% match.

INFRA is for regional highway and rail projects and has \$1.6B per year available.

Safe Streets and Roads for All is exclusively for local governments to improve ped and bike safety.

- o **March Meeting Discussion**

The next meeting will be March 30, 2022. At this critical meeting, TAC members will recommend to Trans Com which projects should be funded in the TIP. There was a discussion about whether the meeting should be virtual or in-person.

Consensus was for a hybrid meeting which will include an in-person meeting at the WFRC Offices where there are facilities to accommodate a virtual meeting at the same time as the in-person meeting.
