

**The Salt Lake/West Valley Area Technical Advisory Committee**

**Wednesday, May 26, 2021, at 10:00 AM**

**Video Meeting**

MEETING MINUTES

**1. Action Item – March 31st Meeting Minutes.....Becka Roof**

Motion – Brittney Ward

Second – Trace Robinson

APPROVED

**2. Transportation Improvement Program (TIP) Business ..... Wayne Bennion**

**• Information Item – New Projects for the Draft 2022-2027 TIP for Public Review**

Transcom reviewed TAC project recommendations. Recommendations are based on field reviews and project evaluations. Funding requests far exceeded available funds. In the Salt Lake area, 14 STP projects were recommended, 4 CMAQ projects, and 4 TAP projects.

**• Information Item – Review Schedule for the 2022-2027 TIP Process**

June 17 Transcom meeting will recommend a public comment period for proposed projects. Comment period will begin June 26 and end July 31. WFRC Council meeting will meet August 26 to review public comments and consider final approval of the TIP.

**3. UDOT Region Two’s Workshop Report.....Brad Palmer**

Review of upcoming UDOT projects in Region 2.

Major TIF projects under construction for 2021 include:

- I-15 southend
- Mountain View Corridor (open June 17)
- Porter Rockwell Bridge – finish 2022
- 5600 West - grade separation
- Bangerter Highway – completed by 2021
- I-80/I-215 – completed by 2022

Legislature funding was made available for a number of new projects starting next year and later including grade separation for all interchanges on Bangerter Highway except the 2700 West interchange which will pursue other funding in the future. In addition there will be numerous safety, maintenance and repaving projects throughout Salt Lake County in 2021 and 2022. Brad will make the list of projects available to the members of the TAC. Some projects may be combined for better project management.

**4. Cottonwood Heights Project Report.....Adam Ginsberg**

Presentation about a round-a-bout project to replace offset intersections near Brighton High School. Final design was a “tilted egg” shaped round-a-bout that reduces delay and emissions and is safer for traffic operations.

Proposed development in the former gravel pit location on Wasatch Blvd. This project includes hotels, condominiums, and office space. Fault zone and slope stability are among the geotechnical challenges for this development.

**5. Other Business ..... Becka Roof**

Next Meeting of Trans Com TAC – July 28, 2021

Participants (47)
