The Wasatch Choice Vision shows major land use areas anticipated in the year 2050, together with the transportation system needed to ensure our region's continued economic vitality and quality of life. Details for future transportation projects, including timing and financial constraints, can be found in Utah’s Unified Transportation Plan (unifiedplan.org). Local governments will develop land use details within their general plans.

This map was created with GIS data from Wasatch Front Regional Council, Mountainland Association of Governments, and Utah Geospatial Resource Center. For more information, email analytics@wfrc.org.

Date of last update: September 8, 2021

Implementing the Wasatch Choice Vision promotes high quality of life now and for generations to come.

Benefits of the Vision
- Livable and healthy communities
- Access to economic and educational opportunities
- Manageable and reliable traffic conditions
- Quality transportation choices
- Safe, user-friendly streets
- Clean air
- Housing choices and affordable living expenses
- Fiscally responsible communities and infrastructure
- Sustainable environment
- Ample open space and recreational opportunities

Regional Land Uses
A thriving region requires great places, from a bustling metropolitan center to quiet open spaces.

Transportation Modes
As our region continues to grow, we need choices for how to move around.

Partners of the Vision
The Wasatch Choice Vision was built on community values and public input, shaping the desired future for the region. The following organizations facilitated this process:
- Wasatch Front Regional Council
- Mountainland Association of Governments
- Chambers of Commerce
- Envision Utah
- Kem C. Gardner Policy Institute
- Metropolitan Research Center at The University of Utah
- Utah Association of Counties
- Utah Department of Transportation
- Utah League of Cities and Towns
- Utah Transit Authority
