Meeting Minutes

This email is a follow-up to yesterday's Salt Lake/ West Valley Area Technical Advisory Committee (TAC) for Trans Com meeting. Thank you to everyone who was able to attend and add to the great discussion. A special thank you to Britney Ward, for chairing the meeting, and Miranda Jones Cox, Hugh Van Wagenen, and Shane Marshall for their informative and enlightening presentations. I've attached them below for your convenience along with the updated/revised Concept Reports.

1. **Action Item** – October 19th Meeting Minutes – Britney Ward

Motion – Coby Wilson, West Valley City

Second – Chris Norlem, Salt Lake City

APPROVED

2. **Information** – 2023 Legislative Heads-up - Miranda Jones Cox

The 45-day legislative session began yesterday. During the first few weeks, legislators typically address budgets and appropriations. WFRC has a bill tracker for transportation-related legislation (see below). Big issues are water, education, housing, and taxes.

Funding for a Utah statewide trail network has been proposed. Additional funding for transit solutions for the Point of the Mountain is also being considered, along with double track for Front Runner operations. A one-year free fare transit test case is also being proposed. An effort to pay down highway transportation capacity project debt has been introduced.

See the WFRC [WFRC 2023 Bill Tracker](https://wfrc.org/billtracker/) (<https://wfrc.org/billtracker/>).

Proposed Utah Trail Network - if you would like to show your support for this effort to the legislature, please sign [this joint letter](#).

3. I-15 EIS Update – Shane Marshall

Here is the link for the [I-15 Environmental Impact Statement](https://i15eis.udot.utah.gov/) (<https://i15eis.udot.utah.gov/>) or contact the Study Team at 385-220-5797.

This I-15 project is identified as a need in the WFRC Regional Transportation Plan in addition to transit and other transportation improvements that are identified. Walking audits of I-15 crossings identified needed improvements for safely traversing I-15.

4. Transportation Improvement Program (TIP) Business - Ben Wuthrich
- o **Review** – List of “Project Evaluation Concept Reports” Received

There are now four funding programs: CMAQ, STP, TAP, and the new Carbon Reduction Program (CRP).
