|------------------------|--|-------------------------|
| <b>1.</b>              | <p><b>Meeting Minutes</b><br/>Dan Johnson conducted the meeting in place of David Murphy who was excused. Meeting minutes for March 29, 2017 were approved.</p>  | <b>Approved</b>         |
| <b>2.</b>              | <p><b>Central Corridor Study – Ted Knowlton, WFRC</b><br/>The I-15 corridor is the economic spine of Utah and the region. It will be very costly, if possible at all, to widen I-15 further. Study takes a mode neutral approach. The study defines desired outcomes (similar to the 10 Wasatch Choice 2050 Goals).</p> <ul style="list-style-type: none"> <li>• Can we double transit passengers? How?</li> <li>• Can we accommodate more non-motorized trips? How many?</li> </ul> <p>Scenarios 1, 2, 3 were considered including strategies such as:</p> <ul style="list-style-type: none"> <li>• VMT tax or a variable toll</li> <li>• No-fare transit</li> <li>• Longer TRAX trains, requires extended platforms</li> <li>• Double deck I-15</li> <li>• Reversible lanes</li> <li>• Managed motorways</li> <li>• Hybrid solution (combination of best solutions)</li> </ul> | <b>Information Only</b> |
| <b>3.</b>              | <p><b>TIP Business</b><br/><b>Review Draft TIP / Schedule for 2018-2023 TIP – Ben Wuthrich, WFRC</b><br/>Trans Com reviewed project recommendations from TAC. Ben shared a spreadsheet detailing TIP project status by funding source: STP, CMAQ, TAP. New project funding or additional funding was highlighted in each program. Public comment period will be held during month of July. Committee members are encouraged to review TIP and submit comments as desired.</p>  | <b>Information Only</b> |
| <b>4.</b>              | <p><b>RTP Amendment #4– Kip Billings, WFRC</b><br/>Amendment #4 includes 18 projects with an estimated \$150M cost including two interchanges on Bangerter Highway estimated at \$87M which changes the functional class of portions of Bangerter Highway from arterial to freeway. The emissions analysis is contained in Air Quality Memo #36 which finds that the Amended RTP conforms to State and Federal air quality requirements. Following an internal review, Air Quality Memo #36 will be posted on the WFRC website for public review and comment.</p>  | <b>Information Only</b> |
| <b>5.</b>              | <p><b>UDOT Region 2 Report – Troy Peterson, UDOT</b><br/>TIF funds are used to address capacity increasing projects. Most projects for 2017 are design/build. In addition to the I-15 SB; 12300 South to SR-201 project being moved up, New Projects being added to the TIF program include:</p> <ul style="list-style-type: none"> <li>• I-15 NB braided ramps/frontage road (9000 South – I-215)</li> <li>• Porter Rockwell (Bridge)</li> <li>• Several Bangerter Hwy interchanges (6200 So, 10400 So, 12600 So)</li> <li>• Midvalley Highway (SR-138 – I-80)</li> <li>• I-80/I-215 interchange @ Foothill Study</li> </ul>  | <b>Information Only</b> |

|    |  |                         |
|----|--|-------------------------|
| 6. | <p><b>Sandy City 1300 E/Buttercup Ped Bridge – Blaine Botkin, Sandy City</b><br/> Initially there was some public objection to the changes. After fixing some signal timing issues, the public now favors the improved travel time on 1300 East and the safe route to school for children. The project used a prefabricated box truss structure. There were numerous utility issues. Choice was to use weathering steel (low maintenance), and to include lights on the structure (motion activated) for safety and visibility. Added a roof for safety and lower maintenance cost. “Buy America” provisions were satisfied.</p> | <b>Information Only</b> |
| 7. | <b>Other</b> - Thanks to Sandy City for today’s refreshments.  | <b>Information</b>      |
| 8. | <b>Next Meeting</b> - The next meeting will be July 26, 2017 at 2:00 PM at the West Valley City Cultural Center. Refreshments will be courtesy of South Jordan.  | <b>Information</b>      |
